Motion Picture Paradise David Morton,2025-09-16 Highlighting Florida's essential often overlooked role in shaping American film and television Motion Picture Paradise is a sweeping story of filmmaking in Florida featuring the activities of studios and filmmakers across the peninsula by looking at the many iconic films and television shows shot in the state In the early years of the American film industry Florida was a favorite location for pioneer movie makers and David Morton chronicles the state's importance to producers throughout the next 125 years Often overshadowed by the well known entertainment industries of Hollywood and New York Florida has over time had several major film production centers Morton follows the rise and fall of filmmaking destinations across the state including Jacksonville St Augustine Tampa Bay Orlando and Miami as well as pioneering underwater and location based films shot at Florida's unique natural springs He argues that conflicting policies set by Florida politicians have at various times enticed or pushed away movie and television companies a pattern that has hampered serious investment Using a wealth of source materials Morton offers a comprehensive history that demonstrates how films and television shows made in Florida have influenced the state's sense of identity drawing attention to Florida's underacknowledged role as the third coast in American film history Motion Picture Paradise adds new insights into the state's dramatic social and economic transformations during the twentieth century **Classic Movie Fight Scenes**

Gene Freese,2017-10-19 Both brawls and elaborate martial arts have kept movie audiences on the edges of their seats since cinema began But the filming of fight scenes has changed significantly through the years mainly for the safety of the combatants from improvised scuffles in the Silent Era to exquisitely choreographed and edited sequences involving actors stuntmen and technical experts Camera angles prevented many a broken nose Examining more than 300 films from The Spoilers 1914 to Road House 1989 the author provides behind the scenes details on memorable melees starring such iconic tough guys as John Wayne Randolph Scott Robert Mitchum Lee Marvin Charles Bronson Clint Eastwood Bruce Lee Chuck Norris and Jackie Chan **Cimino** Charles Elton,2022-03-29 The revelatory The New Yorker first biography of critically acclaimed then critically derided filmmaker Michael Cimino and a reevaluation of the infamous film that destroyed his career The director Michael Cimino 1939 2016 is famous for two films the intense powerful and enduring Vietnam movie The Deer

Hunter which won Best Picture at the Academy Awards in 1979 and also won Cimino Best Director and Heaven's Gate the most notorious bomb of all time Originally budgeted at 11 million Cimino's sprawling western went off the rails in Montana The picture grew longer and longer and the budget ballooned to over 40 million When it was finally released Heaven's Gate failed so completely with reviewers and at the box office that it put legendary studio United Artists out of business and marked the end of Hollywood's auteur era Or so the conventional wisdom goes Noted television producer and author Charles Elton delves deeply into the making and aftermath of the movie and presents a surprisingly different view to that of Steven Bach one of the executives responsible for Heaven's Gate who wrote a scathing book about the film and solidified the widely held view that Cimino wounded the movie industry beyond repair Elton's Cimino is a richly detailed biography that offers a revisionist history of a lightning rod filmmaker Based on extensive interviews with Cimino's peers and collaborators and enemies and friends most of whom have never spoken before it unravels the enigmas and falsehoods many perpetrated by the director himself which surround his life and sheds new light on his extraordinary career This is a story of the making of art the business of Hollywood and the costs of ambition both financial and personal Other Hollywood Renaissance

Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era's most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media **Focus On: 100 Most Popular French-language Films** Wikipedia contributors, **Will Smith** Lisa

Michael Cimino Charles Elton,2024-02-23T00:00:00+01:00 Di Michael Cimino 1939 2016 si ricordano soprattutto due film Il cacciatore un intensa e potente storia ambientata durante la guerra in Vietnam che nel 1979 vinse l Oscar per il miglior film e che permise a Cimino di conquistare la statuetta come miglior regista e I cancelli del cielo il pi celebre fiasco nella storia della cinematografia mondiale Western girato in Montana partito con un budget di 11 milioni di dollari dopo una lunghissima e travagliata lavorazione arriv a costarne oltre 40 Quando finalmente usc nelle sale la stroncatura di critica e pubblico fu tale da costringere la casa produttrice della pellicola la leggendaria United Artists a chiudere i battenti mettendo cos la parola fine all epoca d oro di Hollywood O almeno questa la versione pi diffusa della storia In Michael Cimino Charles

Elton ricostruisce le tappe della realizzazione del film e delle vicende successive da un punto di vista sorprendentemente insolito. Non solo scavando nella misteriosa vita del regista grazie a interviste inedite a colleghi e collaboratori, amici e nemici, svela gli enigmi e smaschera le falsità che hanno sempre contraddistinto la vita di Cimino e che in molti casi lui stesso ha contribuito a mettere in circolazione gettando nuova luce sulla sua straordinaria carriera. Una biografia affascinante e malinconica così com'era lo stesso Michael Cimino. **THE NEW YORKER**
