INTERPRETATIVE VIEWS OF THE REVELATION

See the [Schematic depiction](#) of the major interpretative views. There is considerable disagreement on how the book of the Revelation should be interpreted. Therefore it is **strongly** recommended that you consider performing **your own** inductive study prior to consulting a commentary. The greatest challenge in studying the Revelation is to allow God to say what He says and not try to **spiritualize** or **allegorize** the text. The single best inductive study in my opinion is the Precept Ministries International 4 part study on the Revelation (see below). I would also recommend the Precept inductive study on Daniel (Click [Daniel 1-6 - Living Out a Biblical Worldview](#) or [Daniel 7-12 -Gaining Understanding of the Time of the End](#)) (Click here for links to commentaries on Daniel) because the truths in the book of the Revelation have their foundation in the prophesy in Daniel. To state it another way, a full understanding of the book of the Revelation is virtually impossible without an accurate understanding of the book of Daniel, especially Daniel 2, Daniel 7, Daniel 8 and Daniel 10-12 (Clue: These last three chapters deal with the same subject).

Before you consult any commentary, it is important to recognize that there are **four schools of interpretation** of the Revelation and it is critical to know which view the commentary you are consulting espouses. More importantly you should strive to have a good foundation from your own inductive study before you consult even the most respected commentary or otherwise you will almost certainly be confused by the wide diversity of interpretations of the same passage! The **four views of interpretation** are summarized in the following chart (see also [Bibliography](#)).

Cyril Barber in [The Minister's Library - Volume 3](#) has some cautions on a popular book edited by Steve Gregg, Steve, ed. *Revelation: Four Views. A Parallel Commentary* writing the following -

"Combines four major ways to interpret John's vision taking a careful look at the postmillennial, amillennial, and premillennial views before discussing the preterist, [historicist](#), futurist, and idealist interpretations. Though lauded by some modern neo-orthodox theologians, this work suffers from some unfortunate limitations (e.g., where futuristic approaches are criticized for assigning everything after chapter 4 to a very limited period of history, and the critique of a literal millennium, etc.). Conceptual Metaphor of War in the Apocalypse Clifford Winters,2020-09-25 In *Argument is War Relevance Theoretic Comprehension of the Conceptual Metaphor of War in the Apocalypse* Clifford T Winters demonstrates that the apparent war in the Apocalypse is rather telling the story of the gospel how Christ will restore Israel and through them the rest of the world When Revelation is viewed through the corrective lens of cognitive linguistics its violence becomes victory its violent characters become Christ and its bloody end becomes the blessed beginning of the New Jerusalem Revelation is simply telling the story of the early church the Gospels and Acts to the early church and it is using a conceptual metaphor ARGUMENT IS WAR to do it **Messiah and Exaltation** Andrew Chester,2007 Andrew Chester focuses on Jewish

messianic hope intermediary figures and visionary traditions of human transformation particularly in the Second Temple period and analyzes their significance for the origin and development of New Testament Christology He brings together five previously published essays on these themes these include two long chapters one on Jewish messianic and mediatorial traditions in relation to Pauline Christology the other on messianism and eschatology in early Judaism and Christianity plus one on messiah and Temple in Sibylline Oracles 3 5 Two further essays on the significance of Torah in the messianic age and on resurrection transformation and early Christology have been extensively revised There are also three substantial new chapters all of which engage closely with recent scholarly debate The first on the origin of Christology argues for the significance of Jewish visionary traditions of human transformation for understanding how high Christology came about at such an early stage within the New Testament The second discusses the complex questions of the definition scope and nature of Jewish messianism especially in relation to the Hebrew Bible and the more recently available Qumran evidence and their

significance for the New Testament The third is concerned with what Paul means by the law of Christ and the wider issues raised by this **The Apostolic Fathers and Paul** Todd D. Still, David E. Wilhite, 2016-12-01 Building on the work of

Tertullian and Paul this volume continues a series of specially commissioned studies by leading voices in New Testament Early Christianity and Patristics studies to consider how Paul was read interpreted and received by the Church Fathers In this volume the use of Paul's writings is examined within the work of the Apostolic Fathers Issue of influence reception theology and history are examined to show how Paul's work influenced the developing theology of the early Church The literary style of Paul's output is also examined The contributors to the volume represent leading lights in the study of the Apostolic Fathers as well as respected names from the field of New Testament studies [A Sort of Homecoming](#) Marcia

Boniferno, Amanda Jagt, Andrew Stephens-Rennie, 2020-08-04 We live in a culture of collective fear over climate change and mass migration and we experience increasing intense personal anxiety and despair How might the Bible's themes of homecoming and homemaking address our physical emotional and spiritual displacement This collection of essays honors the academic and community work of Brian J Walsh upon his retirement as Campus Minister at the University of Toronto Christian Reformed Campus Ministry The collection is a stunning mosaic at once academic and personal representing the many elements of Brian's life as pastor theologian professor farmer mentor and friend In an age when home feels physically and spiritually elusive for so many this volume reawakens our imaginations to the foundational biblical themes of homecoming and homemaking Academic pastoral personal and timely this volume honors Brian's career and equips readers to engage the fear and anxiety of our age with the hope of the gospel **Postmissionary Messianic Judaism** Mark S.

Kinzer, 2005-11-01 In recent years a new form of Messianic Judaism has emerged that has the potential to serve as a bridge between Jews and Christians Giving voice to this movement Mark Kinzer makes a case for nonsupersessionist Christianity He argues that the election of Israel is irrevocable that Messianic Jews should honor the covenantal obligations of Israel and that rabbinic Judaism should be viewed as a movement employed by God to preserve the distinctive calling of the Jewish people Though this book will be of interest to Jewish readers it is written primarily for Christians who recognize the need for a constructive relationship to the Jewish people that neither denies the role of Jesus the Messiah nor diminishes the importance of God's covenant with the Jews *Bonds of Imperfection* Oliver O'Donovan, Joan Lockwood O'Donovan, 2004 Two of today's

leading experts on the Christian political tradition plumb significant moments in premodern Christian political thought using them in original and adventurous ways to clarify criticize and redirect contemporary political perspectives and discussions Drawing on the Bible and the Western history of ideas Oliver and Joan Lockwood O'Donovan explore key Christian voices on the political political action political institutions and political society Covered here are Bonaventure Thomas Ockham Wycliff Erasmus Luther Grotius Barth Ramsey and key modern papal encyclicals The authors discussion takes them across a wide range of political concerns from economics and personal freedom to liberal democracy and the nature of statehood

Ultimately these insightful essays point to political judgment as the strength of the past theological tradition and its eclipse as the weakness of present political thought *Imperial Cult and Commerce in John's Apocalypse* J. Nelson

Kraybill,1996-01-01 Drawing evidence from ancient literature coins inscriptions and artwork Kraybill points to the penetration of the Roman imperial cult emperor worship into commercial settings as a primary concern of the Apocalypse By the time John was on Patmos people in Asia Minor could not buy or sell without giving idolatrous allegiance to Rome Imperial cult and commerce blended in guild halls the banking industry and the market place John calls readers to come out from pagan loyalties of Roman imperial society and give full allegiance to a New Jerusalem of justice and equality under the rule of Christ *Redemption and Resistance* Markus Bockmuehl,James Carleton Paget,2009-09-01

Redemption and Resistance brings together an eminent cast of contributors to provide a state of the art discussion of Messianism as a topic of political and religious commitment and controversy By surveying this motif over nearly a thousand years with the help of a focused historical and political searchlight this volume is sure to break fresh ground It will serve as an attractive contribution to the history of ancient Judaism and Christianity of the complex and often problematic relationship between them and of the conflicting loyalties their hopes for redemption created vis vis a public order that was at first pagan and later Christian Although each chapter is designed to stand on its own as an introduction to the topic at hand the overall argument unfolds a coherent history The first two parts on pre Christian Jewish and primitive Christian Messianism set the stage by identifying two entities that in Part III are then addressed in the development of their explicit relationship in a Graeco Roman world marked by violent persecution of Jewish and Christian hopes and loyalties The story is then explored beyond the Constantinian turn and its abortive reversal under Julian to the Christian Empire up to the rise of Islam [The Book of Revelation](#) Timothy Beal,2018-10-23 The life and times of the New Testament s most mystifying and incendiary book Few biblical books have been as revered and reviled as Revelation Many hail it as the pinnacle of prophetic vision the cornerstone of the biblical canon and for those with eyes to see the key to understanding the past present and future Others denounce it as the work of a disturbed individual whose horrific dreams of inhumane violence should never have been allowed into the Bible Timothy Beal provides a concise cultural history of Revelation and the apocalyptic imaginations it has fueled Taking readers from the book s composition amid the Christian persecutions of first century Rome to its enduring influence today in popular culture media and visual art Beal explores the often wildly contradictory lives of this sometimes horrifying sometimes inspiring biblical vision He shows how such figures as Augustine and Hildegard of Bingen made Revelation central to their own mystical worldviews and how thanks to the vivid works of art it inspired the book remained popular even as it was denounced by later church leaders such as Martin Luther Attributed to a mysterious prophet identified only as John Revelation speaks with a voice unlike any other in the Bible Beal demonstrates how the book is a multimedia constellation of stories and images that mutate and evolve as they take hold in new contexts and how Revelation is reinvented in the hearts

and minds of each new generation This succinct book traces how Revelation continues to inspire new diagrams of history new fantasies of rapture and new nightmares of being left behind Riches, Poverty, and the Faithful Mark D.

Mathews,2013-02-14 In the book of Revelation John appeals to the faithful to avoid the temptations of wealth which he connects with evil and disobedience within secular society New Testament scholars have traditionally viewed his somewhat radical stance as a reaction to the social injustices and idolatry of the imperial Roman cults of the day Mark D Mathews argues that John s rejection of affluence was instead shaped by ideas in the Jewish literature of the Second Temple period which associated the rich with the wicked and viewed the poor as the righteous Mathews explores how traditions preserved in the Epistle of Enoch and later Enochic texts played a formative role in shaping John s theological perspective This book will be of interest to those researching poverty and wealth in early Christian communities and the relationship between the traditions preserved in the Dead Sea Scrolls and New Testament **"Those Who Call Themselves Jews"** Philip L.

Mayo,2006-08-01 The nature of Jewish Christian relations at the end of the first century has been a subject of serious study and considerable debate The time between 70 and 150 CE is held to be a volatile time in that Jewish Christian relations were quickly although not uniformly deteriorating This is a time referred to as the partings of the ways when the church was emerging as a religion apart from Judaism Although it has often been neglected in this study of particular interest is the Apocalypse of John since it was written in this dark and turbulent time in Jewish Christian relations John who is a Jewish Christian is writing to what are likely predominantly Gentile churches At first he appears to deny the very name Jew to his ethnic kin while accusing them of belonging to Satan 2 9 3 9 Nevertheless he does not abandon his own Jewish background and theology He makes broad use of the Hebrew Scriptures and Jewish cultic imagery while maintaining a Christian understanding that Jesus is the fulfillment of God s redemptive plan What is of particular interest is how he adopts and adapts this imagery and language and applies it to the church It is John s mix of Jewish imagery with a Christian message that may provide some insight into his perspective on the relationship between these two increasingly polarized sects What exactly this perspective is constitutes the subject of the present discussion **The Lamb Christology of the Apocalypse**

of John Loren L. Johns,2014-11-10 Revision of the author s thesis Ph D Princeton Theological Seminary 1998 **A Guide to Biblical Commentaries and Reference Works** John F. Evans,2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author s names in bold The author keeps up on the publication of commentaries and intends to update this book every three to four years **The Ecology of the New Testament** Mark

Bredin,2012-01-05 Mark Bredin opens contemporary ecological concerns to the teachings of Jesus He shows how the New Testament gives us the moral bearings we need to respond to disturbing global trends such as the loss of biodiversity deforestation and the shortage of food and clean water **Speaking of God in an Inhumane World, Volume 1**

Christopher Rowland,2024-02-28 This two volume collection of essays on the Bible and social justice liberation theology and radical Christianity by Christopher Rowland addresses the question raised by Gustavo Gutierrez about how we can speak of God as a loving parent in a world that continues to be so inhumane These essays by an esteemed New Testament scholar represent intellectual interests of a lifetime as he integrated exegesis of the New Testament texts in their first century contexts and located their interpretations within the quests for meaning and significance that exist within contemporary society These essays represent mostly the latter concern exploring Christian Scripture which has informed the lives of men and women down the centuries as they interpret both contexts and in doing so make a significant contribution to contextual theology that should be heard by the inhabitants of both contexts The first volume of Speaking of God in an Inhumane World includes essays on liberation theology and radical Christianity the second volume focuses primarily on radical Christianity and includes reflections on Gerrard Winstanley William Blake William Stringfellow and others *Only the Third Heaven?*

Paula Gooder,2006-09-05 In Chapter 1 Paula Gooder discusses the problems of interpreting this text and looks at the major debates of its past interpreters The most popular modern approach is to compare it with other texts of ascent in the Judaeo Christian tradition yet even a brief examination of these texts indicate that differences are present In the remainder of the book Gooder evaluates the extent and significance of these differences Part One consists of a detailed consideration of a range of texts which superficially seem closest to 2 Corinthians 12 Chapter 2 presents a history of scholarship on heavenly ascent Chapters 3 to 8 each examine a text of ascent from a different period and background in the Judaeo Christian tradition Chapter 9 draws out the points of similarity between these texts Part Two considers the text of 2 Corinthians 12 1 10 in the light of the findings of Part One In the detailed examination of the Pauline ascent in chapter 10 the extent of the differences between this text and the texts examined in Part One becomes clear Chapter 11 proposes a new interpretation of the account of ascent arguing that it reports a failed ascent into heaven The chapter shows that this interpretation makes sense not only of 2 Corinthians 12 1 10 itself but also of chapters 10 13 which surround it The account is one more example of weakness from the apostle in which he proves that weakness not strength is the sign of a true apostle *The Open Mind* Kevin

Sullivan,Jonathan Knight,2015-02-26 This Festschrift draws on the research interests of Christopher Rowland The collection of essays comes from former doctoral students and other friends many of whom shed light on the angelic contribution to the thought world of developing Christianity The significance of the Jewish contribution to developing Christian ideology is critically assessed including the impact of the original Jewish sources on the earliest Christian belief The distinguished contributors to this volume include April DeConick Paul Foster John Rogerson Tobias Nicklas and Andrei Orlov
