The Origin of the Young God Kalidasa, Kālidāsa, 1985 Translation of *Kumarasambhava*

The Body Adorned Vidya Dehejia, 2009-02-26 The sensuous human form elegant and eye catching is the dominant feature of premodern Indian art From the powerful god Shiva greatest of all yogis and most beautiful of all beings to stone dancers twisting along temple walls the body in Indian art is always richly adorned Alankara ornament protects the body and makes it complete and attractive to be unornamented is to invite

misfortune In *The Body Adorned* Vidya Dehejia who has dedicated her career to the study of Indian art draws on the literature of court poets the hymns of saints and acharyas and verses from inscriptions to illuminate premodern India's unique treatment of the sculpted and painted form She focuses on the coexistence of sacred and sensuous images within the common boundaries of Buddhist Jain and Hindu sacred spaces redefining terms like sacred and secular in relation to Indian architecture She also considers the paradox of passionate poetry in which saints praised the sheer bodily beauty of the divine form and nonsacred Rajput painted manuscripts which freely inserted gods into the earthly realm of the courts By juxtaposing visual and literary sources Dehejia demonstrates the harmony between the sacred and the profane in classical Indian culture Her synthesis of art literature and cultural materials not only generates an all inclusive picture of the period but also revolutionizes our understanding of the cultural ethos of premodern India

Male to Male Edward Tejirian, 2013-04-03 Explore the feelings of men toward other men without the pigeonholing found in terms like gay and straight *Male to Male Sexual Feeling Across the Boundaries of Identity* starts with the evidence that most studies on male sexuality have ignored the same sex feelings of men whose identities are heterosexual Of the more than fifty men in this book almost half were aware of some degree of same sex feeling But beyond percentages the primary focus

of *Male to Male* is the exploration through their own words of how these men experienced same sex feelings what these feelings meant to them the fears surrounding them and the consequences of the collision between their heterosexual identities and their same sex feelings In addition to comparative data on women s same sex feelings as well as on what men say in regard to their feelings about women *Male to Male* includes material from two in depth case studies The first is on Clark an African American man who moved into sex with men in prison His story shows that the need to see gay men as feminine is really a cultural defense against the powerful pull toward the male to male bond and points to the movement to fulfill that bond when this defense is dropped The second is on Zack a gay police officer His story explores the different dimensions and meanings of the male to male bond as these unfolded in his own life while telling about the heterosexually identified men who came out to him about their own same sex feelings *Male to Male* will help you explore same sex feelings in heterosexual men and women same sex feelings in the military prison culture and the heterosexual role the fear of domination the aesthetics of fear and power the dynamics of rape passionate relationships between heterosexual identified men and much more *Male to Male* provides evidence showing that the identity that really counts constituting the deepest source from which men s sexual feelings for each other spring is not specifically a gay or heterosexual identity That source is rather a male identity and beyond that a human identity Haunted Texts William Evan Fredeman,2003-01-01
