Retreat From The Finland Station Moral Odysseys In The Breakdown Of Communism

A. James Gregor

Retreat From The Finland Station Moral Odysseys In The Breakdown Of Communism:

Retreat from the Finland Station Kenneth Murphy, 1992 In examining the lives of leading revolutionaries Nicolai Bukharin Milovan Djilas Imre Nagy and Alexander Dubcek and writers Andre Gide Arthur Koestler Ignazio Silone and even the young Alexander Solzhenitsyn who became prisoners rather than masters of the bloodshed their adherence to socialism seemed to unleash Murphy reveals to us the terrible moral consequences they suffered as their faith in socialism crumbled He compellingly shows how their idealistic vision spawned a world of want anger terror and death For blind obedience to the socialist cause allowed the new state to perpetuate indeed to incarnate the violence out of which it was born In so doing the idea of revolutionary liberty was devoured Freedom surrendered to Stalinist terror political innocence to Communist corruption eloquence to the silence of the gulag

A Code of Jewish Ethics: Volume 1 Rabbi Joseph Telushkin, 2009-02-04 A Code of Jewish Ethics Volume 1 You Shall Be Holy is the initial volume of the first major code of Jewish ethics to be written in the English language It is a monumental work on the vital topic of personal character and integrity by one of the premier Jewish scholars and thinkers of our time With the stated purpose of restoring ethics to its central role in Judaism Rabbi Joseph Telushkin offers hundreds of examples from the Torah the Talmud rabbinic commentaries and contemporary stories to illustrate how ethical teachings can affect our daily behavior The subjects dealt with are ones we all encounter They include judging other people fairly knowing when forgiveness is obligatory optional or forbidden balancing humility and self esteem avoiding speech that shames others restraining our impulses of envy hatred and revenge valuing truth but knowing when lying is permitted understanding why God is the ultimate basis of morality and appreciating the great benefits of Torah study Telushkin has arranged the book in the traditional style of Jewish codes with topical chapters and numbered paragraphs Statements of law are almost invariably followed by anecdotes illustrating how these principles have been or can be practiced in daily life The book can be read straight through to provide a solid grounding in Jewish values consulted as a reference when facing ethical dilemmas or studied in a group Vast in scope this volume distills more than three thousand years of Jewish laws and suggestions on how to improve one's character and become more honest decent and just It is a landmark work of scholarship that is sure to influence the lives of Jews for generations to come rich with questions to ponder and discuss but primarily a book to live by

A Code of Jewish Ethics: You shall be holy Joseph Telushkin, 2006 Presents the first major code of Jewish ethics to be written in English offering examples from the Torah the Talmud rabbinic commentaries and modern stories to show how ethical teachings can influence daily behavior

The New Labor Radicalism and New York City's Garment Industry Leigh David Benin, 2019-02-21 First published in 2000 This study examines how Progressive Labor an antirevisionist offshoot of the Communist Party USA attempted to revolutionize the labor front in New York City's garment industry during the 1960s An ideologically driven group whose founders were loyal to Stalinism and attracted by Maoism Progressive Labor set out in 1962 to become the vanguard of the American working class

Trapped in the Cold

War Hermann H. Field, Hermann Field, Kate Field, Norman Naimark, 2002 The disappearance behind the Iron Curtain of the American brothers Noel and Hermann Field in 1949 followed by that of Noel's wife and their foster daughter was one of the most publicized international mysteries of the Cold War This dual memoir gives an intensely human dimension to that struggle with Hermann narrating all that happened to him from the day he was abducted from the Warsaw airport to his release five years later and Kate relating her unrelenting efforts to find her husband Thousands of potential victims of Hitler's dragnet were rescued in 1939 and during World War II through separate efforts of the Field brothers Arrested in Czechoslovakia in 1949 Noel was taken to Hungary and used as an example of American perfidy in show trials Hermann went to Poland primarily to find out what had happened to his brother After Hermann's abduction he was taken to the cellar of a secret Polish prison where he was held for five years He gives us a detailed account of his battle to survive alternating despair and horror with mordant humor Meanwhile his family had no idea whether he was still alive and if so where This moving story based on detailed notes made by the authors during and shortly after the events described presents an inside outside counterpoint as Hermann's chapters on his inward journey in his cellar world alternate with Kate's efforts in London to find him by scrutinizing accounts of political events in Eastern Europe for clues and penetrating the diplomatic corridors of power in the West for help Hermann had been arrested by a Polish security agent who later defected and became one of the West's most important informants on Soviet operations in Eastern Europe The search for the Field brothers was complicated by their history of leftist connections for this tense period in the Cold War was also the era of McCarthyism in the United States The book ends with an Epilogue that analyzes the events of fifty years ago in the light of what we know today as the result of newly available archival material *Inside the Soviet Alternate Universe* Dick Combs, 2010-11 Reappraises the end of the Cold War and the collapse of the Soviet Union based on the author's 35 year career as a specialist in Soviet and post Soviet affairs Explores the psychological universe of Soviet rulers to clarify the nature of Mikhail Gorbachev's reforms Provided by publisher **Deep Republicanism** Donald C. Hodges, 2008-01-01 Deep Republicanism Prelude to Professionalism reveals a subversive republicanism in Machiavelli's political theories that is at odds with the demoliberalism often perceived as his primary political agenda It also establishes the importance of this republican agenda in understanding the major revolutions of the modern world **Historical Dictionary of Russian and Soviet Intelligence** Robert W. Pringle, 2015-07-29 This second edition of Historical Dictionary of Russian and Soviet Intelligence is the only volume that lays out how Russian and Soviet intelligence works and how its operations have impacted Russian history It covers Russian intelligence from the imperial period to the present focusing in greatest detail on Cold War espionage cases and the Putin era intelligence community This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on espionage techniques categories of agents crucial operations spies defectors moles and double and triple agents This book is an excellent access point for

students researchers and anyone wanting to know more about the Russian Intelligence The Company of the Creative
David L. Larsen, Great works and authors of the world are introduced and reviewed artistically intellectually and
theologically Persons discussed include Plato Milton Dickens Shakespeare Charlotte Bronte Mark Twain and C S Lewis

The Faces of Janus A. James Gregor, 2004-03-04 Attempting to understand the catalogue of horrors that has characterised
much of twentieth century history Western scholars generally distinguish between violent revolutions of the right and the left
Fascist regimes are assigned to the evil right Marxist Leninist regimes to the benign left But this distinction has left us
without a coherent understanding of the revolutionary history of the twentieth century contends A James Gregor in this
insightful book He traces the evolution of Marxist theory from the 1920s through the 1990s and argues that the ideology of
Marxism Leninism devolved into fascism Fascist regimes and Communist regimes both anti democratic ideocracies are far
more closely related than has been recognised Employing wide ranging primary source materials in Italian German Russian
and Chinese the book opens with an examination of the first standard Marxist interpretation of Mussolini s fascism in the
early 1920s and proceeds through the emergence of fascist phenomena in post Communist Russia A clearer understanding of
the relation between fascism and communism provides a sharper lens through which to view twentieth century history as
well as the present and future politics of Russia Communist China and other non democratic states Gregor concludes

Political Will and Personal Belief Paul Hollander, 1999-01-01 The unexpected collapse of the Soviet Union in 1991
signaled the demise of a political and economic system that was widely perceived as durable the preeminent rival to that of
the United States Less conspicuous than the momentous political transformations were the altered beliefs aspirations and
illusions of the individuals who had maintained and led that system In this original interpretation the eminent sociologist Paul
Hollander focuses on the human aspects of the failure of Soviet communism He examines how members of the Soviet
political elite leaders in communist Czechoslovakia and Hungary high ranking officials in agencies of control and coercion
and distinguished defectors and exiles experienced the erosion of ideals that undermined the political system they had once
believed in Hollander analyzes an array of autobiographical and biographical writings journalistic accounts and scholarly
interpretations of the unraveling of Soviet communism The Soviet Union fell apart not merely because of severe economic
shortcomings Hollander argues but because of the double impact of the conflict between official ideals and practical realities
and an eroding sense of legitimacy in the highest echelons In his conclusion the author considers how Marxist theory both
shaped and undermined the system *Rotten Foundations* Peter W. Sperlich, 2002-11-30 Sperlich examines the ideological
foundations of the socialist regime of the former German Democratic Republic He provides a detailed analysis of the nature
of the GDR s legitimating ideology and of the reasons why the ideology ultimately failed to legitimate the regime The study
uses primary source documents extensively as well as the little existing secondary literature This is part of Sperlich s larger
project dealing with the government society economy political participation and administration of the law and the system of

courts of the GDR This definitive treatment of the GDR provides the background essential to an understanding of all communist systems of the twentieth century As such it is vital reading for scholars students and other researchers seeking to understand the rise and ultimate collapse of communist systems and in particular the decline of the German Democratic Republic *The Breakup of Communism* Matthew A. Kraljic,1993 Contains reprints and excerpts on the current issues and trends in the Soviet Union and Eastern Europe since the passing of communism *Intellectual Paths and Pathologies: How Small Events in Scholarly Life Accidentally Grow Big* Altuğ Yalçıntaş,2009 **The Boston Globe Index** ,1992 **Teaching Study Skills and Strategies in High School** Stephen S. Strichart,Charles T. Mangrum,Patricia Iannuzzi,1997 Provides opportunities for active learning and student practice in the study skills and strategies most important for success in high school **Eastern Europe, 1986-1993** Robert H. Burger,Helen F. Sullivan,1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their Russia and the Former Soviet Union Libraries Unlimited 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan s guide is a pertinent addition to academic and public library collections **Foreign Affairs** ,1992 [The American Bibliography of Slavic and East European Studies for 1994](#) Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs *Bibliography of the Soviet Union, Its Predecessors and Successors* Bradley L. Schaffner,1995 Provides subject access to works on a broad range of topics on the region s social political and cultural development Most of the titles have been published since 1984 With author index
