Revelation in Its Original Meaning Lawrence R. Michaels, 2000-11-01 *The Book of Revelation* Leonard L. Thompson, 1997-02-13 About seventy years after the death of Jesus John of Patmos sent visionary messages to Christians in seven cities of western Asia Minor These messages would eventually become part of the New Testament canon as The Book of Revelation What was John's message What was its literary form Did he write to a persecuted minority or to Christians enjoying the social and material benefits of the Roman Empire In search of answers to these penetrating questions Thompson critically examines the language literature history and social setting of the Book of the Apocalypse Following a discussion of the importance of the genre apocalypse he closely analyzes the form and structure of the Revelation its narrative and metaphoric unity the world created through John's visions and the social conditions of the empire in which John wrote He offers an unprecedented interpretation of the role of boundaries in Revelation a reassessment of the reign of the Emperor Domitian and a view of tribulation that integrates the literary vision of Revelation with the reality of the lives of ordinary people in a Roman province Throughout his study Thompson argues that the language of Revelation joins the ordinary to the extra ordinary earth to heaven and local conditions to supra human processes **Introduction to Biblical Interpretation**

One Gospel Nathan N. Hoff, 2023-12-18 Is faith in Messiah necessary to the content of saving faith in the Old Testament as it is in the New While the dispensational tradition has been clear that salvation in every age includes a common object God a common basis Christ's death and a common requirement faith it has not always agreed on the content of saving faith across the testaments Written within the dispensational tradition One Gospel seeks to advance the discussion by looking at Paul's use of the Abraham story in Romans 4 This work contends there is continuity between the Old Testament and the New as

illustrated by Abraham and Paul The content of saving faith must always include faith in Messiah who in the progress of revelation is identified as Jesus Christ

interpretation and of Strauss's own mature thought. According to the scholarly consensus, Strauss traced the well-known contradictions in the Guide to the fundamental tension in Maimonides's mind between reason and revelation, going so far as to suggest that while the Jewish philosopher's overt position was religiously pious (i.e., on the side of Jerusalem), secretly he was on the side of reason or Athens. In Tepper's analysis, Strauss's judgments emerge as much more complex than this and also more open to revision. In his later writings, Tepper shows Strauss pointed to contradictions in Maimonides's thought not only between but also within both Jerusalem and Athens. Moreover, Strauss identified and identified himself with an esoteric Maimonidean teaching on progress: progress within the Bible, beyond the Bible, and even beyond the rabbinic sages. Politically, a conservative thinker, Strauss like Maimonides located man's deepest satisfaction in progressing in the discernment of the truth. In the fullness of his career, Strauss thus pointed to a third way beyond the modern alternatives of conservatism and progressivism.
