## Retóricas De La Intransigencia:

**Retóricas de la intransigencia** Albert O. Hirschman, 2023-07-10 Imagina que das un salto atrás doscientos años y puedes hablar en un skyline de guillotinas con las lites aterradas por los sans culottes franceses que reclaman en las plazas libertad igualdad y fraternidad Imagina que retrocedes ciento cincuenta años y escuchas entre barricadas los argumentos de la burguesía autoritaria acerca de por qué el sufragio universal era sinónimo de barbarie Imagina que puedes trasladarte cien años hacia atrás y estás en una elegante mesa con economistas gerentes y juristas que dicen que los derechos sociales la jornada de ocho horas la sanidad o la educación públicas son medidas que hermanan a las dictaduras Imagina el mundo de hoy donde la extrema derecha hace dos décadas repudiada en todo el mundo ha arrastrado a la derecha en su soberbia y juntos repiten sin complejos los mismos argumentos que la reacción ha repetido en los últimos doscientos años no se puede cambiar nada lo vas a empeorar vas a poner en peligro logros que se habrán alcanzado Albert O Hirschman 1915-2012 uno de los pensadores más brillantes de las ciencias sociales nos brinda herramientas para defender la democracia en un momento de amenaza Y con su genio tranquilo también hace un recordatorio al pensamiento progresista más en concreto a la izquierda para que no cometa el mismo error que la derecha y pierda la razón argumentando con exageraciones La historia cuenta Enric Tello, 2005

**La retórica reaccionaria** Albert O. Hirschman, 2020-11-09 A lo largo de los últimos dos siglos y medio se produjeron las principales conquistas emancipatorias de la ciudadanía moderna igualdad ante la ley siglo XVIII participación política siglo XIX y derechos sociales siglo XX Pero a cada una de estas conquistas le siguió una furiosa ola de reacciones conservadoras tan influyentes social y culturalmente como las propias reformas contra las que se levantaban En este verdadero ciclo de las ciencias sociales Albert O Hirschman logró identificar y aislar tres tipos de argumentos reaccionarios paradigmáticos la tesis de la perversidad la de la futilidad y la del riesgo de todo intento de cambio histórico que sirven para analizar la lógica con la que piensan y actúan los reaccionarios de cualquier época también la nuestra *¿Existen alternativas a la racionalidad capitalista?* Crisóstomo, Pizarro Contador, 2020-01-31 Existen alternativas a la racionalidad capitalista Otra manera de vivir y pensar ofrece una perspectiva de largo plazo para comprender la crisis del sistema mundo capitalista Este sistema hoy está ingresando a una fase de bifurcación histórica cuyo desenlace no podemos prever con certidumbre A lo largo de 8 partes y 40 capítulos el libro no solo diagnostica la crisis sino que además ofrece algunas ideas sobre otra manera de vivir y pensar que no serán a fines con la incesante acumulación de capital que define la esencia del sistema

**Epistemology and the Social** Evandro Agazzi, Javier Echeverría, Amparo Gómez Rodríguez, 2008 Epistemology had to come to terms with the social on two different occasions The first was represented by the dispute about the epistemological status of the social sciences and in this case the already well established epistemology of the natural sciences seemed to have the right to dictate the conditions for a discipline to be a science But the social sciences could successfully vindicate the legitimacy of their specific criteria for scientificity More recently the impact of social factors on the

construction of our knowledge including scientific knowledge has reversed in a certain sense the old position and promoted social inquiry to the role of a criterion for evaluating the purport of cognitive including scientific statements But this has undermined the traditional characteristics of objectivity and rigor that seem constitutive of science Moreover in order to establish the real extent to which social conditionings have an impact on scientific knowledge one must credit sociology with a sound ground of reliability and this is not possible without a preliminary epistemological assessment These are some of the topics discussed in this book both theoretically and with reference to concrete cases

**Women's Participation In Mexican Political Life** Victoria Rodriguez,2019-03-13 To date the mainstream literature on Mexican politics has said little about women even though their participation as formal political actors has increased dramatically in the past fifteen years Somewhat surprisingly the political participation of women although well documented in other Latin American countries has been neglected in the case

**Basic Income** Daniel Raventós,2007-10-20 Basic Income is a policy idea that could help us revolutionise the way we organise society This book is the first proper guide to basic income what it is how we can organise it and how it can benefit the majority in different spheres of their lives Basic Income is simply the idea that everyone in a given society has a right to a minimal income This is paid by the state out of taxation Set at a subsistence level it would take the place of unemployment and other benefits This would bring profound social changes Anyone could opt out of employment at any time Those with few skills would no longer be forced to take up jobs with poor prospects and employers offering McJobs would be forced to offer better terms And money wasted by the state in means testing and tracing benefit fraud is saved The campaign in favour of basic income is growing and governments are beginning to take notice This is a clear concise guide to the principles and practicalities of this revolutionary idea

**Dream Nation** María Acosta Cruz,2014-03-19 Over the past fifty years Puerto Rican voters have roundly rejected any calls for national independence Yet the rhetoric and iconography of independence have been defining features of Puerto Rican literature and culture In the provocative new book Dream Nation Mar a Acosta Cruz investigates the roots and effects of this profound disconnect between cultural fantasy and political reality Bringing together texts from Puerto Rican literature history and popular culture Dream Nation shows how imaginings of national independence have served many competing purposes They have given authority to the island s literary and artistic establishment but have also been a badge of countercultural cool These ideas have been fueled both by nostalgia for an imagined past and by yearning for a better future They have fostered local communities on the island and still helped define Puerto Rican identity within U S Latino culture In clear accessible prose Acosta Cruz takes us on a journey from the 1898 annexation of Puerto Rico to the elections of 2012 stopping at many cultural touchstones along the way from the canonical literature of the Generaci n del 30 to the rap music of Tego Calder n Dream Nation thus serves both as a testament to how stories symbols and heroes of independence have inspired the Puerto Rican imagination and as an urgent warning about how this culture has become detached from the everyday concerns of the island s people A volume in the American
