Croft, 2007-12-01 This is a history of the teaching of Russian in the State of Arizona It attempts to describe the efforts of EVERYONE who has EVER taught Russian ANYWHERE in the State of Arizona as well as the subsequent fates of hundreds of their Arizona students of Russian Over 1600 teachers and students are mentioned **The Russian Affair** Adrian d'Hage, 2018-07-02 Russian President Petrov is determined to restore his country's dominance on the world stage at any price In order to develop deadlier nuclear weapons he recruits Ilana Rabinovich a beautiful but lethal scientist to infiltrate the Mossad and steal their research What no one expects is for the Israelis to then assign her an even more dangerous mission of their own to penetrate the US nuclear facilities in the deserts of Los Alamos If the information falls into the wrong hands the results could be devastating Especially as in the Hindu Kush ISIS soldiers are also plotting to acquire nuclear weapons It's up to CIA agent Curtis O Connor to stop them before it's too late From Russia's secret nuclear city of Sarov across the myriad canals of St Petersburg to an assault on

an ancient castle more impenetrable than Colditz the chase is on But with a corrupt Russian general a femme fatale double agent and a very unpredictable US president waiting in the wings is it only a matter of time until a war begins **Russian Society and the Orthodox Church** Zoe Knox,2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church s social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society Russian Education Brian Holmes,Gerald H. Read,Natalya Voskresenskaya,1995 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company **Sunshine for the Latter-Day Saint Missionary Soul** Deseret Book Company,2000 *Vengeance Is Mine* Richard E. Turley,Barbara Jones Brown,2023 Published in 2008 Massacre at Mountain Meadows was a bombshell of a book revealing the story of one of the worst moments in Latter day Saint history when settlers in southwestern Utah slaughtered more than 100 members of a California bound wagon train in 1857 In this much anticipated sequel Richard E Turley Jr and Barbara Jones Brown examine the aftermath of this horrific event tracing the stories of perpetrators and survivors alike showing how southern Utah leaders worked to silence participants and witnesses in an attempted cover up and answering the question of what role if any Brigham Young played in the cover up **The Russian Orthodox Community in Hong Kong** Loretta E. Kim,Chengyi Zhou,2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People s Republic of China A hub of interregional and international migration it has been the temporary and long term home of people belonging to many racial ethnic and cultural groups This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul OPASPP at the turn of the twenty first century This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers The community formed by and around the OPASPP is important to foster Sino Russian relations based on individual to individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints **Church State Corporation** Winnifred Fallers Sullivan,2020-07-15 Church and state a simple phrase that reflects one of the most famous and fraught relationships in the history of the United States But what exactly is the church and how is it understood in US law today In Church State

Corporation religion and law scholar Winnifred Fallers Sullivan uncovers the deeply ambiguous and often unacknowledged ways in which Christian theology remains alive and at work in the American legal imagination Through readings of the opinions of the US Supreme Court and other legal texts Sullivan shows how the church as a religious collective is granted special privilege in US law In depth analyses of *Hosanna Tabor v EEOC* and *Burwell v Hobby Lobby* reveal that the law tends to honor the religious rights of the group whether in the form of a church as in *Hosanna Tabor* or in corporate form as in *Hobby Lobby* over the rights of the individual offering corporate religious entities an autonomy denied to their respective members In discussing the various communities that construct the church shaped space in American law Sullivan also delves into disputes over church property the legal exploitation of the black church in the criminal justice system and the recent case of *Masterpiece Cakeshop v Colorado Civil Rights Commission* Brimming with insight Church State Corporation provocatively challenges our most basic beliefs about the ties between religion and law in ostensibly secular democracies

Nation, Ethnicity and Race on Russian Television Stephen Hutchings, Vera Tolz, 2015-03-05 Russia one of the most ethno culturally diverse countries in the world provides a rich case study on how globalisation and associated international trends are disrupting and causing the radical rethinking of approaches to inter ethnic cohesion The book highlights the importance of television broadcasting in shaping national discourse and the place of ethno cultural diversity within it It argues that television's role here has been reinforced rather than diminished by the rise of new media technologies Through an analysis of a wide range of news and other television programmes the book shows how the covert meanings of discourse on a particular issue can diverge from the overt significance attributed to it just as the impact of that discourse may not conform with the original aims of the broadcasters

The book discusses the tension between the imperative to maintain security through centralised government and overall national cohesion that Russia shares with other European states and the need to remain sensitive to and to accommodate the needs and perspectives of ethnic minorities and labour migrants It compares the increasingly isolationist popular ethnonationalism in Russia which harks back to old fashioned values with the similar rise of the Tea Party in the United States and the UK Independence Party in Britain Throughout this extremely rich well argued book complicates and challenges received wisdom on Russia s recent descent into authoritarianism It points to a regime struggling to negotiate the dilemmas it faces given its Soviet legacy of ethnic particularism weak civil society large native Muslim population and overbearing yet far from entirely effective state control of the media
