All this and much more in the most comprehensive and attractive book in the Orvis line. [The Orvis Fly-Tying Guide](#) Tom Rosenbauer, 2019-07-01 This essential book on fly tying will teach anyone how to tie flies. All the important techniques are illustrated with color photographs from starting the thread on the hook to whip finishing. How to choose and prepare the correct material and all the necessary tying steps for each fly are detailed in superb large color photographs. Even if you have no previous tying experience, you'll be able to tie dries, nymphs, streamers, saltwater offerings, and bass bugs after just a few sessions with this book. The tyer is then advised how to progress to similar patterns using the same basic techniques. Also included is a huge reference of fly patterns: more than four hundred flies from the Orvis catalog are shown in full color, along with the tying recipes and proportions for each one.
