**Royal Transport** Peter Pigott, 2005-11-19 The conveyance of royalty whether to Balmoral or Buffalo by Rolls Royce or Canadian Pacific train has its own mysterious traditions and protocols With dry humour and a keen sense of history Peter Pigott describes how the British royal family has adapted to technological innovations Organized thematically the book is packed with well researched details We know all about the royal family s lives especially their romances and scandals but do we know who was the first monarch to drive a motorcar The first to fly in an aircraft Which king so loved his yacht that he ordered it scuttled on his death Royal Transport is a fascinating look at how British royalty has travelled since the invention of steam This richly illustrated book covers all modes of royal transport in Britain and the Commonwealth some of the most famous and yet unknown transport in the world
