Return Of The Mad Mangler:

A Night in Hangman's Hall Scott W Tyler, 2015-01-15 The old haunted house on the hill Every town has one but not every town was home to the Mad Mangler a vicious killer who took the lives of numerous innocent men and women This was his home Mark Garel Claire Ors and Alex Moore know all of the stories they ve spent their entire lives watching horror movies and learning all about the Mangler Hangman s Hall has a fearsome reputation but that s not going to stop them The three friends are going to stay the night It seemed like a good idea at the time stay the night in a haunted house to prove how brave they are They counted on being afraid but nothing could prepare them for the true horrors that lie within The secrets they will uncover will change their lives forever Could they be the ones who will finally undo the Mangler s evil What chance do they have against all of the powers of the supernatural *Return of the Mad Mangler* Susan Gates, 2002 Leon doesn t really believe that the Crooked Oak is haunted by the ghost of a mad washerwoman But then the tree is kidnapped and a bizarre accident with a computer brings the Mad Mangler to life Leon is alone with her It s his worst nightmare

Superloo: Queen Victoria's Potty W.C. Flushing, 2007-08-02 Superloo has an ego as big as a planet a microchip that belongs to NASA and a mission to rescue its toilet ancestors from the past In this fourth book it s off to Victorian times with Finn his reluctant human helper to rescue the magnificent musical 1812 Overture Toilet designed by the great Sir Walter Closet Along the way Finn gets stuck in a chimney while Superloo ends up at the bottom of the river but nothing stops our heroes when there s a toilet in peril A rollicking rumbustious ride through Victorian times involving slums evil factory owners and a great deal you never knew about Victorian potties All history books should be like this *The Spud from Outer Space* Susan Gates, 2004-08-05 This is a potato with attitude It s come from outer space and it s landed in the council rubbish tip It s growing bigger by the minute and it s looking round for things to eat Only Cruncher his grandad and a potato obsessed professor are around to stop it before it wipes out the human race The bad news is that the crash has upset the rules of space and time and Silas Smite the mad preacher has been brought from the past to hunt down all potato lovers The good news is that Grandad has a secret weapon Gloria the super bin van designed to collect space junk It s chaos out there expect anything *Teaching Secondary English* Mark Pike, 2003-10-30 What the book does extremely well is do describe the way things are in terms of the requirements of the Framework for Teaching English the curriculum and the new specifications and for this reason it is likely to be most useful to those contemplating English tech9ng in the maintained sector from outside returnees aspiring NQTs or those in the independent sector Times Educational Supplement Instead of taking us yet again on a tour through the four modalities of English this book s tri partite structure takes a refreshingly different approach by offering thought provoking argument grounded in classroom practicality Nick McGuinn University of York Students comments on Teaching Secondary English The book is written in clear digestible terms offering many practical ideas for teaching the key skills and the wide range of material encountered in the English classroom It is the kind of book which can

be dipped into which is particularly useful for people who spend most of their time planning lessons Teaching Secondary English is a must for student teachers and NQTs It is a clear comprehensive and practical guidebook dealing not solely with theory and pedagogy but with the very real issues facing new teachers today It is clear that Teaching Secondary English unlike so many textbooks on the subject is written by someone with recent classroom experience and this helps the reader to trust and respect the advice it purports I certainly feel it is grounded in practicalities not pie in the sky theory that will not work in most real classrooms This book enables English teachers to implement change and rise to new challenges while remaining true to an ethically and socially just position which provides the rationale for their vocation The author describes and evaluates recent changes to English teaching brought about by initiatives such as the Literacy Strategy the new A levels and the requirement to focus on spiritual moral social and cultural development Examples of innovative teaching and learning strategies are provided throughout The author helps teachers to foster keen readers writers and communicators He shows how they can enable their students to acquire skills and knowledge as well as to recognize the value of aesthetic experience emotional literacy and spiritual and moral response to literature in their own lives and in their communities This book is essential reading for PGCE students as well as practising teachers and all those involved in English in education
