Hinz, Jim Howard, 2006-04-30 No detailed description available for Landfalls of Paradise **Historical Dictionary of Polynesia** Robert D. Craig, 2011 The term Polynesia refers to a cultural and geographical area in the Pacific Ocean bound by what is commonly referred to as the Polynesian Triangle which consists of Hawai i in the north New Zealand in the southwest and Easter Island in the southeast Thousands of islands are scattered throughout this area most of which are currently included in one of the modern island states of American Samoa Cook Islands French Polynesia Hawai i New Zealand Samoa Tonga Tokelau Tuvalu and Wallis and Futuna The third edition of the Historical Dictionary of Polynesia greatly expands on the previous editions through a chronology an introductory essay an expansive bibliography and over 400 cross referenced dictionary entries on significant persons events places organizations and other aspects of Polynesian history from the earliest times to the present Appendixes of the major islands and atolls within Polynesia the rulers and administrators of the 13 major island states and basic demographic information of those states are also included Devil Boats C.J. Skamarakas, 2023-03-01 PT boats loom large in the popular imagination of World War II In March 1942 a PT boat evacuated Gen Douglas MacArthur his family and top staff from the Philippines which inspired the war movie They Were Expendable directed by John Ford and starring John Wayne John F Kennedy became a war hero while commanding PT 109 which collided with a Japanese destroyer and was sunk in August 1943 But the story of PT boats has never been told in the depth and detail that their exemplary service deserves

Naval historian C J Skamarakas uses one Pacific PT boat squadron to tell the story of PT boats in action in World War II Eighty feet long PT boats were designed to launch torpedoes against enemy ships five and ten times their own size But defects in the torpedoes and the boats speed and maneuverability ultimately shifted the boats mission to patrolling and breaking up Japanese shipping and reinforcements In the waters of the Southwest Pacific as part of MacArthur s offensives in New Guinea and the Philippines Motor Torpedo Boat Squadron 25 completed these missions and also executed other operations for which they weren t specifically trained including inserting commandos behind enemy lines air sea rescue raids on enemy positions reconnaissance of potential sites for amphibious landings coordination of air strikes in support of ground forces meetings with guerrilla leaders recovery of prisoners of war diversionary activities and psychological operations Today we would call many of their missions special ops The Japanese called PT boats mosquitoes and devil boats The Devil Boats recounts the unique contributions of one motor torpedo boat squadron and through it tells the story of PT boats in the Pacific War With drama and excitement as well as careful attention to detail the book fills a void in the history of the U S Navy in World War II

Pain and Purpose in the Pacific Richard Carl Bright,2014-01-24 What follows here just a brief insight into Pain and Purpose in the Pacific This book did not begin with the idea of a chronology of the battles of the Pacific War although an overview is included But instead it was intended to be a brief account of the battles on Saipan Tinian and Okinawa as I retrace the travels of one Marine from the farmland of Minnesota to Japan and back Carl J Johnson spent 30 months in the Pacific Four of those months were in bitter combat on the islands of Saipan Tinian and Okinawa He is my uncle I have been blessed to travel also Belau which is Palau and includes Peleliu Included too in this book are Iwo Jima Corregidor and the Philippines In my travels beyond Hawaii and Pearl Harbor which was my introduction into the Pacific were Yap and Truk which is Chuuk and Pohnpei in the Carolines And Ive spent time in Japan During my time in the Pacific I have been presented with the opportunity to speak with several of the veterans of the Pacific War Doing so has in some cases allowed me in some small way to understand a sense of the hell they had to suffer through Included in this report are a few of their stories as well as stories from some of the people of the islands who in one way or another were involved in the conflict It is with a depth of gratitude that I acknowledge the Military Historical Tours of Alexandria Virginia for allowing me to be a part of their tours to the islands of Iwo Jima and Okinawa as well as Guam Tinian and Saipan I appreciate this organization

dedicated to preserving the memories of the war and to the honoring of the military personnel who were there at the time While living on either Guam or Saipan I also was able to visit on my own most of the islands mentioned on this page But it was the Military Historical Tours and its President USMC Colonel Warren Wiedhahn mht miltours com that made it possible for me to visit Iwo Jima They allowed me to join them once a year for 4 consecutive years I have since returned a 5th time in March of 2010 It was through this great organization that over a 7 year period while living on both Guam and Saipan in the Marianas Islands I was able to meet most of the WWII veterans mentioned here and these aging veterans of the War in the Pacific whom I have met have touched my heart In addition to my uncle this book is for them too **Culture and Waste**

Gay Hawkins, Stephen Muecke, 2003 Waste is a key category for understanding cultural value It is not just the bad stuff we dispose of it is material we constantly struggle to redeem Cultures seem to spend as much energy reclassifying negativity as they do on establishing the negative itself The huge tertiary sector devoted to waste management converts garbage into money while ecological movements continue to stress human values and the natural But the problems waste poses are never simply economic or environmental The international contributors to this collection ask us to pause and consider the complex ways in which value is created and destroyed Their diverse approaches of ethics philosophy cultural studies and politics are at the forefront of a new field of ecohumanities

Forgotten Raiders of '42 Tripp Wiles, 2007 On October 16 1942 on Kwajalein Atoll at the fringe of the Japanese Empire members of the Imperial Japanese Navy's 6th Base Unit ceremonially beheaded nine Marines from the 2nd Raider Battalion The captives held no hopes for pardon or for rescue as they walked blindfolded one by one to the spot of execution which also became their burial site The Marine Corps and their families already thought they were dead the men knew Forgotten Raiders of 42 is the account of how these volunteer patriots unbeknownst to their command were inadvertently left behind after the Marines raid on Makin Island in August 1942 The raid which was a morale boost for the Navy Department and the American public was hailed at home as a great success even as the condemned Raiders knelt to await their fate The heroism of the Raiders under the command of Lt Col Evans F Carlson who later received the Navy Cross has been well documented by the press in books and in Hollywood In a country craving good news and heroes Carlson and the Navy delivered The details of the raid's shaky beginning and tragic end however would not be known until many years later After a summary of the dramatic raid Tripp Wiles focuses on the Raiders withdrawal from Makin and on Carlson's decisions that directly affected the men who were left behind Wiles also examines the actions inactions and conditions that led to their unintentional abandonment Finally he reviews the Navy's private reactions and using new documents and interviews the Raiders fate bringing a measure of closure to the disappearance and execution of the forgotten Raiders
