For colored girls who have considered suicide/When the rainbow is enuf Ntozake Shange, 2010-11-02 Ntozake Shange's classic award winning play encompassing the wide ranging experiences of Black women now with introductions by two time National Book Award winner Jesmyn Ward and Broadway director Camille A Brown From its inception in California in 1974 to its Broadway revival in 2022 the Obie Award winning for colored girls who have considered suicide when the rainbow is enuf has excited inspired and transformed audiences all over the country for nearly fifty years Passionate and fearless Shange's words reveal what it meant to be a woman of color in the 20th century First published in 1975 when it was praised by The New Yorker for encompassing every feeling and experience a woman has ever had for colored girls who have considered suicide when the rainbow is enuf will be read and performed for generations to come Now with new introductions by Jesmyn Ward and Broadway director Camille A Brown and one poem not included in the original here is the complete text of a groundbreaking dramatic prose poem that resonates with unusual beauty in its fierce message to the world Spacelab Payloads Michael E. Haddad, David J. Shayler, 2022-01-22 Spacelab was a reusable laboratory facility that was flown on the Space Shuttle from 1983 to 1998 Completing 22 major missions and contributing to many other NASA goals Spacelab stands as one of the Shuttle program's most resounding successes The system comprised multiple components including a pressurized laboratory module unpressurized carrier pallets and other related hardware all housed in the Shuttle's Payload Bay and crew compartment But how did all those varied components actually come together The answer is the little known Level IV a team of managers and engineers who molded separate elements of hardware into cohesive and safe payloads Without the dedication and drive of the Level IV team the huge successes of the Spacelab missions would not have been achieved This is their story You will learn herein how Level IV was formed who was involved and the accomplishments setbacks and problems faced along the way in a story that blends both the professional and personal sides of Level IV operations and its legacy Upon reading this book you will gain a new appreciation for this crucial team and understand what is meant when you hear the term Level IV SEX, DRUGS, ROCK and WAR: The Boomer Generation Daniel Muller, 2023-05-10 We have all heard the nicknames for the current generations in the news Besides the Silent Generation aka The Greatest Generation born before 1946 there are Baby Boomers Generation X Generation Y also known as the Millennials and Generation Z In the past few years there has been an increasing amount of coverage and discussion about the growing frustration between these generations Some call it a generational war Much of the debate has to do with the Boomer generation with younger generations claiming various failures of this generation to provide a world or country that is sustainable and affordable TV shows podcasts newspaper and magazine articles movies and social media have increasingly begun analysis and discussion about this war It is a hot topic and unfortunately becoming more emotional Most of the analysis and coverage has to do with emerging information about each generation such as wealth accumulation party

affiliation changing opinions habits values and relationships Facts and surveys abound discussing all of these aspects of the generations and more But we all innately understand that generalizations and summaries about the generations can be dangerous and can only tell a part of the story What is the answer to this generational conflict that is beginning to stress friendships acquaintances and even families How can we diffuse the emotion and get to positive solutions that will help heal the divide Daniel Muller attempts to understand this growing generational conflict at a more micro level namely by documenting and sharing the individual life stories of a somewhat random collection of everyday Baby Boomers Besides their life stories he relates their opinions about a series of hot topics today all in an attempt to better understand what linkages may exist between their environment families early and mid life years and how they think and behave today SEX DRUGS ROCK and WAR The Boomer Generation is an enjoyable collection of very diverse life stories In addition Muller shares a fascinating analysis of Boomer values and opinions and hypothesizes about the underlying potential causes of the growing conflict between generations Finally he shares his suggestions to calm the generational wars Wings in the Storm Sandra Grace,2021-03-16 Not so long ago Sandra knew the path her life would take Housewife Mother A noble calling yet predictable ordinary Then out of nowhere came a strange proposal Abruptly her course was altered a new town another life far from home As she struggled to hold to her end of the agreement she didn't see that all she loved was slowly crumbling Wings in the Storm is the true story of mistakes realized too late of everything lost of the fight to get it back and of rebuilding a life far different from before It delves deep into frailties and vulnerabilities yet it's peppered with touching moments valued friendships and humorous stories Throughout its pages is the unmistakable thread of God's guiding hand His care and His comfort Nova.
