Origami Flowers James Minoru Sakoda, 2012-03-08 Easy to follow instructions and abundant illustrations help create such enchanting blossoms as a six petaled lily daffodil narcissus wheat stalk a 16 petaled chrysanthemum an iris and an accordion pleated leaf plus stems leaves vases

*Shattered Vessels* Michal Peled Ginsburg, Moshe Ron, 2012-02-01 David Shahar 1926 1997 author of the seven novel sequence *The Palace of Shattered Vessels* occupies an ambiguous position in the Israeli literary canon Often compared to Proust Shahar produced a body of work that offers a fascinating poetic and ideological alternative to the dominant models of Amos Oz and A B Yehoshua This book the first full length study of this fascinating author takes a fresh look at the uniqueness of his literary achievement in both poetic and ideological terms In addition to situating Shahar within the European literary tradition the book reads Shahar s representation of Jerusalem in his multi volume novel as a heterotopia an actual space where society s unconscious what does not fit on its ideological map is materially present and argues for the relevance of Shahar s work to the critical discussion of the Arab question in Israeli culture

**Japan Quarterly** ,1960

*The Games of Fiction* David Gascoigne, 2006 This book presents the first complete overview in English of the prose fiction of Georges Perec recognised since his death in 1982 as one of the most influential and innovative French writers of his generation In particular it explores in depth the nature of the numerous and often astonishing games and ludic devices which he used to generate and develop his material and to draw his readers into a playful interaction with his texts Moreover this study situates Perec s writings as the culmination of a significant tradition in twentieth century French writing that of ludic fiction whose evolution is traced from Roussel to Ricardou and the Nouveau Roman and Oulipo movements In so doing it seeks to answer two important questions why did ludic writing reach such particular prominence in the 1960s and 1970s What made its appeal for Georges Perec so special that it came to shape his whole approach to writing and led this orphan of war and holocaust to invest literary game playing with such a profound personal and cultural importance

*Proust And Signs* Gilles Deleuze, 2014-09-26 In a remarkable instance of literary and philosophical interpretation the incomparable Gilles Deleuze reads Marcel Proust s work as a narrative of an apprenticeship more precisely the apprenticeship of a man of letters Considering the search to be one directed by an experience of signs in which the protagonist learns to interpret and decode the kinds and types of symbols that surround him Deleuze conducts us on a corollary search one that leads to a new understanding of the signs that constitute *A la recherche du temps perdu* In Richard Howard s graceful translation augmented with an essay that Deleuze added to a later French edition *Proust and Signs* is the complete English version of this work Admired as an imaginative and innovative study of Proust and as one of Deleuze s more accessible works *Proust and Signs* stands as the writer s most sustained attempt to understand and explain the work of art

Origami Norio Torimoto, Yukiko

Duke,2012-06-15 First published by Norstedts Sweden in 2011 Page facing title page **Japanese Brazilian Saudades**

Ignacio López-Calvo,2019-07-01 Japanese Brazilian Saudades explores the self definition of Nikkei discourse in Portuguese language cultural production by Brazilian authors of Japanese ancestry Ignacio L pez Calvo uses books and films by twentieth century Nikkei authors as case studies to redefine the ideas of Brazilianness and Japaneseness from both a national and a transnational perspective The result suggests an alternative model of postcoloniality particularly as it pertains to the post World War II experience of Nikkei people in Brazil L pez Calvo addresses the complex creation of Japanese Brazilian identities and the history of immigration showing how the community has used writing as a form of reconciliation and affirmation of their competing identities as Japanese Brazilian and Japanese Brazilian Japanese in Brazil have employed a twofold strategic rhetorical engineering the affirmation of ethno cultural difference on the one hand and the collective assertion of citizenship and belonging to the Brazilian nation on the other L pez Calvo also grapples with the community s inclusion and exclusion in Brazilian history and literature using the concept of epistemicide to refer to the government s attempt to impose a Western value system Brazilian culture and Portuguese language on the Nikkeijin while at the same time trying to destroy Japanese language and culture in Brazil by prohibiting Japanese language instruction in schools Japanese language publications and even speaking Japanese in public Japanese Brazilian Saudades contributes to the literature criticizing the cognitive injustice that fails to acknowledge the value of the global South and non Western ways of knowing and being in the world With important implications for both Latin American studies and Nikkei studies it expands discourses of race ethnicity nationality and communal belonging through art and narrative **Japan Through Children's Literature**

Roberta K. Gumpert,1985-11-19 Japan Through Children s Literature should prove a useful bibliography in public and school libraries for collection building and reader s guidance Reference Books Bulletin The book is a marvelous resource for teachers who teach Japan to children and young adults The ALAN Review This bibliography of children s books on Japan is designed to help young Americans acquire a more accurate image and understanding of Japanese culture The annotations for trade books published from the mid sixties to the present will help teachers librarians and interested parents select appropriate materials from the vast numbers of books available Each book is evaluated in terms of content and accuracy in portraying Japan and the Japanese culture and people and a suggested grade level is indicated Annotations are divided by subject and cross references are supplied when the book belongs in more than one subject area A glossary and author and title indexes enhance the accessibility of the information contained in this volume **Chekhov: The Cherry Orchard** James N. Loehlin,2006-09-14 A study of the performance history of Anton Chekhov s The Cherry Orchard **Kindergarten Review** ,1902 Banzai, You Bastards! Jack Edwards,Jimmy Walter,1994 The story of the hell mine of Kinkaseki ranks with the Bridge over the River Kwai as one of the most appalling episodes of the war in the Far East Yet until now it has been known only to a few At Kinkaseki on the island of Taiwan Allied POWs were forced by the Japanese to slave underground year

after year in conditions of extreme danger subjected to savage floggings if weakness or illness prevented them from digging their required quota of copper ore Starved tortured ravaged by dysentery they died in hundreds Written by one of the men who survived who has since fought ceaselessly for compensation Banzai You Bastards describes with moving simplicity the indomitable spirit of men who refused to be beaten into submission An important first hand document of history it publishes for the first time a copy of the secret order from the Japanese High Command to massacre all POWs and leave no traces This order known only to a select secret committee of prisoners which included the author hung over them for nearly a year before the A Bombs and until they were released by the US Marines after the surrender of the Japanese in September 1945 This book records one of the most terrible aspects of warfare Its closing words None of us should forget have been chosen for use on six War Memorials to date in Thailand Singapore New Zealand and Yeovilton England Back jacket cover *Climate, Chaos And Covid: How Mathematical Models Describe The Universe* Chris Budd, 2023-03-21 Mathematical models are very much in the news now as they are used to make decisions about our response to such vital areas as COVID 19 and climate change Frequently they are blamed for a series of dubious decisions creating much concern amongst the general public However without mathematical models we would have none of the modern technology that we take for granted nor would we have modern health care be able to forecast the climate cook a potato have electricity to power our home or go into space By explaining technical mathematical concepts in a way that everyone can understand and appreciate *Climate Chaos and COVID How Mathematical Models Describe the Universe* sets the record straight and lifts the lid off the mystery of mathematical models It shows why they work how good they can be the advantages and disadvantages of using them and how they make the modern world possible The readers will be able to see the impact that the use of these models has on their lives and will be able to appreciate both their power and their limitations The book includes a very large number of both short and long case studies many of which are taken directly from the author's own experiences of working as a mathematical modeller in academia in industry and between the two These include COVID 19 and climate and how maths saves the whales powers our home gives us the material we need to live and takes us into space **Birnbaum's 2025'2026 Walt Disney World**
