Radical Loving Care Erie Chapman, 2003 What is radical about providing loving care The radical concept is that each and every caregiver in today's hospitals should be providing loving care to their patients and to each other In the same vein each and every leader in our hospitals should be taking care of those who care for others This work addresses healthcare leaders through illustrative examples and compelling outcomes that demonstrate the success of the Healing Hospital model in today's hospital Training tools are also provided to help leaders and employee partners construct and advance a culture of loving care in today's technocratic hospital setting

The Landscapes of W. H. Auden's Interwar Poetry Ladislav Vít, 2021-12-14 This is the first book length study foregrounding Auden s sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a

scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition. Precisely because of his stature these elaborations on Auden's preoccupation with places, escapism, borders, and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation. This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry, interwar culture, and the literary representation of space. **With God on Our Side** Adam D.

Reich, 2012-04-15 When unions undertake labor organizing campaigns they often do so from strong moral positions contrasting workers' rights to decent pay or better working conditions with the more venal financial motives of management. But how does labor confront management when management itself has moral legitimacy? In *With God on Our Side* Adam D. Reich tells the story of a five-year campaign to unionize Santa Rosa Memorial Hospital, a Catholic hospital in California. Based on his own work as a volunteer organizer with the Service Employees International Union (SEIU), Reich explores how both union leaders and hospital leaders sought to show they were upholding the Catholic mission of the hospital against a market represented by the other. Ultimately, workers and union leaders were able to reinterpret Catholic values in ways that supported their efforts to organize. More generally, Reich argues that unions must weave together economic and cultural power in order to ensure their continued relevancy in the postindustrial world. In addition to advocating for workers' economic interests, unions must engage with workers' emotional investments in their work, must contend with the kind of moral authority that Santa Rosa Hospital leaders exerted to dissuade workers from organizing, and must connect labor's project to broader conceptions of the public good. The Subversive Harry Potter Vandana Saxena, 2014-01-10 The seven books in J. K. Rowling's *Harry Potter* series bring together a variety of aspects of young adult fiction and portray youthful rebellion as well as cultural containment and an adolescent's negotiations through these conflicting forces. This detailed study of *Harry Potter* explores the limits of the formulaic structure of adolescent fantasy fiction and also examines the impulse of exploration, subversion, and resistance contained within the formula. Within both subversion and containment in the narrative, young adult fantasy becomes an embodiment of the experience of adolescence: its angst, rebellion, and also its journey of personal maturation.
