Museum of New Mexico Press, Santa Fe

Origins Of New Mexico Families In The Spanish Colonial Period

Mario T. García

Origins Of New Mexico Families In The Spanish Colonial Period:

Origins of New Mexico Families Fray Angélico Chávez, 2012-05-29 This book is considered to be the starting place for anyone having family history ties to New Mexico and for those interested in the history of New Mexico Well before Jamestown and the Pilgrims New Mexico was settled continuously beginning in 1598 by Spaniards whose descendants still make up a major portion of the population of New Mexico *Origins of New Mexico Families in the Spanish Colonial Period* Angelico Chavez, 1975 **Origins of New Mexico Families** Fray Angelico Chavez, 1954 **Origins of New Mexico**

Families in the Spanish Colonial Period Angelico Chavez, 1975 *The Spanish Colonial Settlement Landscapes of New Mexico, 1598-1680* Elinore M. Barrett, 2015-06-01 The Spanish began to settle New Mexico in the sixteenth century and although scholars have long known the names of those settlers this is the first book to place the colonists on the map Using documentary genealogical and archaeological sources Elinore M Barrett depicts the settlement patterns of Spaniards in New Mexico from the beginning of colonization in 1598 up to 1680 when the Pueblo Revolt forced the colonists to retreat for a time Barrett describes the natural environment and the Pueblo villages that the Spanish colonists encountered as well as the activities of the Spanish civil and religious establishments related to land labor and tribute and the mission and mining landscapes the colonists created She also recounts the founding and settling of Santa Fe and analyzes demographic dynamics adding a new dimension to studies of the colonial Southwest **Colonial New Mexican Families** Suzanne M.

Stamatov, 2018-06-01 In villages scattered across the northern reaches of Spain's New World empire remote from each other and from the centers of power family mattered In this book Suzanne M Stamatov skillfully relies on both ecclesiastical and civil records to discover how families formed and endured during this period of contention in the eighteenth century Family was both the source of comfort and support and of competition conflict and even harm Cases including those of seduction broken marriage promises domestic violence and inheritance reveal the variabilities families faced and how they coped Stamatov further places family in its larger contexts of church secular governance and community and reveals how these exchanges mundane and dramatic wove families into the enduring networks that created an intimate colonial New Mexico

Maldonado Journey to the Kingdom of New Mexico Gilbert Maldonado, **A Civil War History of the New Mexico Volunteers and Militia** Jerry D. Thompson, 2015-09-01 The Civil War in New Mexico began in 1861 with the Confederate invasion and occupation of the Mesilla Valley At the same time small villages and towns in New Mexico Territory faced raids from Navajos and Apaches In response the commander of the Department of New Mexico Colonel Edward Canby and Governor Henry Connelly recruited what became the First and Second New Mexico Volunteer Infantry In this book leading Civil War historian Jerry Thompson tells their story for the first time along with the history of a third regiment of Mounted Infantry and several companies in a fourth regiment Thompson's focus is on the Confederate invasion of 1861 1862 and its effects especially the bloody Battle of Valverde The emphasis is on how the volunteer companies were raised who led them

how they were organized armed and equipped what they endured off the battlefield how they adapted to military life and their interactions with New Mexico citizens and various hostile Indian groups including raiding by deserters and outlaws Thompson draws on service records and numerous other archival sources that few earlier scholars have seen His thorough accounting will be a gold mine for historians and genealogists especially the appendix which lists the names of all volunteers and militia men

Defying the Inquisition in Colonial New Mexico Francisco A. Lomelí, Clark A. Colahan, 2018-03-01 Miguel de Quintana was among those arriving in New Mexico with Diego de Vargas in 1694 He was active in his village of Santa Cruz de la Ca ada where he was a notary and secretary to the alcalde mayor functioning as a quasi attorney Being unusually literate he also wrote personal poetry for himself and religious plays for his community His conflicted life with local authorities began in 1734 when he was accused of being a heretic What unfolded was a personal drama of intrigue before the colonial Inquisition Francisco A Lomel and Clark Colahan dug deep into Inquisition archives to recover Quintana s writings the second earliest in Hispanic New Mexico s literary heritage First they present an essay focused on Church and society in colonial New Mexico and on Quintana s life The second portion is a translation of and critical look at Quintana s poetry and religious plays

Católicos Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T Garc a here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first significant studies in the still limited field of Chicano religious history Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played in the lives of ordinary men and women in both rural and urban areas Garc a also examines faith based Chicano community movements like Cat licos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s While Latino a history and culture has been for the most part inextricably linked with the tenets and practices of Catholicism there has been very little written until recently about Chicano Catholic history Garc a helps to fill that void and explore the impact both positive and negative that the Catholic experience has had on the Chicano community

Enchantment and Exploitation William deBuys, 2015-12-15 Now more than thirty years later this revised and expanded edition provides a long awaited assessment of the quality of the journey that New Mexican society has traveled in that time and continues to travel

Between Two Rivers Joseph P. Sanchez, 2014-10-20 How an Hispano community maintained its identity over four centuries Located in Albuquerque s south valley Atrisco is a vibrant community that predates the city harking back to a land grant awarded in 1692 Joseph P S nchez explores the evolution of this parcel over the four centuries since the first Spanish settlers arrived He tracks its transformation from an

individual to a community grant peeling away the layers of historical events that have made Atrisco the last piece of undeveloped real estate in a growing metropolitan area Sánchez examines the creation of Atrisco as a frontier community during the Spanish and Mexican periods and shows how it maintained its identity and land ownership into the American era. He describes the historical processes of colonization, land tenures and transfers, and social and economic activity. He also assesses the transfer of the land grant to a private corporation and its subsequent fate and considers Atrisco's role in the future of Albuquerque. Today more than 30,000 New Mexicans are descended from the early settlers of Atrisco, and because few places in the United States have retained their Spanish and Mexican influences as have the New Mexican land grants, the history of Atrisco offers a unique perspective. Sánchez's study preserves Atrisco's origins as part of that area's Hispano heritage, depicting people who learned to defend their culture against outside challenges and embedding local history in a larger regional saga.

New Mexico Wine Donna Blake Birchell, 2013-03-19 Every vine has a story, and nearly four hundred years ago New Mexico's wine journey began when the first Mission grapes were planted in 1629. Taste this rich legacy, the oldest in the United States, in Donna Blake Birchell's account of the turmoil and triumph that shaped today's burgeoning industry. Despite greedy Spanish monarchs, prim teetotalers, and the one hundred year flood's gift of root rot and alkaline deposits, New Mexico winemakers continue to harvest the fruits of sun-soaked volcanic soils and clear skies, blending their family stories with the vines and traditions of the Old World. Raise a toast and join Birchell on the trail of New Mexico's enchanted wines as she explores the heritage of more than fifty wineries in four distinct wine-growing regions.

New Mexico Past and Future Thomas E. Chavez, 2006 This new perspective on the colorful history of New Mexico includes the stories of many of the people who have spent their lives in the area from before the arrival of Europeans in the sixteenth century through the present day.

In the Midst of a Loneliness James E. Ivey, 1988 *Genealogical Encyclopedia of the Colonial Americas* Christina K. Schaefer, 1998 Covers the period of colonial history from the beginning of European colonization in the Western Hemisphere up to the time of the American Revolution.

Pueblos, Plains, and Province Joseph P. Sánchez, 2021-01-04 In *Pueblos, Plains, and Province*, Joseph P. Sánchez offers an in-depth examination of sociopolitical conflict in seventeenth-century New Mexico, detailing the effects of Spanish colonial policies on settlers, missionaries, and Indigenous peoples' struggle for economic and cultural control of the region. Sánchez explores the rich archival documentation that provides cultural, linguistic, and legal perspectives of the values of the period. Spanish dual Indian policies for Pueblo and Plains tribes challenged Indigenous political and social systems to conform to the imperial structure for pacification purposes. Meanwhile, missionary efforts to supplant Indigenous religious beliefs with a Christian worldview resulted in part in a syncretism of the two worlds. Indigenous resentment of these policies reflected the contentious disagreements between Spanish clergymen and civil authorities who feuded over Indigenous labor and encroachment on tribal sovereignties with demands for sworn loyalty to Spanish governance. The little-studied starvation period adversely

affected Spanish Pueblo relationships for the remainder of the century and contributed significantly to the battle at Acoma the Jumano War and the Pueblo Revolt of 1680 Pueblos Plains and Province shows how history culture and tradition in New Mexico shaped the heritage shared by Spain Mexico the United States and Native American tribes and will be of interest to scholars and students of Indigenous colonial and borderlands history *Indian Alliances and the Spanish in the Southwest, 750-1750* William B. Carter, 2012-12-04 When considering the history of the Southwest scholars have typically viewed Apaches Navajos and other Athabaskans as marauders who preyed on Pueblo towns and Spanish settlements William B Carter now offers a multilayered reassessment of historical events and environmental and social change to show how mutually supportive networks among Native peoples created alliances in the centuries before and after Spanish settlement Combining recent scholarship on southwestern prehistory and the history of northern New Spain Carter describes how environmental changes shaped American Indian settlement in the Southwest and how Athapaskan and Puebloan peoples formed alliances that endured until the Pueblo Revolt of 1680 and even afterward Established initially for trade Pueblo Athapaskan ties deepened with intermarriage and developments in the political realities of the region Carter also shows how Athapaskans influenced Pueblo economies far more than previously supposed and helped to erode Spanish influence In clearly explaining Native prehistory Carter integrates clan origins with archeological data and historical accounts He then shows how the Spanish conquest of New Mexico affected Native populations and the relations between them His analysis of the Pueblo Revolt reveals that Athapaskan and Puebloan peoples were in close contact underscoring the instrumental role that Athapaskan allies played in Native anticolonial resistance in New Mexico throughout the seventeenth century Written to appeal to both students and general readers this fresh interpretation of borderlands ethnohistory provides a broad view as well as important insights for assessing subsequent social change in the region **Juan Domínguez de Mendoza** France V. Scholes, Marc Simmons, Esquibel Antonio José, Eleanor B. Adams, 2012-05-16 Studies of seventeenth century New Mexico have largely overlooked the soldiers and frontier settlers who formed the backbone of the colony and laid the foundations of European society in a distant outpost of Spain's North American empire This book the final volume in the Coronado Historical Series recognizes the career of Juan Domínguez de Mendoza a soldier colonist who was as instrumental as any governor or friar in shaping Hispano Indian society in New Mexico Domínguez de Mendoza served in New Mexico from age thirteen to fifty eight as a stalwart defender of Spain's interests during the troubled decades before the 1680 Pueblo Revolt Because of his successful career the archives of Mexico and Spain provide extensive information on his activities The documents translated in this volume reveal more cooperative relations between Spaniards and Pueblo Indians than previously understood **Timeless Caravan** Thomas E. Chavez, 2020-07-02 Based on extensive research as well as on a career working for cultural institutions historian Thomas E Chavez has created a historical novel about the American southwest specifically in New Mexico and Arizona a place where Europeans settled in 1598 Here is a historical narrative

about one of those families The story begins and ends with Edward Romero who became the United States ambassador to Spain and is prototypical of the thousands of young men and some women who sought a new life in the new world and became American These were people taking risks accepting fate succeeding failing loving and hating The Romero story is an American odyssey shared by any number of families in a region and whose cultural legacy is part of the heritage of the United States that only recently has come to the fore in the United States national consciousness This story delineates a part of the heritage of every American and enriches an already beautiful history A bibliographic essay maps and genealogical charts will assist the reader to differentiate places names and generations
