No Nation Is An Island:

No Country is an Island Hilary Charlesworth, 2006 International law does not seem immediately relevant to domestic Australian politics and law let alone to our everyday lives Yet international law has a growing significance for trade human rights crime terrorism and climate change Australian authors *A Daughter of No Nation* A. M. Dellamonica, 2015-12-01 As soon as Sophie Hansa returned to our world she is anxious to once again go back to Stormwrack Unable to discuss the wondrous sights she has seen and unable to tell anyone what happened to her in her time away Sophie is in a holding pattern focused entirely on her eventual chance to return With the sudden arrival of Garland Parrish Sophie is once again gone This time she has been called back to Stormwrack in order to spend time with her father a Duelist Adjudicator who is an unrivaled combatant and fearsome negotiator But is he driven by his commitment to seeing justice prevail or is he a sociopath Soon she discovers something repellent about him that makes her reject him and everything he is offering Adrift again she discovers that her time spent with her father is not without advantages however for Sophie has discovered there is nothing to stop her from setting up a forensic institute in Stormwrack investigating cases that have been bogged down in the courts sometimes for years Her fresh look into a long standing case between two of the islands turns up new information that could get her and her friends pulled into something bold and daring which changes the entire way she approaches this strange new world

No Land an Island Dr. Carolyn LaDelle Bennett, 2012-06-26 From internationalist and nonpartisan progressive author of *Same Ole or Something New* and *BREAKDOWN* comes another thought provoking work *NO LAND AN ISLAND NO PEOPLE APART* challenging readers to face the callously immoral lawless relentlessly regressive model in U S foreign relations and embrace an authentic progressivism This book is unconcerned with political figures per se or their parties Bennett says but rather with a malignant system maintained by a parade of tentacled regimes whose official elected base of operation begins in the capital of the United States a system that is seemingly endorsed by the people of the United States The author maintains that the United States has created and entrenched a narrow worldview espousing an attitude that all land and peoples belong to America to use and abuse to pillage and plunder In this work Dr Carolyn LaDelle Bennett takes a second look at U S relations with Afghanistan and Pakistan Iran and Iraq Bahrain and Yemen Libya and Somalia and sees a continuing *BREAKDOWN* that worsens in act and consequence She then presents her own ideas and worldview and a challenge to embrace a nonviolent transformative inclusive progressivism imbued with a sense of global society a sensibility that inspires constructive continuous forward movement Bold and daring *NO LAND AN ISLAND NO PEOPLE APART* is an educator's guide a philosopher's critique a news writer's eye an internationalist's sensibility chronicling U S foreign relations violence and the human costs East Africa crossing the Red Sea and Gulf of Aden into Persia the Middle East South Central Asia *An Historical Relation of the Island Ceylon, in the East-Indies* Robert Knox, 1681 Robert Knox was travelling with his father in 1659 on the latter's journey homeward from his post with the British East India Company at Fort St George when a

storm obliged their ship to put into Cottier Bay Ceylon The two were detained as prisoners along with 14 others and carried into the interior of the island Knox s father died in 1661 but Knox himself remained a prisoner at large for over 19 years supporting himself by knitting caps lending out corn and rice and hawking goods about the country Though the rajah pressed him to enter his service Knox resisted and finally escaped to the Dutch settlement at Arippe on the north west of the island Reaching England in 1680 he entrusted the manuscript of this account to Robert Hooke and enlisted in the East India Company for further adventures in an already adventuresome life These engravings include depictions of agricultural techniques two native primates customs and costumes and an execution being carried out by an elephant **No Christian**

Disapprove Construction Projects on the Island of Diego Garcia, Hearing Before ... ,94-1, June 10, 1975 United States,1975 *An Account of Corsica, the Journal of a Tour to That Island; and Memoirs of Pascal Paoli* James Boswell,2006-01-12 This first complete reprint of Boswell s book on Corsica since the eighteenth century is enhanced by comprehensive annotation textual apparatus and a critical introduction Boswell designed his text in two parts first an Account of Corsica which gives a historical political socio economic and cultural overview of the Corsican people and second the Journal of his tour to see the Corsican leader Pascal Paoli in 1765 This edition unlike so many reprints of just the Journal allows the reader to appreciate Boswell s original design The young and adventuresome Boswell wanted to write a book that would swing public opinion and perhaps the British government to support the Corsicans in their struggle for independence He was well aware that his English readers had but the haziest ideas about Corsica gleaned from but snatches of news in the papers The first part would therefore provide the context within which to understand and appreciate his account of his journey to and meeting with Paoli The complete text also illustrates aspects of Boswell that have received less attention than they might namely his sense of history his political enthusiasm for national liberty and his scholarship He brings to the book a solid foundation in the Classics and the law a facility in French and Italian and a sensitivity to writing that as the notes show is evident in the reworking of his manuscript The editors introduction and the extensive annotation point up Boswell the scholar assiduous sedulous to get at the relevant sources careful to do justice to those he disagreed with and open about seeking and acknowledging advice The text reveals Boswell as a serious and independent thinker and a writer committed to Corsica s independence What he argued for and presumed was about to be achieved is still a matter of debate in Corsica and metropolitan France *The Age of Bronze. Inventing 'Easter Island' Beverley Haun, 2008-01-01 Easter Island or Rapa Nui as it is known to its inhabitants is located in the Pacific Ocean 3600 kilometres west of South America Annexed by Chile in 1888 the island has been a source of fascination for the world beyond the island since the first visit by Europeans in 1722 due to its intriguing statues and complex history Inventing Easter Island examines narrative strategies and visual conventions in the discursive construction of Easter Island as distinct from the native conception of Rapa Nui It looks at the geographic imaginary that pervaded the eighteenth century a period of overwhelming imperial expansion Beverley Haun begins with a discussion of forces that shaped the European version of island culture and goes on to consider the representation of that culture in the form of explorer texts and illustrations as well as more recent texts and images in comic books and kitsch from off the island Throughout Easter Island is used as a case study of the impact of imperialism on the view of a culture from outside The study hinges on three key points an inquiry into the formation of Easter Island as a subject an examination of how the constructed space and culture have been shaped reshaped and represented in discursive spaces and a discussion of cultural memory and how the constraints of foreign texts and images have shaped thought and action about Easter Island Richly illustrated and unique in its findings Inventing Easter Island will appeal to cultural theorists anthropologists educators and anyone interested in the history of the South Pacific

Small Island States & International Law Carolin König, 2022-12-30 What happens under international law if a state perishes due to rising sea levels without a successor state being created Will the state cease to exist What would this mean for its population Have international law and globalization progressed enough to protect the people thus affected or does international law still depend on the territorial state when it comes to protecting entire populations Exploring these issues this book provides answers to these pressing questions Focusing on small island states as actors in the international community it evaluates the challenges that the state as a

subject of international law faces in general from globalization and humanization and what this means for small island states threatened by rising seas Highlighting the experience of the indigenous peoples of small island states as collectives and to the individuals living in these states the book addresses fundamental questions of general state theory and international law drawing on an extensive body of source material As rising sea levels present an increasingly pressing threat to small island states this book highlights the importance of international protection of the individual and the capacity of international organizations to act within existing international law It identifies pressing problems where immediate action is required and argues that in future the responsibility for protecting individuals could shift to the international community if a sinking island state can no longer protect its population on its own
