Longer Stories:

The Long and Winding Road: a collection of short stories Fairbanks, 2024-03-05 Long and Winding Road is a collection of eleven short stories. Nine of the stories are prose, one is a play, and another is a narrative poem, but all eleven are really stories just in different genres. The value of a collection of short stories is that you can read just one story at a sitting or two sittings for the longer stories, rest from it, and then dip in for another treat next reading session. Settings are primarily Australian, though one story is set in a fictitious ancient kingdom and one in northern Mexico and parts of USA. The short play is set in a nursing home of all places. Readers will meet a range of interesting characters: Miss Magnolia who has a secret, Viv Black who uncovers a secret, the trans gender Al Mara, the young loom girl Therese who becomes Queen, the boy wonder Agave who was born without vocal cords but is anything but mute, Mohair Mary, the talented and prescient Aboriginal woman Doreen, teen Essie Esmerelda who discovers gold as she discovers her Self, the former sex worker Penelope in a nursing home, Master Nathaniel who dies by guillotine, and dozens more. Some stories border on the bawdy but nothing X-rated, some deal with tragedy and misadventure, some with romance and strong personal bonds. It's like life: We trudge along life's path, the winding road dragging life's burdens behind in the dust, not knowing what lies around the next bend. But always there are more stories to tell.

Troubling Tricksters Deanna Reder, Linda M. Morra, 2010-02-10 Troubling Tricksters is a collection of theoretical essays creative pieces and critical ruminations that provides a re-visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example The Cambridge Companion to Native American Literature 2005 includes only a brief mention of the

trickster with skeptical commentary And in 2007 Anishinaabe scholar Niigonwedon Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the critic's responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts The contribution of Troubling Tricksters therefore is twofold to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists call for cultural and historical specificity

Storytelling Rodolphe Gasché, 2018-09-19 An innovative philosophical meditation on the muteness of Holocaust survivors and the human faculty of storytelling In Storytelling Rodolphe Gasché reexamines the muteness of Holocaust survivors that is their inability to tell their stories This phenomenon has not been explained up to now without reducing the violence of the events to which survivors were subjected on the one hand and diminishing the specific harm that has been done to them as human beings on the other Distinguishing storytelling from testifying and providing information Gasché asserts that the utter senselessness of the violence inflicted upon them is what inhibited survivors from making sense of their experience in the form of tellable stories In a series of readings of major theories of storytelling by three thinkers Wilhelm Schapp whose work will be a welcome discovery to many English speaking audiences Walter Benjamin and Hannah Arendt Gasché systematically assesses the consequences of the loss of the storytelling faculty considered by some an inalienable possession of the human both for the victims humanity and for philosophy This book pursues the problem of what happens when the stories that are the object of narration become so enigmatic and troublesome that they withdraw from the realm of communicability and meaning into the space of a certain muteness By focusing on Schapp Benjamin and Arendt Gasché succeeds brilliantly in weaving together the three strands that are most vital to its subject philosophical rigor literary sensitivity and historical concreteness Gerhard Richter author of *Inheriting* Walter Benjamin *The Press and the Suburbs* David B. Sachsman, 2017-07-05 The changing economic and demographic patterns of the United States have many measurements few of them however are more comprehensive than the new circulation realities of the press This volume tells the story of the twenty six daily newspapers of New Jersey from the 1960s to the 1980s and in so doing tells the story of the rise of suburbia and the golden age of suburban journalism In an intense effort to keep pace with the changing location of their readers and most particularly with the upscale consumers the shift to the suburbs was marked by changes in news coverage advertising and promotion Though people have predicted the decline of newspaper business for more than fifty years they were proven wrong by the rise of the suburban press and by the survival of most newspapers urban and suburban alike through the 1980s and 1990s But in the twenty first century the news and information industry has changed and the national and international economy has faltered

In his new preface David Sachsman takes the reader on a tour of what happened to each of the New Jersey daily newspapers since the publication of the original. The twenty six newspapers studied have dwindled to sixteen and huge losses in circulation have caused drastic cutbacks and mergers. The decline in New Jersey newspaper readership is part of a national trend. This is an essential book for all American historians, journalists and communication specialists.
