*Russian and Soviet Health Care from an International Perspective* Susan Grant,2017-02-20 This collection compares Russian and Soviet medical workers physicians psychiatrists and nurses and examines them within an international framework that challenges traditional Western conceptions of professionalism and professionalization through exploring how these ideas developed amongst medical workers in Russia and the Soviet Union Ideology and everyday life are examined through analyses of medical practice while gender is assessed through the experience of women medical professionals and patients Cross national and entangled history is explored through the prism of health care with medical professionals crossing borders for a number of reasons to promote the principles and advancements of science and medicine internationally to serve altruistic purposes and support international health care initiatives and to escape persecution Chapters in this volume highlight the diversity of experiences of health care but also draw attention to the shared concerns and issues that make science and medicine the subject of international discussion      Sex Work in Contemporary Russia Emily Schuckman Matthews,2023-02-13 Sex Work in Russia weaves together a wide range of materials to examine the figure of the female sex worker in Russia from the early twentieth century to the present day This book offers readers both an expansive and nuanced discussion of the significance of this archetypal female who appears with remarkable frequency in literature film and other cultural productions Emily Schuckman Matthews explores the ways in which the fictional sex worker and her real life counterpart has become a symbolic representative of social and moral instability economic volatility political social and ideological revolutions and changing concepts of gender sexuality and the nation itself Focus is given to the movement of the female sex worker from marginal foil to a hero in her own right even finding a voice of her own in recent years Works featuring this alluring and complex figure reveal critical insights into the changing position of women and other marginalized people in a volatile Russia      *Renaissance of Classical Allusions in Contemporary Russian Media* Svitlana Malykhina,2014-02-27 Renaissance of Classical Allusions in Contemporary Russian Media builds on a growing body of work concerning post Soviet media culture during the last transformative decade Making sense of the literary allusions in media discourse Svitlana Malykhina reminds us that allusions can serve as a primary marker of identity national and cultural and may also be a way of negotiating the gap between what has to be reported and what can be banned by censorship Malykhina presents the changes and continuities between rhetoric strategies of Soviet style media and postcommunist Russian media identifying the key literary and historical references in public discourse which are then picked up by the media The book analyzes the political cultural and social factors at play in the development and expansion of these allusions in both official and alternative discourses Examining the rise of the Internet which has remained wholly uncensored in Russia Malykhina reveals that the Russian Internet media began to function as alternative mass media Yet the success of the Internet media

has also brought complex and unintended consequences Malykhina offers an empirically rich examination of conventional classical allusions in media discourse focusing mainly on the rhetorical techniques by which subversive meanings of these references were generated The Contemporary Review ,1917 Contemporary Memoirs of Russia from the year 1727 to 1744. ... First edited in English by D. Hume, and now re-edited, compared with the original French, and illustrated with brief notes by a Hertfordshire Incumbent [J. W. Blakesley]. Christoph Hermann von Baron MANSTEIN,1856 **The Jewish Quarterly** ,1985 Gender, Generation and Identity in Contemporary Russia Hilary Pilkington,2002-09-11 This book explores the lives and expectations of young women in the new Russia looking at the enormous changes that the new social and economic environment have brought The authors draw on the growing literature on gender and generation in the West which has arisen as a result of the recognition that the experience of youth is classed raced and gendered and that the experience of gender is mediated by class race ethnicity sexuality and age They consider the role of the media state and social institutions in shaping opportunities and experiences in the post Soviet environment focusing on the strategies employed by individual women to reforge social identities in a society in which they have been dislocated more acutely than in any other postmodern society Women's Struggle for Higher Education in Russia, 1855-1900 Christine Johanson,1987-01-01 Unlike contemporary Soviet and Western accounts which emphasize the involvement of educated women in the revolutionary movement Christine Johanson investigates the relationship between developments in women s education and domestic politics of the post Crimean War era The author shows how the particular nature of autocratic rule under Alexander II facilitated the establishment of university level courses for women and demonstrates that Russian women who cooperated with the government in order to increase their educational opportunities far outnumbered the female revolutionists who sought to overthrow it And while acknowledging that Russian radicalism gave enormous encouragement to women s pursuit of university study this book shows that it was the support of progressive statesmen and academics which allowed the creation of higher educational facilities for women The attitudes aspirations and frustrations of women who enrolled in these educational facilities are also examined Considerable attention is given to the training and practice of female physicians and to the testing of their skills and commitment to social service in tradition bound peasant villages and the field hospitals of the Russo Turkish war The concluding chapter explored the conservative reaction following the assassination of Alexander II and the subsequent closure of women s advanced educational facilities **Feminism and Contemporary Art** Jo Anna Isaak,2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company Russian Modernity D. Hoffmann,Y. Kotsonis,2000-07-05 Russian Modernity places Imperial and Soviet Russia in a European context Russia shared in a larger European modernity marked by increased overlap and sometimes merger of realms that had previously been treated as discrete entities the social and the political state and society government and economy and private and public These were attributes of Soviet dictatorship but their origins can be located in a larger

European context and in the emergence of modern forms of government in Imperial Russia     Libertinage in Russian Culture and Literature Alexei Lalo, 2011-09-09 Much of the previous scholarship on Russia's literary discourses of sexuality and eroticism in the Silver Age was built on applying European theoretical models from psychoanalysis to feminist theory to Russia's modernization This book argues that at the turn into the twentieth century Russian popular culture for the first time found itself in direct confrontation with the traditional high cultures of the upper classes and intelligentsia producing modernized representations of sexuality This Russian tradition of conflicted representations heretofore misassessed by literary history emerges as what Foucault would call a full blown bio history of Russian culture a history of indigenous representations of sexuality and the eroticized body capable of innovation on its own terms not just those derivative from Europe     **Land of Exile: Contemporary Korean Fiction** Marshall R. Pihl, Bruce Fulton, Ju-Chan Fulton, 2015-03-04 An anthology of contemporary Korean fiction including *The Wife and Children* *The Post Horse* *Curse Mountains* *Kapitan Ri* *The Winter* and *A Dream of Good Fortune*     **Village Mothers** David L. Ransel, 2000     **Men in Contemporary Russia** Rebecca Kay, 2016-12-05 Rebecca Kay assesses how men in post Soviet Russia are represented through media and popular discourses Using case studies she explores the challenges which have arisen for men since 1991 and the ways in which their responses are shaped by and viewed through the prism of widely accepted attitudes towards gender The lives and concerns of men in provincial Russia are examined through ethnographic fieldwork combining extensive participant observation with in depth interviews The book reveals how individual men strive to maintain a sense of equilibrium between the activities in which they are engaged and the ways in which they are perceived both by others and by themselves The findings of the research have produced significant areas of contrast and comparison with the author's earlier work on women This is drawn out throughout the book placing the study of Russian men in a broader gendered context The issues raised by the men mirror concerns discussed in men's studies literature and popular discourse beyond Russia The book is therefore of interest to a wider international audience as well as contributing to ongoing interdisciplinary debates in Russian Studies Anthropology Sociology and Human Geography addressing the need for new approaches to understanding post Socialist change     **A Reader's Guide to Contemporary Literature** William Swan Sonnenschein, 1896     **The Politics of Poverty in Contemporary Russia** Ann-Mari Sätre, 2019-01-15 This book provides an overview of poverty and well being in Russia Increasing poverty rates during the 1990s were followed by greater attention to social policies in the 2000s and increased efforts to engage people in socially oriented NGOs and encourage them to contribute to the fulfillment of social aims What impact did these developments have on the prevalence of poverty in contemporary Russian society Tracing continuities from the Soviet system alongside recent developments such as the falling price of oil economic sanctions and changes in directions of social policy this book explores the impact of poverty inequality and social programmes The author examines the agency of people living in poverty and those engaged in social policy using official statistics survey data and interviews from four

Russian regions to explain the reasons and consequences of poverty and people's attempts to get out of it. The approach is based on institutional theory complemented by Amartya Sen's capability approach highlighting the importance of agency and an institutional framework as a means for change. A timely book that will be of interest to students of contemporary Russian politics as well as those engaged in social policy issues. The American Bookseller, 1877

**The Constitution and Contestation of Darhad Shamans' Power in Contemporary Mongolia** Judith Hangartner, 2011-04-07. This book offers an in-depth insight into post-socialist rural shamans in Mongolia thereby making a rare but important contribution to the ethnography of both Inner Asia and Southern Siberia. It examines the social making of shamans in particular those of the Shishget depression of the northernmost borders of Mongolia. By analysing practices, discourses and performances in local and national arenas, the author traces the social constitution of the shamans' inspirational power, examines the shamans' performance of power during the seance, discusses the economy of reputation of successful shamans and scrutinizes their legitimizing practices. The study will be welcomed by students of social/cultural anthropology and religious studies with a particular interest in shamanism or ritual studies.
