Sebastien de Castell,2021-10-14 A brilliant story of adventure wit and philosophy from the origins of the SPELLSLINGER series to enrapture devotees as well as newcomers alike New to the ways of the Argosi the tribe of wandering philosophers who seek to defeat evil by wit and guile Ferius Parfax encounters a hideous plague the Red Scream Highly contagious caught by the hearing of a deadly verse it turns its victims into mindless monsters that destroy all human life they come into contact with With the help of a deaf boy whom she has saved from two horrifying victims of the plague she sets out to find the source of the Red Scream and overcome it s terrifying power Along the way she is joined by another Argosi Rosie who purports to be so much wiser and more adept than Ferius but who turns out to have her own dark secrets Peopled with extraordinary characters and gut wrenching drama Ferius s story teaches her hard lessons about the limits of the Argosi s ways Readers will delight not just in this amazing masterclass in plot pacing and narrative drive but in the seemingly bottomless well of wit thought and wisdom that the story brings up and that has changed lives down the ages It takes the reader on a journey like no other

**Kavalariana** Angeliki Lymberopoulou,2006-12-31 Dr Angeliki Lymberopoulou lectures on Byzantine Studies at the Open University and is an expert on the art and society of Venetian dominated Crete 1211 1669 During this period Crete was perhaps the most important Venetian stronghold in the Mediterranean The traditional view that there was little cultural interaction between the native Greek Orthodox population and the Venetian colonists has recently been cast in doubt From the early fourteenth century onwards the two ethnically and religiously different inhabitants of Crete formed in fact a hybrid society and Cretan artistic development reflects this progress The book focuses as a case study on the church of the Archangel Michael at Kavalariana This is a small church in the village of Kavalariana on the south western part of the island It is dated by a dedicatory inscription to the year 1327 28 The conservative iconographic programme of the wall paintings inside the church consists of seventeen religious scenes and thirty three isolated saintly figures As the paintings are signed Ioannes they have been attributed to the prolific fourteenth century Cretan artist Ioannes Pagomenos A close examination of the style and comparisons with Pagomenos oeuvre suggest however that Ioannes of Kavalariana was a separate artist with an identity of his own A unique feature of the Kavalariana cycle is the pro Venetian inscription which in combination with the

fourteen portraits of the donors that appear in the church forms an important witness to Venetian Cretan cultural interaction
