Essential Writings of Bernard Cooke Bernard Cooke, Bruce T. Morrill, 2016 **The Hidden History of Women's Ordination** Gary Macy, 2012-11-29 The Roman Catholic leadership still refuses to ordain women officially or even to recognize that women are capable of ordination But is the widely held assumption that women have always been excluded from such roles historically accurate How might the current debate change if our view of the history of women's ordination were to change In *The Hidden History of Women's Ordination* Gary Macy argues that for the first twelve hundred years of Christianity women were in fact ordained into various roles in the church He uncovers references to the ordination of women in papal episcopal and theological documents of the time and the rites for these ordinations have survived The insistence among scholars that women were not ordained Macy shows is based on a later definition of ordination one that would have been unknown in the early Middle Ages **T&T Clark Handbook of Sacraments and Sacramentality** Martha

Sacramental Presence Ruthanna B. Hooke, 2023-05-22 Drawing on performance studies and sacramental and liturgical theology Ruthanna B Hooke develops a theology of proclamation grounded in the body's experience of preaching The author explores the claim that preaching is a sacramental event of communion with the triune God by comparing the steps involved in voice production with the fourfold shape of the Eucharist This comparison yields a description of preaching as an event of self offering that allows space for the humanity of the preacher and as an encounter with the Holy Spirit that is communal and prophetic Preaching draws participants into Christ's dying and rising and hence into a mode of power known in

vulnerability Calling hearers into the eschatological event of the resurrection preaching inherently moves toward proclamation on political and ethical issues Hooke uses this theological framework to offer ways of preaching on environmental crisis and on racism The author calls preachers to embodied engagement with preaching and describes a way for preachers to bear witness to Jesus Christ not only in the content of their proclamation but in their way of being in the preaching event ***A Companion to the Eucharist in the Middle Ages*** Ian Levy, Gary Macy, Kristen Van Ausdall, 2011-10-28 The Eucharist in the European Middle Ages was a multimedia event First and foremost it was a drama a pageant a liturgy The setting itself was impressive Stunning artwork adorned massive buildings Underlying and supporting the liturgy the art and the architecture was a carefully constructed theological world of thought and belief Popular beliefs spilling over into the magical celebrated that presence in several tumultuous forms Church law regulated how far such practice might go as well as who was allowed to perform the liturgy and how and when it might be performed This volume presents the medieval Eucharist in all its glory combining introductory essays on the liturgy art theology architecture devotion and theology Contributors include Celia Chazelle Michael Driscoll Edward Foley Stephen Edmund Lahey Lizette Larson Miller Ian Christopher Levy Gerhard Lutz Gary Macy Miri Rubin Elizabeth Saxon Kristen Van Ausdall and Joseph Wawrykow

Friendship Across Religions Alon Goshen-Gottstein,2018-08-08 Friendship is an outcome of as well as a condition for advancing interfaith relations However for friendship to advance there must be legitimation from within and a theory of how interreligious relations can be justified from the resources of different faith traditions Friendship Across Religions explores these very issues seeking to develop a robust theory of interreligious friendship from the resources of each of the participating traditions It also features individual cases as models and precedents for such relations in particular the friendship of Gandhi and Charlie Andrews his closest personal friend Contributors Balwant Singh Dhillon Timothy J Gianotti Alon Goshen Gottstein Maria Reis Habito Ruben L F Habito Ryan McAnnally Linz Stephen Butler Murray Eleanor Nesbitt Anantanand Rambachan Meir Sender Johann M Vento and Miroslav Volf Beyond Reformation? David Aers,2015-11-15 In *Beyond Reformation* An Essay on William Langland s Piers Plowman and the End of Constantinian Christianity David Aers presents a sustained and profound close reading of the final version of William Langland s Piers Plowman the most searching Christian poem of the Middle Ages in English His reading most unusually seeks to explore the relations of Langland s poem to both medieval and early modern reformations together with the ending of Constantinian Christianity Aers concentrates on Langland s extraordinarily rich ecclesiastic politics and on his account of Christian virtues and the struggles of Conscience to discern how to go on in his often baffling culture The poem s complex allegory engages with most institutions and forms of life In doing so it explores moral languages and their relations to current practices and social tendencies Langland s vision conveys a strange sense that in his historical moment some moral concepts were being transformed and some traditions the

author cherished were becoming unintelligible Beyond Reformation seeks to show how Langland grasped subtle shifts that were difficult to discern in the fourteenth century but were to become forces with a powerful future in shaping Western Christianity The essay form that Aers has chosen for his book contributes to the effectiveness of the argument he develops in tandem with the structure of Langland's poem he sustains and tests his argument in a series of steps or passus a Langlandian mode of proceeding His essay unfolds an argument about medieval and early modern forms of Constantinian Christianity and reformation and the way in which Langland's own vision of a secularizing de Christianizing late medieval church draws him toward the idea of a church of fools beyond papacy priesthood hierarchy and institutions For Aers Langland opens up serious diachronic issues concerning Christianity and culture His essay includes a brief summary of the poem and modern translations alongside the original medieval English It will challenge specialists on Langland's poem and supply valuable resources of thought for anyone who continues to struggle with the church of today The Cambridge Companion to Medieval English Mysticism Samuel Fanous, Vincent Gillespie, 2011-05-12 The widespread view that mystical activity in the Middle Ages was a rarefied enterprise of a privileged spiritual elite has led to isolation of the medieval mystics into a separate narrowly defined category Taking the opposite view this book shows how individual mystical experience such as those recorded by Julian of Norwich and Margery Kempe is rooted in nourished and framed by the richly distinctive spiritual contexts of the period Arranged by sections corresponding to historical developments it explores the primary vernacular texts their authors and the contexts that formed the expression and exploration of mystical experiences in medieval England This is an excellent insightful introduction to medieval English mystical texts their authors readers and communities Featuring a guide to further reading and a chronology the Companion offers an accessible overview for students of literature history and theology **Fallible Authors** Alastair Minnis, 2008 Iconic saxophonist Sadao Watanabe is joined by a trio of rising stars from New York for a new album Gerlad Clayton Ben Williams and Johnathan Blake add their touches to such tracks as Simpatico What I Should and Warm Days Ahead *Efficacious Engagement* Kimberly Hope Belcher, 2011-12-01 The long standing tradition of baptizing infants suggests that the sacraments plunge our bodies into salvation so the revelation of God's love in the sacraments addresses the whole person not the mind alone In this work the contemporary Roman Catholic rite of baptism for infants becomes a case study manifesting the connections between the human body the ecclesial body and the Body of Christ The sacramental life for children as for adults is an ongoing journey deeper into the life of the Father the Son and the Holy Spirit By examining the church's practice of infant baptism Kimberly Hope Belcher asks how human beings participate in God's life through the sacraments Christian sacraments are embodied cultural rituals performed by and for human beings At the same time the sacraments are God's gifts of grace by which human beings enter into God's own life In this study contemporary ritual studies sacramental theology and trinitarian theology are used to explore how participation in the sacraments can be an efficacious engagement in God's life of love Kimberly Hope Belcher is

an assistant professor of theology at Saint John's University where she teaches sacramental theology and ritual studies She is a member of the North American Academy of Liturgy and writes for the liturgical blog Pray Tell **Sacramentality**
Renewed Lizette Larson-Miller, 2016 Tracing developments in sacramental theology over the past twenty five years this study explores a growing ecumenical dynamism in both the academic study of sacramentality and its centrality in pastoral applications But how does ecumenical excitement in a renewed discovery of sacramental theology fit with different theologies of church and different pastoral beliefs and practices How does the universality of academic accessibility in the form of an expansive ecumenical sharing of perspectives meet the particularities of pastoral reality and ecclesial polity Arguing in favor of fruitful ecumenical conversation this book also focuses on the crucial interaction of ecclesiology liturgical practice and sacramentality which raises the need for a creative tension between the particularities of a given ecclesial system and the catholicity of Christian sacramentality Using Anglican sacramental theologies and Anglicanism as vehicles of exploration this study contributes to an overview of the state of the field of sacramental theology in the twenty first century while challenging the assumption that one size fits all In sacramental theology as in other important areas of Christian life unity in diversity may be the basis for authentic lived sacramentality **The Catholic Periodical and Literature Index**
