Roswell Testimony:

Witness to Roswell Thomas J. Carey, Donald R. Schmitt, 2009-01-01 *Witness to Roswell* is a can't put down account of what really transpired in Roswell New Mexico 62 years ago. This revised and expanded edition includes **Roswell** Thomas J. Carey, Donald R. Schmitt, 2020-06-20. The authors have like each whistleblower before them paid a price for their amplification of the truth. The most profound event in human history Joseph G. Buchman Ph.D. moderator for the Citizen Hearing on Disclosure. Two of the world's leading investigators declare definitively that the Roswell Incident happened and present their closing arguments. For more than seventy years the crash at Roswell and its ensuing controversies and cover ups have been investigated. Yet despite continually mounting evidence there are still disbelievers. *Roswell The Ultimate Cold Case* is Carey and Schmitt's final and commanding word on the case in which they declare victory once and for all. The government has changed their official story on Roswell more than a dozen times but the witnesses have not recanted. The evidence has not gone away and won't go away. The Roswell Incident is the most hotly debated and investigated UFO crash in history with seemingly endless evidence and eyewitnesses coming forward even years later. Finally late in life people feel safe enough or feel duty bound to reveal what they know saw and heard. *Roswell The Ultimate Cold Case* will bring all new exclusive eye witness testimonies to light as well as cover the Connection of astronauts Edgar Mitchell and Neil Armstrong to Roswell. Connection of Clinton Carter Goldwater Schiff and Richardson to Roswell. First time artist conception of impact site with craft and bodies based on firsthand testimony. First time full size model of crash survivor based on eyewitness testimony. And more eyewitness corroboration. There is no one on this planet who knows more about the Roswell incident than these two guys. Are there other life forms out there somewhere among the stars? The reports of unidentified flying objects (UFOs) and alleged alien encounters have fascinated and intrigued people for centuries. In *Are We Alone* we take a comprehensive look at the UFO phenomenon from its historical roots to the latest sightings. We examine the evidence for and against alien visitation and we explore the cultural, political, and religious impact of UFOs. We also discuss the ethical implications of alien contact and the future of ufology. What would it mean for humanity to discover that we are not alone? How would we react to the presence of extraterrestrial life? *Are We Alone* is a thought provoking and comprehensive exploration of one of the most enduring mysteries of our time. Whether you are a skeptic or a believer this book will challenge your assumptions and leave you wondering about the vastness and wonder of the universe. So are we alone? The answer to that question may be closer than we think. If you like this
