Ruth Bernhard The Eternal Body A Collection Of Fifty Nudes:

Ruth Bernhard Ruth Bernhard, Margaretta Mitchell, 1986 *Ruth Bernhard: Eternal Body* Margaretta Mitchell, 1994-11-01 Ruth Bernhard *The Eternal Body* originally published in 1986 is the first collection of Bernhard's finest nudes to be presented in a single elegantly bound monograph. The photographs selected, many of which have never been exhibited, unveil the full range of her genius. Bernhard's intense studied camera work has produced images of the human form that clearly transcend the boundaries between the spirit and the flesh. This collection expresses her lifelong passion to understand the effects of light on the body and to reveal it in its purest form. Each radiant photograph contains a classic perfection giving it a sense of the eternal and making it a timeless masterpiece of the human figure. Complete with an insightful overview of Ruth Bernhard's work and life by Margaretta Mitchell, this timely reissue of a landmark volume offers the viewer a stunning array of fifty master prints by one of the most significant artists of our time, revealing a unique and personal vision of the human body that is as breathtaking as it is profound. Ruth Bernhard Ruth Bernhard, Ilee Kaplan, 1996 **American Photo**, 2002-03 *20th Century Photographers* Grace Schaub, 2014-11-13 This book is a compilation of interviews and essays that cover a broad range of photographers and photographic disciplines. Each photographer profiled made a living by concentrating on a specific aspect of the craft but in doing so transcended their livelihood to become recognized for more than the type of images they created. Each had a distinct style, creative approach, dedication to the craft, point of view about themselves and the world. These interviews were conducted during a seminal period in the shift from film to digital and from print reproduction to global distribution on the Internet. Just like their photographs, continue to inspire today, now these words can live on as an invaluable reference for the photographers of the future. The truth and wisdom in this collection transcend time and technology. **Photography of the Nude** Frank H. Wallis, 1993 The Nude Peter Weiermair, 2004 This volume presents a selection of 200 extraordinary images that reflect the central role played by the genre of the nude in the history of photography and in its experimentation. Ever since the invention of photography in 1839, the nude has constituted a favorite subject among the practitioners of the medium. Through numerous extraordinary examples, this volume documents the historical and stylistic development of the nude from its origins with the first daguerreotypes to the provocative images of contemporary photographers. Yosemite Meditations for Women Claudia Welsh, 2013-03-12 Through inspired quotations from a diverse group of women including leading authors and naturalists paired with breathtaking landscape photography, this pocket-sized volume captures the extraordinary beauty and spirit of Yosemite. It's the perfect companion to take on a journey of discovery and will surely revive one's connection with the natural world.
