**Origins** R. Douglas Francis, Richard Jones, Donald B. Smith, 1988      Origins ,2012      **Origins** R. Douglas Francis, 2009  
*Canadian History: Beginnings to Confederation* Martin Brook Taylor, Doug O'wram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover      **Origins: Canadian History** R.D. Francis,      **Origins** Robert A. Wardhaugh, Alan Andrew MacEachern, 2016-11-14 Origins and its post Confederation partner Destinies continue their unrivalled ability to tell the story of the history of Canada by balancing different types of history while maintaining a coherent narrative that does not drown the reader in detail In their new editions these books have made even greater investment in student engagement from beautiful production values to a careful integration of social history with relevant examples that show readers history in the novels and films around them MindTap™ a fully online learning solution combines all learning tools readings multimedia activities and assessments into a single Learning Path that guides the student through the curriculum and brings history to life      **A Brief History of Canada** Roger E. Riendeau, 2007 Presents a concise history of Canada from the time of early exploration by Europeans to the present day      History of the Book in Canada: Beginnings to 1840 History of the Book in Canada Project, 2004-01-01 Impressive in its scope and depth of scholarship this first volume of the History of the Book in Canada is a landmark in the chronicle of writing publishing bookselling and reading in Canada      **Battle Royal** David Johnson, 2018-01-20 What is the future of the monarchy in Canada A strong republican movement in Canada stresses that the monarchy is archaic and anti democratic an embarrassing vestige of our colonial past An equally vibrant monarchist movement however defends its loyalty to royalty asserting that the Queen is a living link to a political and constitutional tradition dating back over a thousand years But is the monarchy worth keeping Battle Royal answers this question and many more What does the Queen really do What are the powers of the governor general Has the Crown strengthened or weakened Canadian democracy If we abolish the monarchy what do we replace it with And will we have to re open the constitution Charles will soon become King of Canada but a Canada highly ambivalent to his reign This presents the representatives of the Crown with the opportunity to build a better monarchy in both Britain and Canada one relevant to the twenty first century      **A Concise History of Canada** Margaret Conrad, 2022-08-11 A new edition of Margaret Conrad's lucid account of the diverse complex and often contested nation state of Canada  
Reappraisals in Canadian History, Pre-confederation Robert Matthew Bray, Carl Wallace, 1999      *Plunder, Profit, and Paroles* George Sheppard, 1994-02-08 Sheppard demonstrates that the colony was a fragmented and pluralistic community before the war and remained so after it Upper Canadians were divided by racial religious linguistic and class differences and the majority of settlers had no strong ties to either the United States or Britain with most men avoiding military service during the war Reviewing the claims submitted for damages attributed to the fighting he argues that British forces as well as

enemy troops were responsible for widespread destruction of private property and concludes that this explains why there was little increase in anti American feeling after the war Much of the wartime damage occurred in areas west of York now Toronto This was the cause of grievances harboured by settlers in the western part of Upper Canada against their eastern counterparts long after the war had ended As well some Upper Canadians profited from wartime activities while others suffered greatly Only later in the 1840s when these issues had faded from memory did Canadians begin to create a favourable version of wartime events Using garrison records muster rolls diaries newspapers and damage claims registered after the war the author delves beyond the rhetoric of wartime loyalties and reveals how the legacy of war complicated colonial politics

**Charles Fenerty and His Paper Invention** Peter Burger,2007      **Constitutional Odyssey** Peter H. Russell,2004-09-13

Constitutional Odyssey is an account of the politics of making and changing Canada s constitution from Confederation to the present day Peter H Russell frames his analysis around two contrasting constitutional philosophies Edmund Burke s conception of the constitution as a set of laws and practices incrementally adapting to changing needs and societal differences and John Locke s ideal of a Constitution as a single document expressing the will of a sovereign people as to how they are to be governed The first and second editions of Constitutional Odyssey published in 1992 and 1993 respectively received wide ranging praise for their ability to inform the public debate This third edition continues in that tradition Russell adds a new preface and a new chapter on constitutional politics since the defeat of the Charlottetown Accord in 1993 He also looks at the 1995 Quebec Referendum and its fallout the federal Clarity Act Quebec s Self Determination Act the Agreement on Internal Trade the Social Union Framework Agreement and the Council of the Federation progress in Aboriginal self determination such as Nunavut and the Nisga a Agreement and the movement to reduce the democratic deficit in parliamentary government Comprehensive and eminently readable Constitutional Odyssey is as important as ever

Excerpt from *Beauty Tips from Moose Jaw* In one particular seedy St John s pub I was adopted by a

work crew from Portugal Cove who took an immediate almost antagonistic liking to me You re from Alberta you say I have a cousin in Fort McMurray maybe you know him Everybody in Newfoundland has a cousin in Fort McMurray The crew from Portugal Cove tormented me with screech and second hand smoke as they regaled me with tales of how their families were so poor back when that all they could afford to eat were lobsters This was not the first time I had heard this Apparently half the population of Newfoundland has subsisted on lobster at some point or other **African Canadians in Union Blue**

Richard M. Reid,2014-05-13 When Lincoln issued the Emancipation Proclamation he also authorized the army to recruit black soldiers Nearly 200 000 men answered the call Several thousand came from Canada What compelled these men to leave the relative comfort and safety of home to fight in a foreign war In African Canadians in Union Blue Richard Reid sets out in search of an answer and discovers a group of men whose courage and contributions open a window on the changing nature of the Civil War and the ties that held black communities together even as the borders around them shifted and were torn asunder **Challenging Frontiers** Lorry W. Hamilton,2017-09-08 In Miseducating Americans Richard

F Hamilton examines accounts of American history appearing in textbooks and popular accounts and compares these with the reports contained in scholarly monographs The task to determine how certain myths and misconstructions became accepted as recorded history Hamilton provides much needed correction of those misleading accounts Was America historically the land of the free Not if you take into account slavery discrimination and post Civil War segregation policies Was America in the late nineteenth century truly expansionist as American textbooks imply or did it actually capitalize on unexpected political and economic opportunities like Russia s desire to rid itself of Alaska Was the acquisition of the Philippines a zealous profit seeking effort aiming for the China market or the fortuitous consequences of a move against Spain during the Spanish American War Miseducating Americans debunks many commonly accepted explanations of historical facts It contends that many accounts are oversimplifications and some are one sided depictions of virtue Hamilton

traces the sources of these misconstructions which mostly come from history textbooks written by authors aiming for popular audiences He then offers explanations as to how and why the inaccuracies have been repeated and passed on
