Harold Putnam,2011-01-01 **The Makers of Canada Series** William Lawson Grant,1926 **Eighty Years' Progress of British North America** Henry Youle Hind,Thomas C. Keefer,John George Hodgins,Charles Robb,Moses Henry Perley,William Murray,1864 **Eighty Years' Progress of British North America** ,1864 *Eighty years' progress of British North America, by H.Y. Hind [and others]*. America North, Henry Youle Hind,1863 **Protestant Liberty** James M. Forbes,2022-08-15 Tensions between Protestantism and Catholicism dominated politics in nineteenth century Canada occasionally erupting into violence While some liberal politicians and community leaders believed that equal treatment of Protestants and Catholics would defuse these ancient quarrels other Protestant liberals perceived a battle for the soul of the nation Protestant Liberty offers a new interpretation of nineteenth century liberalism by re examining the role of religion in Canadian politics While this era s liberal thought is often characterized as being neutral toward religion James Forbes argues that the origins of Canadian liberalism were firmly rooted in the British tradition of Protestantism and were based on the premise of guarding against the advance of supposedly illiberal faiths especially Catholicism After the union of Upper Canada with predominantly French Catholic Lower Canada in 1840 this Protestant ideal of liberty came into conflict with a more neutral alternative that sought to strip liberalism of its religious associations in order to appeal to Catholic voters and allies In a decisive break from their Protestant heritage these liberals redefined their ideology in secular materialist terms by emphasizing free trade and private property over faith and culture In tracing how the Confederation generation competed to establish a unifying vision for the nation Protestant Liberty reveals religion and religious differences at the centre of this story Minutes of the Methodist Conferences, from the First Held in London, by the Late Rev. John Wesley, A.M., in the Year 1744 Anonymous,2025-08-09 Reprint of the original first published in 1843 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Oxford Encyclopædia of Canadian History* Lawrence Johnstone Burpee,1926 Schooling and Scholars in Nineteenth-century Ontario Susan E. Houston,Alison L. Prentice,1988-01-01 Nineteenth century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling even good land they argued had to be cultivated othersie noxious weeds sprang up In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson s career as chief superintendent of schools in 1876 Susan Houston and Alison Prentice explore the roots of the provincial public school system set up to instill a work ethic and moral discipline appropriate to the new society as well as the beginnings of separate schools today the Ontario school system is once again the subject of intense and often bitter debate Many of the most contentious issues have deep and complex roots that go back to this era Houston and Prentice tell the story of how Ontario came to have a universal school

system of exceptional quality and shed valuable light on an area of current concern *Sessional Papers of the Dominion of Canada* Canada. Parliament, 1904 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement *The Makers of Canada* Various, 2023-10-04 The Makers of Canada is a significant historical compilation that sheds light on the key figures who shaped Canada's history and identity Written in a detailed and comprehensive manner this book explores the lives and contributions of prominent individuals who played instrumental roles in Canada's development The author utilizes a combination of primary sources personal accounts and historical analysis to provide readers with a thorough understanding of the impact these figures had on the country's evolution The literary style of the book is informative and engaging making it an essential read for those interested in Canadian history and biographies of influential personalities The Makers of Canada not only presents a rich tapestry of narratives but also serves as a valuable resource for academic research in the field of Canadian studies Each chapter delves into the unique experiences and accomplishments of these makers offering readers a glimpse into the diverse tapestry of Canada's history Readers will appreciate the meticulous research and insightful commentary that defines this compelling work **Canada's Origins** Janet Ajzenstat, 1995-11-15 Ajzenstat and Smith challenge the idea of Canada as a country whose liberal individualism unlike that of the United States is redeemed by a tradition of government intervention in economic and social life the so called tory touch This ground breaking book begins with the now classic article in which the red tory view was formulated It then presents a new and illuminating picture of Canadian political life in which liberal individualism confronts not toryism but the participatory tradition of civic republicanism In the final section the two editors one a liberal the other a civic republican debate the crucial questions dominating Canadian politics today including Quebec's search for recognition from the perspective of their shared understanding of Canada's founding *Egerton Ryerson And Education In Upper Canada* J. Harold Putman, 2021-05-20 Egerton Ryerson And Education In Upper Canada has been considered important throughout the human history and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations This whole book has been reformatted retyped and designed These books are not made of scanned copies of their original work and hence the text is clear and readable *The Establishment of Schools and Colleges in Ontario, 1792-1910* John George Hodgins, 1910 **Canada and Its Provinces** Adam Shortt, Sir Arthur George Doughty, 1914 **Minutes of Several Conversations at the ...
