## Looking On Images Femininity:

*Looking on* Rosemary Betterton, 1987      **Feminine Look** Jennifer Friedlander, 2009-01-01 *Feminine Look* shows how the Lacanian concept of sexualization makes possible a new account of the relationship among feminism psychoanalysis and spectatorship Whereas previous studies have tended to ask how spectatorship may be influenced by sexual difference Jennifer Friedlander asks how particular spectatorial encounters may engender different sexualized responses In so doing she traces a fresh path through Freud's account of the relationship between visual perception and sexual difference and rereads Freud's fable of castration anxiety suggesting that sexual identity arises as a response to the symbolic order's indifference to the subject's need for a solid identity She examines provocative and controversial artistic images by Jamie Wagg Marcus Harvey and Sally Mann to demonstrate how images not only create and embody social practices but also precipitate viewer anxieties and pleasures      Sexing the Look in Popular Visual Culture Kathy Justice Gentile, 2020-05-15 With dramatic advances in media technology the practice of sexing or erotically enhancing images has become an increasingly widespread phenomenon The eroticized look as both noun and verb the thing or image that draws our look and the look that we bestow on images that elicit our visual physiological and emotional attention is the focus of the essays in this volume Every day whether we are out in the world or in the workplace or in the privacy of our homes we enter visual fields that heighten and distort reality distortions that often emphasize sexuality and erotic promise The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives including literature film studies history philosophy art history and media studies with gender and sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project The essays in this collection offer new theoretical conceptions of perception and representation as well as rigorous reconsiderations of the polarized feminist debates over pornographic images Essays on literature and film range from an interrogation of Baudrillard's theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones's challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots Other contributors consider the history of nudist images in US periodicals the proliferation of eroticized images of girls in new digital technologies gentlemanly masculinity in men's fashion in late Victorian England and a rape prevention campaign's unintentional reinforcement of persistent heterosexist misconceptions about rape      Seeking Janet Claussen, Julia Ann Keller, 2003 *Seeking* *Doing Theology with Girls* is an introduction to theological methods and reflection with an emphasis on actively engaging girls in making connections between their experience and the wisdom of the Scriptures and Tradition The overriding theme of this manual is that the life experience of women brings richness and balance to the academic discipline of theology Topics covered include images of God gospel feminism women theologians morality sexual integrity ecofeminism and personal and global justice grounded in a theology of life      Dolly Parton, Gender, and Country Music Leigh H. **The Image of the Feminine in the Poetry of W.B. Yeats and Angelos Sikelianos** Anastasia Psoni, 2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans's discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re-creating a gynocentric mythology was no longer a fantasy In Yeats's and Sikelianos's gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats's and Sikelianos's gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space
