TAG, YOU'RE DEAD

RETURN FIRE™

Your front line looks like Swiss cheese, and your tank's in flames. If you don't retreat and regroup, the flag's going to fall. And you're gonna get tagged.

In Return Fire, firepower is key, but strategy is what keeps you alive. From helicopters that make Apaches look like Pocahontas, to tanks straight out of your worst nightmares, your mission is to disable enemy forces, blow your way into hostile territory and retrieve the flag with a ground-pounding jeep. But this is no one-sided kill-fest. Your enemy is in your face trying to do the same thing to you.

With superb overall detail, major multimedia video, and a killer dolby® soundtrack, Return Fire is an all-out firefight that keeps you thinking all the time. But don't think too long. Because there's a battalion of bad guys just looking to put the tag on you.

Destroy. Destroy. Destroy.

Return Fire:

Return Fire Ryan Clipper, 2019-09-27 When General Betchley formed the Urban Strike Group to combat the violence in Britain no one had any idea just how effective it would turn out to be The commandos scythed through the streets of London sweeping away terrorists and criminals as fast as they appeared Operating with total anonymity with no fear of recrimination their deadly methods proved to be overwhelming However such ruthlessness was always going to attract attention and now they have a different kind of enemy one as skilled and secretive as the Group itself more than capable of returning fire in the heat of battle The loss of one of their own brings home the harsh realities of urban warfare and the consequences threaten to expose the USG to the very people hunting them Now the commandos will need to defend the Capital while facing this new threat Will their Close Quarter Battle abilities be enough Or will fighting shadowy mercenaries prove to be their downfall

Returning Fire Col. James W. Booth, 2011-09-28 This book is the factual story of the development of armed helicopters in the US Army and their first employment in combat The story is dramatically told by the courageous men who lived it flying daily into enemy infested areas facing murderous fire from automatic and anti aircraft weapons In late 1961 the US Government deployed five Transportation Helicopter Companies H 21 lift ships to South Vietnam to increase the mobility of South Vietnamese ground forces The Viet Cong quickly recognized that the H 21s were unarmed and began shooting at them endangering the lives of American crewmen A helicopter company equipped with 25 UH 1 helicopters had been cobbled together on Okinawa by the Commander US Army Pacific Believing the company was soon to be deployed to Vietnam the men assigned to the unit armed its helicopters by scrounging weapons systems left over from WW II and Korea stored in Army Air Force depots in Okinawa Machine guns and 2 75 inch rockets were jury rigged onto the UH 1s Officially designated

the Utility Tactical Helicopter Company but widely known as the UTT the company deployed to Saigon in September 1962 After some jurisdictional squabbles with the Air Force over roles and missions UTT began combat operations in October It quickly became widely known for professionalism and the courage of its crew members Such was its fame that for years South Vietnamese military personnel called all armed helicopters UTT Unfortunately over its years in RVN the Company endured frequent designation changes UTT 68th 197th 334th Armed Helicopter Company Why remains a mystery even today The Companys legacy is strong and endures today Armed helicopters are a major component of US Army combat forces The current Army Apache program over 600 is a direct descendent Additionally the Marines and Navy have strong armed helicopter programs as does every major military power in the world Ironically it all began with a small group of courageous men mounting scavenged weapons mostly outmoded on helicopters originally designed for medical evacuation This is their story
