**Military Masculinity and Postwar Recovery in the Soviet Union** Erica L. Fraser, 2019-01-01 Catastrophic wartime casualties and postwar discomfort with the successes of women who had served in combat roles combined to shatter prewar ideals about what service meant for Soviet masculine identity The soldier had to be re imagined and resold to a public that had just emerged from the Second World War and a younger generation suspicious of state control In doing so Soviet military culture wrote women out and attempted to re establish soldiering as the premier form of masculinity in society Military Masculinity and Postwar Recovery in the Soviet Union combines textual and visual analysis as well as archival research to highlight the

multiple narratives that contributed to rebuilding military identities Each chapter visits a particular site of this reconstruction including debates about conscription and evasion appropriate role models for cadets misogynist military imagery in cartoons the fraught militarized workplaces of nuclear physicists and the first cohort of cosmonauts who represented the completion of the project to rebuild militarized masculinity

**India-Russia Post Cold War Relations** Chandra Rekha, 2017-04-28 Post Cold War international relations have undeniably been a litmus test for the bilateral relations between India and Russia With the emergence of a new international system the foreign policies of both countries vacillated to explore new avenues of partnerships with other international players an opportunity that otherwise proved effective to a large extent National priorities and the geo political architecture remodelled by the US thus compelled New Delhi and Moscow to pursue a foreign policy that moved away from serving the interests of each other While defining the trends in the bilateral relations between the two countries the strategic community has questioned whether the relationship can remain as special and strategic as it had been in the past Are both countries still as relevant to one another as they once were As the constant debate revolves around these questions the two entities have however indicated a certain level of distinguishing characteristics in order to address the complexities and challenges in the partnership and have acknowledged that their relationship is not only special but also indispensable What has also continued to remain undamaged and an integral part of the bilateral relations is mutual trust understanding and concern thus resulting in maturity and pragmatism irrespective of the uncertainties that the two countries face It is in this context that the new stage in the bilateral relations between the two countries requires a thorough assessment It stands to reason that with the developments that are taking place in the current international milieu there is a need for India and Russia to reemphasise their strong strategic partnership goodwill and diplomatic trust that have stood the test of time This book undertakes a serious assessment of the strategic partnership in the contemporary international set up The seven chapters of the book attempt to address the myriad challenges through detailed analyses and evaluation of the partnership between India and Russia in various spheres including the political defence economic nuclear energy science and technology security and strategic engagement Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
