Prisoners Of This World Stories:

Prison Break - True Stories of the World's Greatest Escapes Paul Buck,2012-04-19 In the folklore of World War II the memory of those heroes who staged Great Escapes from POW camps still endures But what of the other side of the coin the villains and jack the lads who painstakingly plan their escapes and await their moment at great personal risk For the first time Prison Break tells the stories of all the most ruthless and desperate bad boys and chancers who broke out of gaol and into the annals of criminal history While no one applauds the escape of a murderer or predator such men are invariably recaptured within a short time But in Paul Buck s definitive study of Notorious Prison Escapes we share the military style planning and minute by minute tension of more respected convicts those whose major economic or political crimes provide both the criminal support network and the audacious temperament needed to escape from heavy sentences and maximum security conditions

Behind the Walls: Untold Stories of Life in Prison Pasquale De Marco,2025-08-12 In the labyrinthine depths of the American prison system a hidden world of despair and resilience unfolds a world that few dare to explore This book takes you on a harrowing journey into the heart of this hidden universe revealing the untold stories of those who have been swallowed by the system Through the eyes of former inmates we gain an unfiltered glimpse into the harsh realities of life behind bars From the oppressive routine of daily existence to the ever present threat of violence the prison environment is a crucible that tests the limits of human endurance Yet amidst the despair there are moments of camaraderie of shared laughter and of unwavering hope a testament to the indomitable spirit of the human heart Beyond the individual narratives this book delves into the systemic flaws that have created a prison system in crisis It exposes the overcrowding the lack of adequate healthcare the rampant drug abuse and the systematic neglect that have turned prisons into breeding grounds for violence and despair Through a critical examination of the system it challenges readers to confront the consequences of mass incarceration and to demand meaningful reforms This book is a powerful indictment of a system that has failed both its inmates and society as a whole It is a call to action a demand for a more just and humane approach to criminal justice It is a testament to the resilience of the human spirit even in the darkest of places It is a story that needs to be told a story that will leave you both heartbroken and inspired In these pages you will encounter unforgettable characters hardened criminals petty offenders and those caught in the web of circumstance You will witness the resilience of the human spirit as individuals strive to maintain their dignity and hope in the face of unimaginable adversity You will gain a deeper understanding of the complex issues surrounding mass incarceration and the urgent need for reform This book is a must read for anyone who cares about social justice human rights and the future of our criminal justice system It is a powerful reminder that behind the walls of our prisons are human beings deserving of our compassion and our determination to create a better world If you like this book write a review

Cultures of Memory in the Nineteenth Century Katherine Haldane Grenier, Amanda R. Mushal, 2020-06-08 This collection provides a long overdue examination of the nineteenth century as a crucible of new commemorative practices Distinctive memory cultures emerged during this period which would fundamentally reshape public and private practices of remembrance in the modern world The essays in this volume bring together scholars of History Literature Art History and Musicology to explore uses of memory in nineteenth century empire building and constructions of national identity cultures of sentiment and mourning practices and discourses of race and power

Contributors approach the topic through case studies of Europe the United States and the British Empire Their analyses of nineteenth century innovations in commemoration at both the personal and the larger civic and political levels will appeal to students and scholars of memory and of the nineteenth century world Confinement, Punishment and Prisons in Africa Marie Morelle,Frédéric Le Marcis,Julia Hornberger,2021-05-10 This interdisciplinary volume presents a nuanced critique of the prison experience in diverse detention facilities across Africa The book stresses the contingent porous nature of African prisons across both time and space It draws on original long term ethnographic research undertaken in both Francophone and Anglophone settings which are grouped in four parts The first part examines how the prison has imprinted itself on wider political and social imaginaries and in turn how structures of imprisonment carry the imprint of political action of various times The second part stresses how particular forms of ordering emerge in African prisons It is held that while these often involve coercion and neglect they are better understood as the product of on going negotiations and the search for meaning and value on the part of a multitude of actors The third part is concerned with how prison life percolates beyond its physical perimeters into its urban and rural surroundings and vice versa It deals with the popular and contested nature of what prisons are about and what they do especially in regard to bringing about moral subjects The fourth and final part of the book examines how efforts of reforming and resisting the prison take shape at the intersection of globally circulating models of good governance and levels of self organisation by prisoners The book will be an essential reference for students academics and policy makers in Law Criminology Sociology and Politics **Beyond the Master's Tools?** Daniel Bendix,Franziska Müller,Aram Ziai,2020-07-06 This book provides a compendium of strategies for decolonizing global knowledge orders research methodology and teaching in the social sciences The volume presents recent work on epistemological critique informed by postcolonial thought and outlines strategies for actively decolonizing social science methodology and learning teaching environments that will be of great utility to IR and other academic fields that examine global order The volume focuses on the decolonization of intellectual history in the social sciences followed by contributions on social science methodology and lastly more practical suggestions for educational didactical approaches in academic teaching The book is not confined to the classical format of research articles but moves beyond such boundaries by bringing in spoken word and interviews with scholar activists Overall this volume enables researchers to practice a reflexive and situated knowledge production more suitable to confronting present day global predicaments The perspectives mobilise a constructive critique but also allow for a reconstruction of methodologies and methods in ways that open up new lenses new archives of knowledges and reconsider the who the how and the what of the craft of social science research into global order Prison Writing and the Literary World Michelle Kelly,Claire Westall,2020-10-27 Prison Writing and the Literary World tackles international prison writing and writing about imprisonment in relation to questions of literary representation and formal aesthetics the value or values of literature textual censorship and circulation institutional networks and literary

critical methodologies It offers scholarly essays exploring prison writing in relation to wartime internment political imprisonment resistance and independence creation regimes of terror and personal narratives of development and awakening that grapple with race class and gender Cutting across geospatial divides while drawing on nation and region specific expertise it asks readers to connect the questions examples and challenges arising from prison writing and writing about imprisonment within the UK and the USA but also across continental Europe Stalinist Russia the Americas Africa and the Middle East It also includes critical reflection pieces from authors editors educators and theatre practitioners with experience of the fraught testing and potentially inspiring links between prison and the literary world The Best Books William Swan Sonnenschein,1895 **The Criminal Prisons of London, and Scenes of Prison Life** Henry Mayhew,John Binny,1862 Inmates' Narratives and Discursive Discipline in Prison Jennifer Schlosser,2015-05-15 The question of what works in offender treatment has dominated the field of prisoner re entry and recidivism research for the last thirty years One of the primary ways the criminal justice system tries to reduce the rates of recidivism among offenders is through the use of cognitive behavioural programs CBP as in prison intervention strategies The emphasis for these programs is on the idea that inmates are in prison because they made poor choices and bad decisions Inmates thinking is characterized as flawed and the purpose of the program is to teach them to think and act in socially appropriate ways so they will be less inclined to return to prison after their release This book delves into the heart of one such cognitive behavioural programme examines its inner workings its effects on inmates narrated experience and considers what happens when a CBP of substandard quality and integrity is used as a gateway for inmates release Based on original empirical research this book provides realistic suggestions for improving policy for reforming current in prison programs engaging in problematic practices and for instituting alternatives that take the needs of the inmates into greater account This book is essential reading for students and academics engaged in the study of sociology criminal justice prisons social policy sentencing and punishment **Prison Architecture and Punishment in Colonial Senegal** Dior Konaté,2018-10-15 For the past four decades a rich scholarship has investigated the emergence of the prison in Europe and North America mainly the connection between institutional architecture techniques of social control and mechanisms of discipline Prison Architecture and Punishment in Colonial Senegal asks if these connections did exist in colonial Senegal since prisons in Africa had never been the focus of such scholarship This book addresses three main themes First it analyzes prison buildings and their changing architectural forms throughout the colonial period to highlight how the French used prison architecture to control Africans Second it describes the connections between the internal layout of prison spaces and punishment to show how the design of prisons expressed the notions of punishment and reforms The book also undertakes a critical assessment of inmates agency in reshaping the world of prisons in colonial Senegal Finally it discusses the legacy of colonial prisons in independent Senegal By providing a comprehensive history of prison architecture in Senegal the book helps insert Africa into a more global history by offering a

uniquely comparative study of colonialism architecture and punishment **The World's Work** ,1917 *Prisoners of War*
Arnold Krammer,2007-11-30 America s current War on Terror is causing a readjustment of centuries of POW policies
Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of 1991 and the current War on Terrorism the issue of prisoners of war has moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy *Prison Movies* Kevin Kehrwald,2017-02-14 Prison Movies Cinema Behind Bars traces the public fascination with incarceration from the silent era to the present Often considered an offshoot of the gangster film the prison film precedes the gangster film and is in many ways its opposite Rather than focusing on tragic figures heading for a fall the prison film focuses on fallen characters seeking redemption The gangster s perverse pursuit of the American dream is

irrelevant to the prisoner for whom that dream has already failed At their core prison films are about self preservation at the hands of oppressive authority Like history itself prison films display long stretches of idleness punctuated by eruptions of violence dangerous moments that signify liberation and the potential for change The enclosed world of the prison is a highly effective microcosm one that forces characters and audiences alike to confront vexing issues of race class gender and sexuality These portrayals of men and women behind bars have thrived because they deal with such fundamental human themes as freedom individuality power justice and mercy Films examined include The Big House 1930 I Want to Live 1958 The Defiant Ones 1958 Cool Hand Luke 1967 Midnight Express 1978 Escape from Alcatraz 1979 The Shawshank Redemption 1994 and Starred Up 2013
