**Discourse in Psychoanalysis and Literature (Routledge Revivals)** Shlomith Rimmon-Kenan,2014-11-13 The essays in this collection first published in 1987 represent a collective attempt to listen with the third ear to the underhand ways the unspoken has of speaking and to speak of these ways By focusing on discourse the volume is distinguished from traditional literature by its emphasis on rhetorical structures and textual strategies and the investment of these structures with desire power and other aspects of subjectivity rather than the personality of the artist or the creative process However in this book the human dimension is not lost By claiming that the structures in question are not merely linguistic semiotic or narratological although they are all of these the human dimension is returned not in the raw as in traditional approaches but through the traces it leaves in the text as activated by its reading This book is ideal for students of literature and psychoanalytical theory

*A Psychoanalysis for Our Time* Jeffrey Rubin,1998-11 As a psychoanalyst and psychotherapist Rubin argues that psychoanalysis is in need of revision in order to remain relevant today because its interest in both decoding and concealing the truth is simultaneously its strength and weakness Rubin attempts a middle course between blind acceptance and premature dismissal Although parts one and two focus on the history institutions and theory of psychoanalysis the remainder constitutes a non traditional and self consciously experimental approach wherein the author reflects on his own work his theoretical omissions and the unsolved problems in his discourse

The essays cover a wide generic scope and are divided into three parts: drama, narrative, and poetry. Each is accompanied by explanatory headnotes giving clear definitions of complex terms.

**Essential Papers on Literature and Psychoanalysis** Emanuel Berman, 1993 In a draft attached to a letter to his friend and confidante Wilhelm Fliess, May 31, 1897, Freud develops an idea: The mechanism of fiction is the same as that of hysterical fantasies. He supports this thought with a brief analysis of the biographical sources of Goethe's *Werther*. A few months later, on October 15, 1897, Freud mails Fliess a detailed account of remembered events from his childhood that Freud believed underlined the universality of Oedipus Rex and Hamlet. Freud's foray into literature initiated the beginning of a new critical approach. In *Essential Papers on Literature and Psychoanalysis*, Emanuel Berman presents classic and contemporary papers written at the intersection of literature and psychoanalysis. In bringing these essays together, Berman traces the development of a discipline that has often been plagued by a polarization between self-confident, single-minded psychoanalysts reading literature as a series of case studies and literary loyalists who cling to manifest content or to the declared intentions of the authors, accepting them at face value and depriving the work of its emotional complexity. Berman covers the full range of old and new perspectives and presents selections from today's mature phase. This collection includes papers by Sigmund Freud, Steven Marcus, Patrick J. Mahoney, Donald Spence, Otto Rank, Ernest Jones, Ernst Kris, Phyllis Greenacre, Florence Bonime, and Maryanne Eckardt, David Werman, Ellen Handler Spitz, Jacques Lacan, Shoshana Felman, Norman N. Holland, Roy Schafer, Meredith Anne Skura, Gail S. Reed, Francis Baudry, Rivka R. Eifermann, and Bennett Simon.
