in an attempt to mold this new world in his own image the psychotic moon base leader Soren commandeers the ship for his select few and abandons those who might resist his unique vision of their future condemning them to certain death Left behind on the moon with a handful of desperate survivors and dwindling resources Tess Robinson a rising star in NASA with a troubled past is thrust into a position where she must make peace with her ghosts if they are to survive Now in a frantic race against time and unimaginable odds they must return to the broken earth if they hope to make the journey to Europa but they must survive not only the final destructive forces unleashed on the planet but the barbaric survivors they left behind
