Orthodox Feasts Of Jesus Christ The Virgin Mary:

The Incarnate God Catherine Aslanoff,1995 A multilevel catechism intended for use in classrooms and study groups or individual edification and growth Two volume set with over 110 iconographic illustrations *Orthodox Feasts of Jesus Christ and the Virgin Mary* Hugh Wybrew,2000 This book presents selected Orthodox liturgical texts for feasts of the incarnation Freshly translated into modern English each day s material is introduced by a short account of its thematic sources and accompanied by a brief spiritual and theological commentary An opening section gives a concise account of the development of the liturgical calendar and the origins of these feasts in the Orthodox Church *Orthodox Feasts of Jesus Christ and the Virgin Mary* introduces Western Christians to the doctrinal richness of Orthodox liturgical celebrations of the Word become flesh BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Introduction to the Ethiopian Orthodox** Alemayehu Desta,2012-02-23 Faith is the means by which we understand the worlds were framed by the word of God so that the things which are seen were not made of things which are visible Heb 1 2 3 *The Cult of St Anna in Byzantium* Eirini Panou,2018-05-11 The Cult of St Anna in Byzantium is the first undertaking in Byzantine research to study the phenomenon of St Anna s cult from the sixth to the fifteenth centuries It was prompted by the need to enrich our knowledge of a female saint who had already been studied in the West but remained virtually unknown in Eastern Christendom It focuses on a figure little studied in scholarship and examines the formation establishment and promotion of an apocryphal saint who made her way to the pantheon of Orthodox saints Visual and material culture relics and texts track the gradual social and ideological transformation of Byzantium from early Christianity until the fifteenth century This book not only examines various aspects of early Christian and Byzantine civilisation but also investigates how the cult of saints greatly influenced cultural changes in order to suit theological social and political demands The cult of St Anna influenced many diverse elements of Christian life in Constantinople including the creation of sacred spaces and the location of haghiasmata fountains of holy water in the city imperial patronage the social reception of St Anna s story and relic narratives This monograph breaks new ground in explaining how and why Byzantium and the Orthodox Church attributed scriptural authority to a minor figure known only from a non canonical work *On Liturgical Asceticism* David W. Fagerberg,2013-03-04 Drawing on the Eastern Orthodox tradition of asceticism and integrating it with recent Western thought on liturgy David W Fagerberg examines the interaction between the two and presents a powerful argument that asceticism is necessary for understanding liturgy as the foundation of theology **Russian Baptists and Orthodoxy, 1960-1990** Constantine Prokhorov,2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as

living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

Origen's Revenge Brian Patrick Mitchell,2021-10-11 Is the difference of male and female to be completely shaken off so that men and women are no longer men and women but merely human beings The great seventh century saint Maximus the Confessor said yes but such thinking is difficult if not impossible to reconcile with much else in Christian tradition that obliges men and women to live as either men or women Origen s Revenge contrasts the two main sources of early Christian thinking on male and female the generally negative view of Greek philosophy limiting sexual distinction to the body and holding the body in low regard and the much more positive view of Hebrew Scripture in which sexual distinction and reproduction are both deemed naturally good and necessary for human existence These two views account for much of the controversy in early Christianity concerning marriage and monasticism They also still contribute to current controversies over sex roles gender identity and sexual ethics Origen s Revenge also develops the more Hebrew line of early Christian thought to propose a new understanding of male and female with a firmer grounding in scripture tradition theology and philosophy and with profound implications for all human relationships whether social political or spiritual

Basics is the ideal starting point for those exploring Christianity Orthodox Christianity Church History Eastern Orthodoxy and Theology **The Russian Orthodox Church** Basaroff (Archpriest.),1873 Transfiguration Dorothy Lee,2004-11-18 Dorothy Lee argues passionately for restoring the study of The Transfiguration to the centre of the theological stage and she succeeds triumphantly Whereas a theology of transfiguration has long been an essential part of the Eastern theological tradition it has often seemed strange to our Western rational minds The book argues that the transfiguration functions as an epiphany revealing Jesus true identity and also an apocalyptic vision depicting God s transforming future A chapter is devoted to each of the four New Testament narratives of the transfiguration setting the story within the wider literary and theological framework of the text Traces of the transfiguration are examined in other parts of the New Testament particularly in The Gospel of John where the symbolism is close to that of the transfiguration Finally the author draws out the symbolism and theological implications of the transfiguration for an understanding of Christ God s radical future and the transformation of all creation drawing on the icons of Eastern Christianity and Western theologies of beauty This book is a small masterpiece and a model of clarity and lucid exposition *Service Book of the Holy Orthodox-Catholic Apostolic (Greco-Russian) Church* Orthodox Eastern Church,1906 Traditional Festivals Christian Roy,2005-06-29 This illustrated reference work covers a wide range of festivals that have sacred origins and are or have been part of a folk tradition a world religion or a major civilization Traditional Festivals A Multicultural Encyclopedia travels around the world and across the centuries to uncover an often unexpected richness of meaning in some of the major sacred festivals of the world s religions the hallowed calendars of ancient civilizations and the seasonal celebrations of tribal cultures From Akitu to Yom Kippur its 150 entries look at the content and context of these festivals from a number of perspectives including those relating to theology anthropology folklore and social theory tracing their historical development and variations across cultures Readers will get a vivid sense of what each festival means to the people celebrating it how each captures its culture s beliefs hopes and fears founding myths and redemptive visions and how each expresses the universal need of humans to connect their lives to a timeless spiritual dimension *The History of the Rise and Fall of the World's Religions and their Evolution* Younus Samadzada,2022-01-14 This book chronologically documents the rise and fall of the major religions of the world and explores the role that various cultural factors such as dance trance music song and language have played in this evolution The role that leaders play in the evolution of religion is also discussed Starting from the primitive religions of hunter gatherer societies in which religion was not part of any institution the next stages of human life from the agricultural revolution to the modern religions of today are discussed Among the modern religions discussed are Judaism Buddhism Christianity Islam Scientology and numerous others The reader is further provided with a unique perspective on the potential good and evil aspects of religion and the very reality of the existence of a God or gods and the possible downfalls of the religious belief system *Framing Mary* Amy Singleton Adams,Vera Shevzov,2018-04-24 Despite the continued fascination with the Virgin Mary in modern and
