Mormonism Einar Anderson,2012-12-14 A converted Mormon relates his experience as the Holy Spirit guided him into his newfound faith in Christ *Mormonism - a Life Under False Pretenses* Former Mormon Bishop Baker,2016-04-15 Second Edition The fundamental difference that sets the Mormon Church apart from all truly Christian churches is the sinister and self serving distortion of the very personality and character of the Lord Jesus Christ For Mormonism to be true Christ Himself must be corrupted into one who authorized horrible behavior thus rendering the past Mormon Prophets completely blameless concerning the motivations for their unspeakable actions Within the formal teachings of the Mormon Church Jesus Christ Himself and not the Mormon Prophets is the author of polygamy polyandry and blood atonement Under His direction alone Joseph Smith Jr was commanded to take some thirty three wives two as young as fourteen years of age Mormons are instructed that it was the Lord and no one else who required Joseph to take the wives of eleven other men as his own known as polyandry as well as two sets of sisters and a mother and her daughter as his wives while at the same time attempting to become president of the United States of America Brigham Young as the living prophet of God taught through divinely inspired revelation the core principles of blood atonement Reportedly under direction from the Lord Jesus Christ Himself Brigham instructed that some sins of this world required the neck of the sinner to be slit from ear to ear so that the sinner s blood could atone for certain violations of Mormon doctrine Mormons are taught that Brigham Young also was commanded by the Lord to take fifty five wives including some previous wives of Joseph Smith Defense of these disgusting misrepresentations of the very nature and character of the Lord continues today within the walls of Mormon chapels and Mormon temples throughout the world This book examines real world examples of how these beliefs are covered up so that the Church of Jesus Christ of Latter day Saints might better hide among true believers in the compassionate Savior of all mankind Christ Jesus He and His holy name have been disgracefully used so that self centered men might gain some measure of power prestige and perversion This book recounts the true life experiences of a Mormon Bishop who for over thirty years was a High Priest Elders Quorum President and a member of three High Councils for the Church of Jesus Christ of Latter day Saints the Mormons He has participated in hundreds of Mormon Temple Endowments and witnessed firsthand the practice of ceremonial rituals in which the taking of human life was mimicked all in the name of Jesus Christ **The Mormon**

Delusion Jim Whitefield, 2009-07-17 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes **The Mystery and Controversy**

Surrounding Mormonism Walt Scott, 2007-11 The Mormon Church is the fourth largest church in the US Though organized in 1830 and with a current worldwide membership of over thirteen million and annual growth rate of about three hundred thousand it is without a doubt the least well understood major church Surveys show the public has good feelings and respect for members but ignorance and even animosity toward the Church's beliefs and history This timely book addresses ignorance misunderstanding and misinformation providing a clear factual and comprehensive picture It deals candidly with the issues and questions people are asking with solid documented reasons and facts The hope is to increase tolerance respect and good feelings We may not see things the same way but we can at least try to understand and respect each other The book is in two parts with different levels of detail for different levels of interests and easy reading Walt Scott a fifth generation Mormon has twelve ancestors who crossed the planes One joined the new church in 1837 seven years after it was organized This book benefits from that legacy and the author's lifelong experiences in leadership and teaching He has degrees in electrical engineering and management from George Washington University and MIT Sloan Fellow Walt a pioneer himself was part of a small team that built several of the U S's first satellites forerunners of today's GPS systems He joined NASA at its inception becoming a division director at age 34 protocol rank of one star general He was co founder of a company that pioneered methods for early identification of leadership talent When PC's were first introduced he became a self trained consultant Later he and his son designed and managed the construction of modular homes a technology that was quite new when they began Walt has served four times as a Bishop's Counselor twice on Stake High Councils and in numerous teaching assignments He and his wife June Langston Scott have been married for fifty three years and have six children nineteen grandchildren and eight great grandchildren From that group and their spouses there have been twelve who have served fulltime missions for the Church with another preparing to leave shortly and more anticipating that experience They have served in New York Texas England France Russia Chile Uruguay Brazil and Taiwan *Mormonism and the Nature of God* Kurt Widmer, 2000 Until the latter part of the twentieth century Mormonism has been presented in scholarly reconstructions

as a religion that has not changed significantly from its beginnings that presently held beliefs existed as a central core of doctrine at the church's founding in 1830. The author argues instead that the development of Mormonism has been primarily due to external events: popular cultural, philosophical, religious, and scientific, and that these influences have led to the emergence of several streams of thought that are actually in opposition to the early beliefs of the church. Arguably, Mormonism can be seen as a reflection of the development of American society and culture from the early 1800s to the present. The major aim of this work is to establish a proper chronology for the development of Mormon thought, specifically in its concept of the nature of God. The book contains a comprehensive bibliography and index.

Deception by Design Allen F. Harrod, 2011-11-08. *Deception by Design* provides a comprehensive study of Mormonism, exposes the surprising source of Joseph Smith's conversion story, reveals the immense influence of others on Smith's beliefs, equips evangelical Christians with principals for witnessing to Mormons. Allen Harrod has written a wonderfully helpful and insightful book on Mormonism. It is both original in its research as well as in its offering helpful conclusions and applications regarding the nature and history of the Church of Jesus Christ of Latter-day Saints. Dr. R. Philip Roberts, president, Midwestern Baptist Theological Seminary, says: *Deception by Design* represents the best book I have seen in terms of explicating the beliefs and theology of Mormonism and at the same time providing superb approaches to presenting the claims of Christ to Mormons. Dr. Paige Patterson, Southwestern Baptist Theological Seminary.

Secrets Mormons Don't Want You to Know Richard Benson, Cindy Benson, 2011. Most Christians only see the public face of Mormonism thanks to their persuasive PR campaigns: clean-faced young people, parents committed to family values, and spectacular temples. But what do Mormons really believe? In this revealing book, you'll learn their shocking doctrines like: It's good to lie to protect the church. There are millions of gods. God was once a man and became a god. We can become gods too. Jesus and Lucifer were spirit brothers. We all have an Eternal Mother. God is a polygamist. The Jesus of the Bible was a polygamist. The Jesus of Christianity is NOT the Jesus of Mormonism. Sins are forgiven through good works. Salvation by faith in Jesus is utter nonsense. Black people were cursed by God. A group of gods helped Jesus form the earth. Some sins require the shedding of your own blood. You'll also read the moving testimony of former Mormon Cindy Benson. She reveals from personal experience the ugly hidden side of Mormonism. She was only eleven years old when her 53-year-old father announced that a 15-year-old girl must become his second wife. Once you know what Mormons really believe, you will be better equipped to witness to them. Here is what Mormon leaders really taught their members and what the Bible has to say about it. We believe this book will help you create burning questions instead of a burning in the bosom for Mormons you know. And the Bible verses are right there to give you the answer.

The Spiritual Evolution of Margarito Bautista Elisa Eastwood Pulido, 2020-03-23. This book is the first full-length biography of Margarito Bautista, 1878-1961, a celebrated Latino Mormon leader in the U.S. and Mexico in the early twentieth century who was a Mexican cultural nationalist, visionary founder of a utopian commune, and Mormon dissident. Surprisingly little is known about

Bautista's remarkable life, the scope of his work, or the development of his vision. Elisa Eastwood Pulido draws on his letters, books, pamphlets, and unpublished diaries to provide a lens through which to view the convergence of Mormon evangelization, Mexican nationalism, and religious improvisation in the U.S.-Mexico borderlands. A successful proselytizer of Mexicans for years from 1922 onward, Bautista came to view the paternalism of the Euro-American leadership of the Church as a barrier to ecclesiastical self-governance by indigenous Latter-day Saints. In 1924 he began his journey away from mainstream Mormonism. By 1946 he had established a completely Mexican-led polygamist utopia in Mexico on the slopes of the volcano Popocatepetl, twenty-two kilometers southeast of Mexico City. Here he preached an alternative Mormonism rooted in Mesoamerican history and culture. Based on his indigenous hermeneutic of Mormon scripture, Bautista proclaimed that the indigenous peoples of the Americas were a chosen race destined to wrest both political and spiritual authority from the descendants of Euro-American colonists. This book provides an in-depth look at a man still regarded with cultural pride by those Mexican and Mexican-American Mormons who remember him as an iconic and revolutionary figure. Lights and Shadows of Mormonism Josiah Francis Gibbs, 1909 **Mormonism** Brigham Henry Roberts, 1902 **Mormonism** Lee B. Baker, 2012. The fundamental difference that sets the Mormon Church apart from all truly Christian churches is the sinister and self-serving distortion of the very personality and character of the Lord Jesus Christ. **The Mormon Monster** Edgar Estes Folk, 1901
