Hadrian's Wall after their successful Dacian campaign only to find Britannia in chaos. The legions are overstretched, struggling to man the forts of the northern frontier in the face of increasing barbarian resistance. The Tungrians are the only soldiers who can be sent into the northern wastes far beyond the long abandoned wall built by Antoninus, where a lost symbol of imperial power of the Sixth Victorious Legion is reputed to await them. Protected by an impassable swamp and hidden in a fortress atop a high mountain, the eagle of the Sixth legion must be recovered if the legion is to survive. Marcus and his men must penetrate the heart of the enemy's strength, ghosting through a deadly wilderness patrolled by vicious huntresses, before breaching the walls of the Fang, an all but impregnable fort, if they are to rescue the legion's venerated standard. If successful, their escape will be twice as perilous with the might of a barbarian tribe at their heels. Christian Nation, 1910

Zarathustra's Dionysian Modernism Robert Gooding-Williams, 2001. In arguing that Nietzsche's *Thus Spoke Zarathustra* is a philosophical explanation of the possibility of modernism, the author shows that literary fiction can do the work of philosophy. New York Magazine, 1988-11-28. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.
