The Ties That Bind Us Forever is a profound and moving collection that celebrates the intricate and unbreakable bonds of love. Through a series of captivating vignettes, readers are immersed in journeys where two souls, often represented by characters like Elara and Liam or Orion, navigate the complexities of life, time, and even the cosmos, proving that some connections are truly eternal. From the harmonious crescendo of a symphony orchestra to the quiet, deliberate shaping of clay, and from the vast emptiness of space to the grounded reality of shared dreams, each story beautifully illustrates how love adapts, grows, and strengthens in the face of diverse challenges. The book delves into themes of communication, mutual respect, shared purpose, enduring through separation or loss, and the transformative power of unwavering commitment. It is a testament to the idea that love is not merely a feeling but a force, an anchor in life's storms, a guiding light through darkness, and a timeless melody that intertwines two destinies into a beautiful, never-ending story, reminding us that the deepest ties truly bind us forever.

*The Art of Touch* Joan Schweighardt, Faye Rapoport DesPres, 2023-11-01

In *The Art of Touch: Prose and Poetry from the Pandemic and Beyond*, the unique voices of thirty-nine of some of the most creative thinkers of our times have been brought together to consider the profound impact of one of our five main senses: touch. Psychologists, healers, massage therapists, academics, creative writers, and others reflect on or tell personal stories about what it means to be able to touch or experience touch, or to have to go without it, as so many did and still do because of the COVID-19 pandemic. They explore how transmissions such as texting may impede opportunities for touch, while those like Zoom may make it possible for people who otherwise might be left behind to stay in touch. From the experience of touching beloved animals to the life-changing ways in which books and performances can touch us virtually, all aspects of touch are acknowledged in these pages.
