Retrospect The Work Of Seumas Osullivan:

James Starkey/Seumas O'Sullivan Jane Russell, 1987 This book provides a biographical account of James Starkey's life 1879-1958 and critically evaluates his literary works written under the pseudonym Seumas O'Sullivan. This study is set in the context of Anglo-Irish thought and modern Irish literature.

The Irish Literary Periodical, 1923-1958 Frank Shovlin, 2003 Table of contents

The Reading Figure in Irish Art in the Long Nineteenth Century Tricia Cusack, 2022-02-01 The reading figure has been a recurrent theme in Western art but especially from the nineteenth century. This book examines Irish portraits during the long nineteenth century in which people are shown reading or holding a book. It explores different values ascribed to reading and contemporary constructions of the reader. The selected pictures are by artists born, trained or practising in Ireland. Irish art is therefore used broadly to include work framed in some way by experience of Ireland and its history, culture and politics. This was a time of large social and cultural shifts for Ireland and a period when books and other reading, including Irish novels, were often published in London. Many of the artists and sitters discussed were Anglo-Irish Protestants. Both Imperial and nationalist ideologues tended to devalue reading, especially fiction, as an unmanly occupation. Nonetheless, some men are depicted reading and failing to embody a manly attitude. The spread of the novel and the introduction of silent reading allowed women of the middle and upper classes, often Anglo-Irish, to engage with a range of imaginative reading materials secure from patriarchal surveillance. Visual images of women as serious readers drew on and contributed to the emergence of the New Woman in Ireland.

Myth and Reality in Irish Literature Joseph Ronsley, 1977-09 *Myth and Reality in Irish Literature* offers a rich collection of essays covering a wide spectrum of Irish literature from the early medieval saints and scholars to twentieth-century writers such as Joyce and Beckett. Lady Gregory, Synge, Yeats, O'Casey and Myles na Gopaleen are among the poets, playwrights, critics and authors treated in the book. The essays are written from both a personal and a scholarly perspective. Contributors to the volume include the Irish authors Denis Johnston, Thomas Kilroy, Kate O'Brien and Thomas Kinsella, and scholars David Greene, Denis Donoghue, Ann Saddlemyer and Shotaro Oshima. Of interest to students of English Literature as well as observers of the Irish scene, this book is of particular value to students of Irish heritage and literature.

The Routledge Companion to Irish Art Fionna Barber, Fintan Cullen, 2025-04-30 This companion contains new and innovative writing on Irish art and its history from c. 1800 to the present day. This book critically engages with Irish art in a period linked to key events in Irish history, beginning with the Acts of Union between Britain and Ireland 1800-01 and the significant social and cultural changes that resulted. The book also provides a precedent for a focus on the

significance of art in relation to other subsequent key historical events such as the early twentieth century struggles for independence or the role of political conflict in Northern Ireland from the late 1960s onwards and its aftermath Key themes covered include tradition and innovation upheavals of history place location and artistic formations Irish art and the wider world and embodiment and identity The book expands the critical discourse around Irish art over this period both within Ireland and beyond and encourages the potential for future scholarship in fields and periods not covered This book will be of interest to scholars and students working in art history Irish studies and colonial studies From the Grand Canal to the Dodder Beatrice M.
