Oriental Medicine A Modern Interpretation:

Theory Of Chinese Medicine, The: A Modern Interpretation Hai Hong, 2014-04-17 This path breaking book reinterprets Chinese medicine using the approach of the philosophy of science in a manner that strikes common ground with biomedical science It strips Chinese medical theory of the mystique and metaphysical pretensions that too often plague the discipline presenting this theory as being derived from empirical observations and clinical findings Concepts like qi and phlegm and vital organs like the shen kidney are interpreted not as physical entities with defined measurable properties but as constructs to facilitate the application of models for diagnosis and therapy The author evaluates the five element model and the diagnostic therapeutic paradigm of Chinese medical syndromes and suggests how these heuristic models can be subjected to clinical trials Principles governing the use of herbal acupuncture tuina and qigong therapies are elucidated and critically examined Written for medical professionals philosophers of medicine and discerning readers interested in alternative therapies the book also has practical chapters on the placebo effect and Chinese medical treatment of chronic illnesses and a useful compilation of common Chinese herbs and formulations

The Theory of Chinese Medicine Hai Hong, 2014 This trail blazing book strips Chinese medical theory of the mystique and metaphysical pretensions that too often plague the discipline It reconstructs the theory as derived from and consistent with empirical observations and clinical findings in a manner that strikes common ground with biomedical science Concepts like qi and phlegm and vital organs of the body like the shen kidney are interpreted not as physical entities with defined measurable properties but as constructs to facilitate the application of models for diagnosis and therapy Using the approach of the philosophy of science the author evaluates the epistemic credentials of the classical yin yang and five element models and the diagnostic therapeutic paradigm of Chinese medical syndromes and suggests how these heuristic models can be subjected to modern clinical trials Principles governing the use of herbal acupuncture tui na and qigong therapies are elucidated using this empirical scientific approach

Principles Of Chinese Medicine: A Modern Interpretation (Second Edition) Hai Hong, 2015-07-15 As the world's most comprehensive and deeply researched system of alternative and complementary medicine Chinese medicine enjoys a large following in scientifically developed communities Yet its concepts and principles have been shrouded in mystery and obscure language This path breaking book strips this ancient science of its mystique and metaphysical pretensions and interprets it to strike common ground with biomedical science Concepts like qi and meridians are interpreted not as physical entities but as constructs to facilitate diagnosis and therapy using heuristic models Written for medical professionals philosophers of medicine and discerning readers interested in holistic therapies the book offers a unique perspective of Chinese medicine in an advanced biomedical world It has practical chapters on cardiovascular disease irritable bowel syndrome and cancer and a compilation of Chinese herbs This second edition of the acclaimed Theory of Chinese Medicine has new material on chronic diseases and the intriguing possible convergence of biomedicine and TCM

Ancient Chinese

medicine and its modern interpretation Bernard Emms Read,1939

Integrating East Asian Medicine into

Contemporary Healthcare E-Book Volker Scheid,Hugh MacPherson,2011-10-24 Traditional East Asian healthcare systems have moved rapidly from the fringes of healthcare systems in the West towards the centre over the past 50 years This change of status for traditional medicines presents their practitioners with both opportunities and challenges as the focus shifts from one of opposition towards one of integration into biomedically dominated healthcare systems Integrating East Asian Medicine into Contemporary Healthcare examines the opportunities and challenges of integrating East Asian medicine into Western healthcare systems from an interdisciplinary perspective Volker Scheid and Hugh MacPherson bring together contributions from acknowledged experts from a number of different disciplines including clinical researchers Chinese Medicine practitioners historians medical anthropologists experts in the social studies of science technology and medicine to examine and debate the impact of the evidence based medicine movement on the ongoing modernization of East Asian medicines The book considers the following questions What are the values goals and ethics implicit within traditional East Asian medical practices What claims to effectiveness and safety are made by East Asian medical practices What is at stake in subjecting these medical practices to biomedical models of evaluation What constitutes best practice How is it to be defined and measured What are the ideologies and politics behind the process of integration of East Asian medical practices into modern health care systems What can we learn from a variety of models of integration into contemporary healthcare

The Secrets of the I Ching: Ancient

Wisdom and New Science Joseph K. Kim,Dr. David S. Lee,2023-11-21 A comprehensive guide to the mysteries of the I Ching Originally discovered around 3 000 BCE the I Ching is a collection of symbols that explain how patterns in the universe change and shift These sixty four symbols contain within them one of the most powerful keys to understanding the world around us The Secrets of the I Ching is the definitive guide to understanding the ancient mysteries and foundations of the I Ching Authors Dr David Lee and Joseph K Kim guide the reader from the very beginning of Eastern thought the concepts of Tao and Tai Chi through the theory of Yin Yang Trinity the Five Elements and other critical concepts that will unlock the full meaning of the I Ching Instead of simply re interpreting the myriad of meanings ascribed to the I Ching they focus on the

symbols themselves offering a new way of understanding its unique power Filled with over three hundred images and backed by in depth research and study The Secrets of the I Ching is the ultimate guide to the I Ching and essential reading for anyone interested in exploring the power of this ancient source of wisdom and knowledge **Chinese Medicine For**

Health: Holistic Healing, Inner Harmony And Herbal Recipes Hai Hong,Karen Wee,Shan Bin Soh,2022-08-25 This contemporary introduction to Traditional Chinese Medicine TCM is written in a lively and lucid way for the general reader interested in holistic healing and internal harmony It also explains TCM to the Western physician medical concepts are presented in a way that does not conflict with knowledge of biomedicine helping them appreciate TCM as complementary healthcare Beginning with an outline of fundamental entities qi blood and essence the book then expounds TCM models of yin yang the five elements and TCM syndromes that form the basis of diagnosis and therapy Delightful chapters on the healing wonders of herbs and recipes come with instructions for preparing delicious food and teas Explanations of acupuncture chronic disease management and yangsheng life cultivation enlighten with simple yet profound ideas underlying this ancient science They reveal how TCM retains an irreplaceable role in healthcare despite impressive advances in modern medicine The materials in the book have been used in well received public courses in Chinese medicine that the authors have taught for over a decade **Understanding Alternative Medicine** Virginia M Tyler,Lawrence Tyler,2014-04-08

Understanding Alternative Medicine New Health Paths in America provides health professionals and educators with insight into the growing use and social acceptance of alternative medicines in the United States today This book discusses the political economic and scientific implications of multicultural medicine in American society and provides you with specific information on the use of alternative medicines in the United States With this complete and comprehensive guide you will discover the safety and efficacy of alternative medicines therapies and philosophies to offer your patients the best possible care for their ailments Intelligent and informative Understanding Alternative Medicine examines several different philosophies that alternative treatments are based on such as Shamanism Ayurvedic Medicine and traditional chinese medicine and discusses some of the negative consequences of these practices on both the plant and animal kingdoms This essential book will provide you with a variety of medical suggestions to improve your patients health while examining present issues surrounding alternative medicine including realizing the environmental impact on endangered plants and animals used as ingredients in traditional and herbal medicines to help you understand the negative effects on the world while balancing the positive effects for the human population understanding the economic growth and social acceptance of the alternative health industry and its move into mainstream society examining why according to some doctors opinions the United States Food and Drug Administration continues to be unsuccessful in its efforts to properly evaluate the safety and efficacy of alternative medicine Through this essential book you will discover how American medicine has diversified among accepted medical practices as well as medical practitioners and that these trends are beginning to change American health

care practices and procedures Understanding Alternative Medicine offers proof on how these changes have influenced the growing availability awareness and use of traditional medicines in order to expand your options for patient care and help people live improved and healthier lives

Modern Chinese Religion II: 1850 - 2015 (2 vols.) ,2015-10-20 The last of four two volume sets on the key periods of paradigm shift in Chinese religious and cultural history this book examines the transformation of values in China since 1850 in the secular realms of economics science medicine aesthetics media and gender and in each of the major religions Confucianism Buddhism Daoism Christianity as well as in Marxist discourse The nation and science are the values invoked most frequently with the market and democracy a distant second As in previous periods of fundamental change in Chinese history rationalization and secularization have played central roles but interiorization nearly disappears as a driving force Also in continuity with the past the state insists on an exclusive right to define and adjudicate orthodoxy Contributors include Daniel H Bays S bastien Billioud Adam Yuet Chau Na Chen Philip Clart Walter B Davis Arif Dirlik Thomas David DuBois Lizhu Fan David Faure Melissa Wei Tsing Inouye Ji Zhe Xiaofei Kang Eric I Karchmer Andr Lalibert Angela Ki Che Leung Xun Liu Richard Madsen David Ownby Ellen Oxfeld Volker Scheid Grace Yen Shen Michael Szonyi Wang Chien ch uan Xue Yu

Pursuing The Elixir Of Life: Chinese Medicine For Health Hai Hong,Karen Wee,2016-12-15 Since time immemorial Man has pursued the elusive elixir of life The wisdom of ancient Chinese medicine declared immortality unattainable but offered the elixir of longevity through lifestyle diet the judicious use of herbal tonics and the practice of subtle but powerful exercises of qigong and taijiquan This concise volume explains in modern scientific language the principles of ancient Chinese methods of health and the practice of yangsheng or life cultivation Natural holistic solutions to health issues and the intricacies of Chinese diagnosis and therapies are brilliantly exposed complete with detailed descriptions of herbs acupuncture and tuina Discover appetizing recipes for soups porridges and teas that give you that healthy glow and nourish your body and soul Based on a series of popular lectures by the authors this book opens a new chapter in your pursuit of a long and fulfilling life It is also excellent preparation for more advanced studies in Chinese medicine

Fundamentals of Chinese Medicine Guangren Sun,Douglas Darwin Eisenstark,Qingrong Zhang,2014-07-01 The Fundamentals of Chinese Medicine is an international collaboration of Chinese medicine experts from both China and the west and co written by an experienced practitioner who has been teaching the subject in western schools This book covers the theory of traditional Chinese medicine and discusses the topic in greater depth than any English language textbook available today An abundance of classical references are also included here The material in this text comprises course material for a professional course of training in TCM which is also the basic material for studying and comprehension of other more advanced courses in TCM The main contents include the physiological basis of essence qi yin yang and the five phases followed by the theories of essence qi and blood fluids and spirit Organ manifestation channel and collateral theory constitutional theory etiology and patho mechanism and also principles of prevention and treatment are

expounded upon The knowledge in this textbook is approximately equal to that for students of TCM colleges in China and coincides with the requirements in the Examination Syllabus for TCM Professional Practitioners Worldwide **Chinese Medicine in Contemporary China** Volker Scheid,2002-06-12 This ethnography of contemporary Chinese medicine that covers both Chinese medical education and practice *The Treatment of Modern Western Medical Diseases with Chinese Medicine* Bob Flaws,Philippe Sionneau,2001 This book is a textbook and clinical manual on the treatment of modern Western medical diseases with Chinese medicine By modern Western medical diseases we mean all the disease categories of Western medicine excluding gynecology and pediatrics By Chinese medicine we mean standard contemporary professional Chinese medicine as taught at the two dozen provincial Chinese medical colleges in the People s Republic of China The two main therapeutic modalities used in the practice of this style of Chinese medicine are acupuncture moxibustion and the internal administration of multi ingredient Chinese medicinal formulas Treatment plans for each disease discussed herein are given for each of these two main modalities **Interactive Medical Acupuncture Anatomy** Narda G. Robinson,2016-02-22 This presentation uses anatomically precise computer generated reconstructed images of the human body for three dimensional presentation of acupuncture points and channels The CD component is fully interactive and allows the user to see through tissue layers remove tissue layers and rotate structures so that specific acupuncture points can be v *History and Philosophy of Chinese Medicine* Ya Tu,Tingyu Fang,2015-01-15 In this book we endeavor to introduce readers to the cultural background origins and historical development of traditional Chinese medicine We surveyed the most important events in its long history and the conditions that influenced its development including the cultural and philosophical ideas and assumptions that led to the development of the particular methods and techniques of healing that characterize Chinese medicine Our goal is not to give an exhaustive survey of the history and philosophy of Chinese medicine but rather to convey the patterns of its development and allow readers to gain an understanding of the distinctive features of traditional Chinese medicine Chinese Medical Diagnostics Manfred Porkert,2001 **Fukushin and Kampo** Nigel Dawes,2020-10-21 From an internationally known expert in the teaching and practice of Fukushin this is a unique book defining the therapeutic and diagnostic significance of the abdomen in East Asian medicine Nigel Dawes provides a comprehensive description of the practical application of abdominal palpation in clinical settings as well as offering hands on descriptions of the precise methodology of the abdominal exam with supporting visual aids Focusing on specific clinical application in the field of Kampo Sino Japanese Herbal Medicine it allows for the subtleties of the Fukushin method to be disseminated in order to complement Traditional Chinese Medicine training Highly visual and practical Fukushin is the perfect guide for both Japanese and Chinese medicine students and practitioners looking to develop their toolbox of skills in abdominal palpation **The Bloomsbury Handbook to the Medical-Environmental Humanities** Scott Slovic,Swarnalatha Rangarajan,Vidya Sarveswaran,2022-07-28 Bringing together two parallel and occasionally intersecting disciplines the environmental and

medical humanities this field defining handbook reveals our ecological predicament to be a simultaneous threat to human health The book Represents the first collection to bring the environmental humanities and medical humanities into conversation in a systematic way Features contributions from a wide range of interdisciplinary perspectives including literary studies environmental ethics and philosophy cultural history and sociology Adopts a truly global approach examining contexts including but not limited to North America the UK Africa Latin America South Asia Turkey and East Asia Touches on issues and approaches such as narrative medicine ecoprecarity toxicity mental health and contaminated environments Showcasing and surveying a rich spectrum of issues and methodologies this book looks not only at where research currently is at the intersection of these two important fields but also at where it is going

Prescriptions for Virtuosity Eric I. Karchmer, 2022-09-20 Although Chinese medicine is assumed to be a timeless healing tradition the encounter with modern biomedicine threatened its very existence and led to many radical changes Prescriptions for Virtuosity tells the story of how doctors of Chinese medicine have responded to the global dominance of biomedicine and developed new forms of virtuosity to keep their clinical practice relevant in contemporary Chinese society Based on extensive ethnographic and historical research the book documents the strategies of Chinese medicine doctors to navigate postcolonial power inequalities Doctors have followed two seemingly contradictory courses of action First they have emphasized the unique Chinese characteristics of their practice defining them against the perceived strengths of biomedicine and producing an ontological divide between the two medical systems These oppositions have inadvertently marginalized Chinese medicine making it seem appropriate for clinical use only when biomedical solutions are lacking Second doctors have found points of convergence to facilitate the blending of the two medical practices producing innovative solutions to difficult clinical problems Prescriptions for Virtuosity examines how the postcolonial condition can generate not only domination but hybridity Karchmer shows for example how the clinical methodology of pattern discrimination and treatment determination bianzheng lunzhi which is today celebrated as the quintessential characteristic of Chinese medicine is a twentieth century invention When subjected to the institutional standardizations of hospital practice bianzheng lunzhi can lead to an impoverished form of medicine But in the hands of a virtuoso physicians it becomes a dynamic tool for moving between biomedicine and Chinese medicine to create innovative new therapies
