Philip II of Spain (Classic Reprint) Martin A. S. Hume,2017-10-18 Excerpt from Philip II of Spain Treated their subject with fuller knowledge and broader sympathies but they have necessarily been to a large extent histories of the great events which convulsed Europe for fifty years at the most critical period of modern times The space to be occupied by the present work will not admit of this treatment of the subject The purpose is therefore to consider Philip mainly as a statesman in relation to the important problems with which he had to deal rather than to write a connected account of the occurrences of a long reign It will be necessary for us to try to penetrate the objects he aimed at and the influences personal and exterior which ruled him and to seek the reasons for his failure For he did fail utterly In spite of very considerable powers of mind of a long lifetime of incessant toil of deep laid plans and vast ambitions his record is one continued series of defeats and disappointments and in exchange for the greatest heritage that Christendom had ever seen with the apparently assured prospect of universal domination which opened before him at his birth he closed his dying eyes upon dominions distracted and ruined beyond all recovery a bankrupt State a dwindled prestige and a Defeated cause He had devoted his life to the task of establishing the universal supremacy of Catholicism in the political interests of Spain and he was hopelessly beaten About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works With the Heart of a King Benton Rain Patterson,2013-12-03 Philip II of Spain the most powerful monarch in sixteenth century Europe and a ferocious empire builder was matched against the dauntless queen of England Elizabeth I determined to defend her country and thwart Philip s ambitions Philip had been king of England while married to Elizabeth s half sister Bloody Mary Tudor a devout Catholic After Mary s untimely death he courted Elizabeth the new queen and proposed marriage to her hoping to build a permanent alliance between his country and hers and return England to the Catholic fold Lukewarm to the Spanish alliance and resolute against a counterreformation Elizabeth declined his proposal When under her guidance England s maritime power grew to challenge Spain s rule of the sea and threaten its rich commerce Philip became obsessed with the idea of a conquest of England and the restoration of Catholicism there by fire and sword Elizabeth bold brilliant defiantly Protestant became his worst enemy In 1586 Philip began assembling the mighty Spanish Armada and in May 1588 it sailed from Lisbon With superior seamanship and strategies Elizabeth s navy defeated

and drove off the Spanish fleet Forced to retreat around the northern coast of Ireland and Scotland Philip's ships ran into violent storms that wreaked havoc It was the rivalry's climactic event
