Generation Multiplex Timothy Shary, 2009-01-27 When teenagers began hanging out at the mall in the early 1980s the movies followed Multiplex theaters offered teens a wide array of perspectives on the coming of age experience as well as an escape into the alternative worlds of science fiction and horror Youth films remained a popular and profitable genre through the 1990s offering teens a place to reflect on their evolving identities from adolescence to adulthood while simultaneously shaping and maintaining those identities Drawing examples from hundreds of popular and lesser known youth themed films Timothy Shary here offers a comprehensive examination of the representation of teenagers in American cinema in the 1980s and 1990s He focuses on five subgenres school delinquency horror science and romance sexuality to explore how they represent teens and their concerns how these representations change over time and how youth movies both mirror and shape societal expectations and fears about teen identities and roles He concludes that while some teen films continue to exploit various notions of youth sexuality and violence most teen films of the past generation have shown an increasing diversity of adolescent experiences and have been sympathetic to the particular challenges that teens face

Screening #MeToo Lisa Funnell, Ralph Beliveau, 2022-04-01 Screening MeToo offers an important and timely discussion of the pervasive nature of rape culture in Hollywood Essays in the collection examine films released from the 1960s onward a broad period that coincides with the end of the Motion Picture Production Code in Hollywood which resulted in more frequent and increasingly graphic images of sex and violence being included in mainstream movies Focusing on narratives in which surveillance and sexual violence feature prominently contributors from North America and Europe

examine a variety of film genres including spy films teen comedies kitchen sink dramas coming of age stories rape revenge films and horror films Reflecting the increasing social and academic awareness of sexual violence in Hollywood film and its transmission and cultivation of rape culture in the United States and abroad they are concerned not only with the content of the films under scrutiny but also with the clear relationship between the stories how they are being told and the culture that produced them Screening MeToo challenges readers to look at mainstream Hollywood films differently in light of attitudes about art and power sexuality and consent and the pleasures and frustrations of criticizing entertainment films from these perspectives
