Roosevelt's Secret War Joseph E. Persico, 2002-10-22 Despite all that has already been written on Franklin Delano Roosevelt Joseph Persico has uncovered a hitherto overlooked dimension of FDR's wartime leadership his involvement in intelligence and espionage operations Roosevelt's Secret War is crowded with remarkable revelations FDR wanted to bomb Tokyo before Pearl Harbor A defector from Hitler's inner circle reported directly to the Oval Office Roosevelt knew before any other world leader of Hitler's plan to invade Russia Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers lives in order to protect Ultra the British codebreaking secret An unwitting Japanese diplomat provided the President with a direct pipeline into Hitler's councils Roosevelt's Secret War also describes how much FDR had been told before the Holocaust about the coming fate of Europe's Jews And Persico also provides a definitive answer to the perennial question Did FDR know in advance about the attack on Pearl Harbor By temperament and character no American president was better suited for secret warfare than FDR He manipulated compartmentalized dissembled and misled demonstrating a spymaster's talent for intrigue He once remarked I never let my right hand know what my left hand does Not only did Roosevelt create America's first central intelligence agency the OSS under Wild Bill Donovan but he ran spy rings directly from the Oval Office enlisting well placed socialite friends FDR was also spied against Roosevelt's Secret War presents evidence that the Soviet Union had a source inside the Roosevelt White House that British agents fed FDR total fabrications to draw the United States into war and that Roosevelt by yielding to Churchill's demand that British scientists be allowed to work on the Manhattan Project enabled the secrets of the bomb to be stolen And these are only a few of the scores of revelations in this constantly surprising story of Roosevelt's hidden role in World War II The Dirty Tricks Department John Lisle, 2023-03-07 John Lisle reveals the untold story of the OSS Research and Development Branch The Dirty Tricks Department and its role in World War II In the summer of 1942 Stanley Lovell a renowned industrial chemist received a mysterious order to report to an unfamiliar building in Washington D C When he arrived he was led to a barren room where he waited to meet the man who had summoned him After a disconcerting amount of time William Wild Bill Donovan the head of the Office of Strategic Services OSS walked in the door You know your Sherlock Holmes of course Donovan said as an introduction Professor Moriarty is the man I want for my staff I think you're it Following this life changing encounter Lovell became the head of a secret group of scientists who developed dirty tricks for the OSS the precursor to the CIA Their inventions included Bat Bombs suicide pills fighting knives silent pistols and camouflaged explosives Moreover they forged documents for undercover agents plotted the assassination of foreign leaders and performed truth drug experiments on
