Return from Witch Mountain, 2003-01-01 Los Angeles teeters on the brink of nuclear disaster when greedy criminals manipulate a boy's supernatural powers Return from Witch Mountain, **Forgotten Disney** Kathy Merlock

Jackson, Carl H. Sederholm, Mark I. West, 2023-06-28 This work demonstrates that not everything that Disney touched turned to gold. In its first 100 years, the company had major successes that transformed filmmaking and culture, but it also had its share of unfinished projects, unmet expectations, and box office misses. Some works failed but nevertheless led to other more stunning and lucrative ones; others shed light on periods when the Disney Company was struggling to establish or re-establish its brand. In addition, many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems. By exploring the studio's missteps, this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits. With essays by writers from across the globe, it also asserts that what endures or is forgotten varies from person to person, place to place, or generation to generation. What one dismisses, someone else recalls with deep fondness as a magical Disney memory **The Vampire Almanac** J. Gordon

Melton, 2021-10-01 Grab a stake, a fistful of garlic, a crucifix, and holy water as you enter the dark, blood-curdling world of the original pain in the neck in this ultimate collection of vampire facts, fangs, and fiction. What accounts for the undying fascination people have for vampires? How did encounters with death create centuries-old myths and folklore in virtually every culture in the world? When did the early literary vampires, as pictured by Goethe, Coleridge, Shelly, Polidori, Byron, and Nodier, as the personifications of man's darker side, transform from villains into today's cultural rebels? Showing how vampire-like creatures organically formed in virtually every part of the world, *The Vampire Almanac: The Complete History* by renowned religion expert and fearless vampire authority J. Gordon Melton, Ph.D., examines the historic societal and psychological role the vampire has played and continues to play in understanding death, man's deepest desires, and human pathologies. It analyzes humanity's lusts, fears, and longing for power and the forbidden. Today, the vampire serves as a powerful symbol for the darker parts of the human condition, touching on death, immortality, forbidden sexuality, sexual power, and surrender, intimacy, alienation, rebellion, violence, and a fascination with the mysterious. The vampire is often portrayed as a symbolic leader advocating an outrageous alternative to the demands of conformity. Vampires can also be tools for scapegoating, such as when women are called vamps and bosses are described as bloodsuckers. Meet all of the villains, anti-heroes, and heroes of myths, legends, books, films, and television series across cultures and today's pop culture in *The Vampire*

Almanac It assembles and analyzes hundreds of vampiric characters people and creatures including Buffy the Vampire Slayer Vlad the Impaler Edward Cullen and The Twilight Saga Bram Stoker Lestat De Lioncourt and The Vampire Chronicles Lon Chaney True Blood Bela Lugosi Dracula Dark Shadows Lilith Vampire Weekend Batman Nosferatu and so many more There is a lot to sink your teeth into with this deep exhumation of the undead Quench your thirst for facts histories biographies definitions analysis immortality and more This gruesomely thorough book of vampire facts also has a helpful bibliography an extensive index and numerous photos adding to its usefulness *The Vampire Book* J Gordon Melton,2010-09-01 The Ultimate Collection of Vampire Facts and Fiction From Vlad the Impaler to Barnabas Collins to Edward Cullen to Dracula and Bill Compton renowned religion expert and fearless vampire authority J Gordon Melton PhD takes the reader on a vast alphabetic tour of the psychosexual macabre world of the blood sucking undead Digging deep into the lore myths pop culture and reported realities of vampires and vampire legends from across the globe *The Vampire Book The Encyclopedia of the Undead* exposes everything about the blood thirsty predator Death and immortality sexual prowess and surrender intimacy and alienation rebellion and temptation The allure of the vampire is eternal and *The Vampire Book* explores it all The historical literary mythological biographical and popular aspects of one of the world s most mesmerizing paranormal subject This vast reference is an alphabetical tour of the psychosexual macabre world of the soul sucking undead In the first fully revised and updated edition in a decade Dr J Gordon Melton president of the American chapter of the Transylvania Society of Dracula bites even deeper into vampire lore myths reported realities and legends that come from all around the world From Transylvania to plague infested Europe to Nostradamus and from modern literature to movies and TV series this exhaustive guide furnishes more than 500 essays to quench your thirst for facts biographies definitions and more *What Else Should I Read?* Matthew L.
