Revelation Third Song The Prophecy Chronicles Prophecy Chronicles:

Revelation Third Song Knight Star, 2001-08-26 Revelation Third Song is a provocative look at the book of Revelation from a sci fi fantasy point of view It is the vision of Knight Star and only one of many ways of looking at the prophecy In this story an angel that had been chosen to hold back Revelation must teach the universe to set aside prejudice and work together Also in this book is an example of Christianity unlike the world today This is the type of Christianity that was in the first century This is a kind that is accepting of everyone and set on fighting the army of Hell rather than glorifying the priests

Greene, 2025-07-15 Sloshed Hammered Doing carpet time Sipping godka Videos showing people falling down shaking and spontaneously laughing all in church If one has not grown up in the Charismatic or Pentecostal tradition the concept of being drunk in the Spirit likely seems baffling Yet in recent decades the idea of spiritual intoxication has gained traction What should we think about such odd looking manifestations Does the Bible speak of anything like this How should we discern such things In this book readers will find a sustained analysis of passages from the Bible dealing with these very topics Readers may be shocked at how trances ecstatic episodes and altered states of consciousness are indeed found within the pages of sacred Scripture some of them hidden in one's own cherished stories

Ancient Prophecy Martti Nissinen, 2017-11-28 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Ancient Prophecy Near Eastern Biblical and Greek Perspectives is the first monograph length comparative study on prophetic divination in ancient Near Eastern biblical and Greek sources Prophecy is one of the ways humans have believed to become conversant with what is believed to be superhuman knowledge The prophetic process of communication involves the prophet her/his audience and the deity from whom the message allegedly comes from Martti

Nissinen introduces a wealth of ancient sources documenting the prophetic phenomenon around the ancient Eastern Mediterranean whether cuneiform tablets from Mesopotamia the Hebrew Bible Greek inscriptions or ancient historians Nissinen provides an up to date presentation of textual sources the number of which has increased substantially in recent times In addition the study includes four analytical comparative chapters The first demonstrates the altered state of consciousness to be one of the central characteristics of the prophets public behavior The second discusses the prophets affiliation with temples which are the typical venues of the prophetic performance The third delves into the relationship between prophets and kings which can be both critical and supportive The fourth shows gender inclusiveness to be one of the peculiar features of the prophetic agency which could be executed by women men and genderless persons as well The ways prophetic divination manifests itself in ancient sources depend not only on the socio religious position of the prophets in a given society but also on the genre and purpose of the sources Nissinen contends that even though the view of the ancient prophetic landscape is restricted by the fragmentary and secondary nature of the sources it is possible to reconstruct essential features of prophetic divination at the socio religious roots of the Western civilization
