Rounding It Out offers a lyric sequence exploring circularity as a musical principle and as a paradigm of the human experience. The imagistic content of the poems as well as their structure in four sections—morning, midday, evening, night—recall nature's primary rhythm of departure and return and the dust-to-dust cycle of a completed lifetime. Rounding It Out is not only about these themes but also through reflection about its own chosen form. Each of the poems is a cross between a sonnet and a villanelle, a formal innovation Pack calls a sonnetelle. Employing meter and rhyme, assonance, and alliteration, Pack takes delight and finds consolation in the sensuousness of the English language even in the face of mortality and ongoing personal loss.
