Logan, Peter Paul Rubens, Michiel Plomp, Metropolitan Museum of Art (New York, N.Y.), 2005 Catalogue of an exhibition held at the Metropolitan Museum of Art New York Jan 15 Apr 3 2005      **Looking East** Burglind Jungmann, Kim Young-Jae, Christine Göttler, 2013 This is a fascinating exploration of the mystery that surrounds of Rubens's most well known and intriguing drawings Peter Paul Rubens was one of the most talented and successful artists working in 17th century Europe During his illustrious career as a court painter and diplomat Rubens expressed a fascination with exotic costumes and headaddresses With his masterful handling of black chalk and touches of red Rubens executed a compelling drawing that features a figure wearing Asian costume a depiction that has recently been identified as Man in Korean Costume Despite the drawings renown both during Rubens's own lifetime and in contemporary art scholarship the reasons why it was made and whether it actually depicts a specific Asian person remain a mystery The intriguing story that develops involves a shipwreck an unusual hat the earliest trade between Europe and Asia the trafficking of Asian slave and Jesuit missionaries      *The Catholic Rubens* Willibald Sauerlander, 2014-04-15 The art of Rubens is rooted in an era darkened by the long shadow of devastating wars between Protestants and Catholics In the wake of this profound schism the Catholic Church decided to cease using force to propagate the faith Like Gian Lorenzo Bernini Peter Paul Rubens 1577-1640 sought to persuade his spectators to return to the true faith through the beauty of his art While Rubens is praised for the baroque passion in his depictions of cruelty and sensuous abandon nowhere did he kindle such emotional fire as in his religious subjects Their color warmth and majesty but also their turmoil and lamentation were calculated to arouse devout and ethical emotions This fresh consideration of the images of saints and martyrs Rubens created for the churches of Flanders and the Holy Roman Empire

offers a masterly demonstration of Rubens's achievements liberating their message from the secular misunderstandings of the postreligious age and showing them in their intended light Drawings from the Age of Bruegel, Rubens, and Rembrandt William W. bestselling author of *SPQR: A History of Ancient Rome* the fascinating story of how images of Roman autocrats have influenced art culture and the representation of power for more than 2 000 years What does the face of power look like Who gets commemorated in art and why And how do we react to statues of politicians we deplore In this book against a background of today's sculpture wars Mary Beard tells the story of how for more than two millennia portraits of the rich powerful and famous in the western world have been shaped by the image of Roman emperors especially the Twelve Caesars from the ruthless Julius Caesar to the fly torturing Domitian Twelve Caesars asks why these murderous autocrats have loomed so large in art from antiquity and the Renaissance to today when hapless leaders are still caricatured as Nero's fiddling while Rome burns Beginning with the importance of imperial portraits in Roman politics this richly illustrated book offers a tour through 2 000 years of art and cultural history presenting a fresh look at works by artists from Memling and Mantegna to the nineteenth century American sculptor Edmonia Lewis as well as by generations of weavers cabinetmakers silversmiths printers and ceramicists Rather than a story of a simple repetition of stable blandly conservative images of imperial men and women Twelve Caesars is an unexpected tale of changing identities clueless or deliberate misidentifications fakes and often ambivalent representations of authority From Beard's reconstruction of Titian's extraordinary lost Room of the Emperors to her reinterpretation of Henry VIII's famous Caesarian tapestries Twelve Caesars includes fascinating detective work and offers a gripping story of some of the most challenging and disturbing portraits of power ever created Published in association with the Center for Advanced Study in the Visual Arts National Gallery of Art Washington DC Rubens A&I Kristin Lohse Belkin, 1998-10-22 A lively original study of the work of Peter Paul Rubens

Marketing Art in the British Isles 1700 to the Present furthers the burgeoning exploration of Britain's struggle to carve a niche for itself on the international art scene Bringing together scholars from the UK US Europe and Asia this collection sheds new light on such crucial notions as the internationalization of the art market the emergence of an increasingly complex exhibition culture issues of national rivalry and emulation artists individual and collective strategies for their own promotion and survival the persistent anti commercialism of an elite group of art lovers and critics and accusations of philistinism levelled at the middle classes as well as an unquestionable native British genius at reconciling jarring discourses Essays explore the unresolved tension between artistic aspirations and commercial interest a tension that has come to shape Britain's national artistic tradition from the perspectives of artists dealers and super collectors and the upwardly mobile middle classes whose consumerism gave rise to the British art market as it is known today Specific case studies include Whistler Roger Fry Damien Hirst and Charles Saatchi essays consider art markets from London and Manchester to Paris and Flanders     François Duquesnoy and the Greek Ideal Estelle Cecile Lingo, 2007-01-01 This book is the first in English devoted to Francois Duquesnoy a central figure in seventeenth century European sculpture a rival to Bernini and a leading light in an artistic milieu that included Poussin and Rubens Estelle Lingo reconstructs Duquesnoy's pursuit in Rome of a modern artistic practice in the Greek manner Reconstruction of Duquesnoy's Greek ideal enables Lingo to offer new interpretations of his exquisite marble and bronze sculptures Moreover she demonstrates that the archeological and poetic vision of Greek art developed by Duquesnoy and his circle formed the basis of Johann Joachim Winckelmann's influential Reflections on the Imitation of Greek Works in Painting and Sculpture thus overturning the long held assumption that no meaningful distinction was made between ancient Greek and Roman art prior to Winckelmann's work in the eighteenth century Examining in detail how Duquesnoy developed and employed his Greek manner Lingo brings to light the extent of his contributions to European culture and aesthetics and to the rise of Neoclassicism     Fifteenth- to Eighteenth-century European Drawings Egbert Haverkamp Begemann (Kunsthistoriker), Metropolitan Museum of Art (New York, N.Y.), 1999 Early European art was a consuming interest of both Robert Lehman and his father Philip Lehman an interest reflected in the remarkable number and quality of drawings they owned from the fifteenth and early sixteenth centuries In addition to an

important group of early German drawings the collection includes a Saint Paul from a series associated with Jan van Eyck and the famous Scupstoel from the circle of Rogier van der Weyden the only design for a decorative sculpture to survive from the fifteenth century The great artists of the seventeenth century Peter Paul Rubens Jacob Jordaens Claude Lorrain and Rembrandt among them are also represented Rembrandt by seven drawings including the large study of Leonardo's Last Supper that would stay in his mind all through his career Drawings by Antoine Watteau Jean Honor Fragonard Gabriel de Saint Aubin Thomas Gainsborough Paul Sandby and George Romney are among the many from eighteenth century France and England The volume discusses all 153 drawings at length placing each in its art historical setting and complementing the discussion with comparative illustrations of related works This e book on the MetPublications website is also accompanied by links to related works and under the Additional resourcestab are links to Met works of art and Heilbrunn Timeline of Art History essays and timelines viewed May 1 2014      **Subject Guide to Books in Print** ,1991      **Flemish Paintings of the**
