Return Of The Spirit:

Return of the Spirit Tawfiq al-Hakim, 2019-07-09 The celebrated revolutionary novel from a pioneering Egyptian writer Tawfiq al Hakim now for the first time in Penguin Classics with a foreword by Egyptian writer Alaa Al Aswany First published in Arabic in 1933 Egyptian playwright and novelist Tawfiq Al Hakim s Return of the Spirit follows a patriotic young Egyptian and his extended family as they grapple with the events leading up to the 1919 Egyptian revolution Though often cited as an apprenticeship novel in the vein of Joyce s A Portrait of the Artist as a Young Man with a touch of failed romance a la Goethe s Sorrow of Young Werther Al Hakim s classic is most recognized for being a trailblazing political novel that illustrates the way one man s spiritual awakening ties to a political awakening of a nation While enthusiasm for the book was stifled in the mid 20th century due to a shift in Egyptian government rule the 2011 Tahrir revolution in Egypt caused it to be examined anew as a strong expression of nationalist solidarity and an expos of the heritage stripping power of Western colonialism that resonates with 21st century Egyptians Return of the Spirit is considered Al Hakim s most important novel despite writing more plays than novels and his adept understanding of class and culture within Egyptian society has cemented his place as one of the country s most celebrated writers and cultural critics [Return of the Spirit](#) Tawfiq Ḥakīm, 1990 Both revolution and romance are at the heart of Return of the Spirit first published in Arabic in 1933 The story of a patriotic young Egyptian and his extended family ending with events surrounding the 1919 revolution for al Hakim a literal awakening of the Egyptian spirit the strong expression of nationalist solidarity in Return of the Spirit has particular resonance now Admiration for the novel by the military entrepreneurs who replaced Egypt s monarchy in 1952 temporarily dampened enthusiasm for it but the Tahrir revolution has made it seem once again as fresh as today s news Description from <https://www.rienner.com> May 15 2012

Lessons from Sedona: a Spiritual Pathway to Serenity and Contentment Lewis Tagliaferre, 2010-04-16 Based upon the works of some of the world's greatest thinkers, *Lessons from Sedona: A Spiritual Pathway to Serenity and Contentment* by author Lewis Tagliaferre builds on the success of his first volume, *Voices of Sedona*. This new comprehensive collection of essays is designed to teach the fundamental principles of Theofatalism, the belief that God runs everything in the universe from the smallest subatomic particle to the largest interstellar galaxy. The essays link the five principles developed in *Voices of Sedona* to contemporary issues in society and personal living, including politics, science, religion, aging, history, and economics. Useful for both self-study and as lesson guides to be used in organized discussion groups, the essays show the world as it really is from many different perspectives. A comprehensive and formidable source on metaphysics and spirituality, *Lessons from Sedona: A Spiritual Pathway to Serenity and Contentment* provides a plethora of information for those interested in growing, changing, and transcending the limiting constrictions of consensus beliefs. It communicates humankind's unique place in time and space and their special role in the giant jigsaw puzzle of life. **Sessional Papers** Great Britain. Parliament. House of Lords, 1976 *Heaven or Halakah*

Andrea L. Robinson, 2024-10-07 The idea of going to heaven is more a matter of tradition than sound biblical interpretation. Often referenced to support the notion of a heavenly afterlife, John 14 is a staple of Christian funerals. The promise of many rooms in the Father's house is typically interpreted as Jesus' assurance that he will return to usher believers into heaven.

However John 14 has much more to say about how we live than what happens when we die A closer look at John 14 in the broader context of the Gospel reveals that the Father's house is not a designation for heaven but a reference to God's household of faith In his going away and coming again Jesus doesn't transport his followers to heaven but rather prepares the way into the presence of God by going to the cross As Christ walks in cruciform obedience he models a new way of walking with God a new halakah based on intimate relational faith By following the halakah of Jesus through the power of the Spirit Paraclete believers are equipped to carry out God's will upon the earth and spread his redemptive mission throughout creation
