[The Yardbirds](#) Andrew Darlington, 2025-10-17 There are many reasons for loving The Yardbirds that go way beyond knowing that the group was the launchpad for three superstar guitarists Eric Clapton Jeff Beck and Jimmy Page The Yardbirds operated as an interdependent unit from their most blueswailing origins in which they followed The Rolling Stones with a Crawdaddy Club residency through their series of innovative hit singles For Your Love Evil Hearted You I'm a Man into Shapes of Things and beyond which rivalled The Beatles The Kinks and The Who at the very bleeding edge of 1960s rock culture The neglected psychedelic classics Happenings Ten Years Time Ago and Mister You're a Better Man Than I carried their legacy over into the punk era Their cult albums Five Live Yardbirds Roger The Engineer and Little Games remain highly esteemed and collectable decades later while their sequence in Michelangelo Antonioni's Blow Up movie catches the sixties at its most swingingly iconic Classic rock seldom came as classic as it does with The Yardbirds now considered stars of heritage rock This book exhaustively traces the full Yardbirds story track by track from first to last then picks up the narrative as former members become Led Zeppelin Renaissance Box of Frogs to the later Yardbirds reunion after the death of frontman Keith Relf While interviewing Fairground Attraction for their recent second album Andrew Darlington found himself discussing favourite biscuits and the correct art of dunking with singer Eddi Reader As part of UV Pop Andrew's own lyrics can be found on the CD See You Later Cowboy His popular Eternal Assassin Sci-Fi Fantasy stories are available from Tule Fog Press taking the chronology from prehistory all the way into the far future This book follows his other works on The Hollies The Human League and The Small Faces He lives in Ossett West Yorkshire

From Born to Be Wild to Dazed and Confused John Einarson, 2025-04-01 Emerging from a period of protest and social unrest 1968 was the year that ushered in gut punching sounds that would define classic and hard rock the formation of bands like Led Zeppelin and Black Sabbath rolled away the light sounds of psychedelic music and Flower Power Celebrated music journalist author John Einarson provides the first detailed account of this crucial period Einarson begins by examining the birth of psychedelic music and experimentation beginning in 1965 and the resultant Summer of Love showing how The Who and The Jimi Hendrix Experience planted the seeds for the harder rock sounds at The Monterey Pop Festival Music and popular culture always

reflect prevailing social and political conditions and 1968 was no exception. Events like the Tet Offensive, student protests around the world, the My Lai massacre, the assassinations of Martin Luther King and Robert F. Kennedy, the Chicago Democratic National Convention protests, and the election of Richard Nixon set the stage for a more visceral music that reflected the sense of alienation, frustration, and violence among young people who rejected the vacuous platitudes of Flower Power. Einarson traces the evolution of a harder rock sound throughout the year as well as the formation of pivotal hard rock and heavy metal bands in 1968, including Black Sabbath and Led Zeppelin, who would provide the all-important foundation for what we know today as classic rock.
