## **Return Of The Daystar:**

**Return of the Daystar** Glenn Gore, 2018-03-08 In order to fully understand the reality of the return of Jesus one must not only basically understand the last six thousand years of biblical history but also the last seven years of events that will lead his return Return of the Daystar lays out these events and describes exactly how they relate to Jesus impending return and eventual restoration of planet Earth and the entire surrounding universe In studying the prophetic writings in the Bible it is obvious that a great majority of the prophecies are not written in a chronological order that would guide the reader through the Bible in the order in which they will occur and many other prophecies are hidden within simple statements made in various books of the Bible that could be easily overlooked by the reader In order to make this book as understandable as possible the entire writing is in the chronological order in which the prophetic events will actually occur The return of Jesus was envisioned by the ancient prophets as being a seven year period of catastrophic events that will lead to His return Their vision also revealed that there will be a generation of people who will actually witness the very end of this present world age and the dawning of a new age of peace where death will no longer plague the inhabitants of planet earth Jesus also spoke of that coming generation and how they would actually witness the fulfillment of every event envisioned by the prophets It is very possible that many living today will be among those in the visions who will actually witness the return of Jesus and the liberation of planet earth This is written that all would come to a clear understanding of the visions of the ancient prophets and how the fulfillment of their prophecies will eventually affect not only every person living on planet earth but also every person who has died throughout the ages past There is a statement in the ancient prophetic writings in the Bible that predicted the return of Jesus would be talked about for generations before he actually returns but many would also be saying that they have been hearing about his return for ages yet nothing has changed The writings continued by stating that those who questioned whether Jesus would ever return or not would be ignoring the fact that many other predictions have been made by the prophets throughout the past and they too were also ignored because it was hundreds and even thousands of years later before that particular prophecy came to pass One example found in the writings is the warning that Noah gave before the worldwide flood of the far distant past It is recorded that Noah warned the world continuously for one hundred and twenty years before his warning of the worldwide flood actually came to pass Another example of a prediction that took a long time to complete is the prediction in Genesis 3 14 15 that predicted there would be a person who would come and destroy Satan at some time in the future The person who fulfilled this prophecy was Jesus whose death on the cross set all mankind free from the power of Satan and it will be Jesus who will eventually destroy Satan Time was a major factor in that prediction for from the time that the prediction was made until Jesus actually came and died to defeat the stronghold of Satan was a period of four thousand years Time is the major factor that causes most people to not believe the predictions made by the prophets and this is because of the great difference between our concept of time as compared to God s

perspective of time Both perspectives are totally different as explained in the ancient writings for their writings state that a thousand years in our time is only one day as compared to God s time Therefore from God s perspective it has been only slightly less than two days since Jesus rose from the dead It is this comparison of time that is vital in understanding the vast difference between God s perspective of time as compared to how we view time Though it has now been almost two thousand years since the prophecy of the return of Jesus was made it is to be noted that within the same writing that predicted his return the writer also added that we should remember there have been many in the past who have given up on prophecies that had taken long periods of time to occur They gave up because of their lack of understanding God s perspective of time and also that God at times will possibly briefly delay his actions because of His mercy for He does not wish that anyone should perish Another reason that the return of Jesus is seemingly taking so long in coming is the lack of understanding the full scope of the events that are associated with his return and that the prophetic writings are not presented in a chronological order that would make it easier to understand which is the goal of this book

**Return of the Daystar** Carl R Berman, Jr.,1998-07-01 **Return of the Daystar** Carl Berman Jr.,Carl R Berman, Jr.,2005-07 Tsikka walks the dark Thorn Waste trail accompanied by an armed escort sent by the Southern Chair She is destined to serve the Northern Chair as a Sensitive and Inquisitor In order to complete the journey the party must pass through the country of the Hunneri a race of deadly predators and sworn enemies of her people the hunner praa wars still smolder As they pass a stagnant pond beneath the soaring trunks of the Thorn trees one of the soldiers falls to the ground mortally wounded A bloodcurdling cry from the mist tells the remaining men that they are now face to face with a solitary Hunner male The swift hunter easily dispatches the escort and seeks out the girl who is hiding nearby As he prepares to dispatch the last of the group he is suddenly stopped in mid stroke something in this woman speaks to him What is it What potential does she possess that only this chance meeting of enemies can realize

The second installment of the Dragon Stone Trilogy *The Reformation of the Literal* Erik Lundeen,2025-01-23 What does it mean to read the Bible literally Recent debates on the Protestant reformers have focused on whether they were stridently literal interpreters or maintained a place for allegorical readings However in this nuanced book Lundeen argues that the question of what in fact constituted the Bible s literal sense was also a key question in early modern debates There is no clean binary of literal versus allegorical instead reformers subtly produced a variety of competing literalisms There was not one literal sense in the Reformation but many To make this case Lundeen comparatively analyzes Reformation era commentaries on the prophet Isaiah He further highlights the little known but influential works of the Basel reformer Johannes Oecolampadius who was the first Christian to publish commentaries on most of the biblical prophets in the sixteenth century By placing Oecolampadius in conversation with a host of his better known Christian and Jewish

predecessors and contemporaries this book reframes a central aspect of Reformation era biblical exegesis while also providing a constructive resource for those who seek to read the Bible's ancient prophets as Christian scripture today
