Office,1978-10 **Interpreting Intersectionality** Amund Rake Hoffart,2023-12-01 Against the backdrop of the emergence of intersectionality as a dominant paradigm in feminist scholarship and activism this book explores the genre of metacommentaries as critical responses to the development of intersectionality as a paradigm With attention to the dispersal of intersectionality into ever newer contexts and the missteps and breakdowns that occur during this process it addresses the concern that intersectionality is transforming into something unrecognisable drifting too far away from its foundational sources and visions and becoming diluted by its expansion Examining the process by which metacommentaries engage in a form of corrective storytelling seeking to rescue intersectionality from misuse by pinning it down and returning it to where it belongs Interpreting Intersectionality presents a critique of these gestures of correction arguing that far from reconnecting intersectionality with its roots and enabling it to realise its potential such metacommentaries actually bind the scholarly discourse on intersectionality to an either/or argumentative dynamic It will therefore appeal to scholars and students with an interest in feminist theory gender studies and/or intersectional analysis Path Dependence and Creation Raghu

Garud,Peter Karnoe,2013-05-13 The editors aware of the recent work in evolutionary theory and the science of chaos and complexity challenge the sometimes deterministic flavor of this subject They are interested in uncovering the place of agency in these theories that take history so seriously In the end they are as interested in path creation and destruction as they are in path dependence This book is compiled of both theoretical and empirical writings It shows relatively well known industries such as the automobile biotechnology and semi conductor industries in a new light It also invites the reader to learn more about medical practices wind power lasers and synthesizers Primarily written for academicians researchers and Ph D students in fields related to technology management this book is research oriented and will appeal to all managers
