Peter J. Dowling,2007 **International Human Resource Management** P. L. sufficient understanding of the cultural contexts from which many of the approaches are derived and to provide background on the appropriateness of different aspects of managing people in international organisations A detailed treatment to empirical researches on cross cultural issues and cross cultural comparative management issues arising out of cross border mergers and acquisitions as well as human resource issues emerging out of global acquisitions of Arcelor and Corus by Indian companies and companies of Indian origin are also treated in the text
