psychic phenomena The book highlights Shakespeare's insights showing how these relate to and even amplify the conclusions of later and on going research In our time of disconnectedness from nature the book discusses neglected human experiences which represent an important part of life and which do in fact occur to most of us In doing so the book raises awareness against the emptiness of a zombie like existence in today's society and offers a new approach to life and death and their deeper meaning **Dark Visions** John Robert Colombo,1992-04-01 Personal Accounts of the Mysterious in Canada
