Impact on Environment and Sustainable Development in Africa Michael B.K. Darkoh, 2018-12-20 This title was first published in 2003 Based on a blend of knowledge and perspectives from a variety of disciplines this volume examines the human environment interaction in Africa with a focus on the economic social and political processes that generate environmental change and problems in this region Currently there are controversies over and challenges to such concepts and issues as environment human relationships ecological resilience decertification sustainable development globalization and North South dialogue This book draws upon past and present research findings to discuss these issues It features an examination of the characteristics processes and patterns of environmental crises an analysis of the principal issues and challenges facing policy makers and implementers and the promotion of awareness of theoretical empirical and comparative research The volume not only seeks to answer some of the old questions but also open up new ones for further discussion

Globalization and Autocentricity in Africa's Development in the 21st Century Kidane Mengisteab, 1996 African economies are the most dependent and the most marginalised in the global system Prevailing policies to integrate these economies more closely with the global economy are in the view of many misplaced and this work presents a series of alternative strategies that will tap the energies of the African people to develop their own potential and reduce their dependence on World Bank IMF led approaches *Resources in Education*, 1985 **Reverse in Ministry and Missions: Africans in the Dark**

Continent of Europe Israel Olofinjana, 2010-05-21 There has been a recent shift in global Christianity from North to South

Christianity particularly Pentecostalism is growing day by day in the continents of Africa Latin America and Asia whereas it is declining in the Western world Africans are now bringing the Gospel back to Europe and other parts of the world This reverse in missions has been a recent phenomenon and is the subject of this book This book documents the history and contributions of European missions in Africa It then chronicles the history and development of African Churches in Europe focussing on the UK It is passionately articulated that these Churches are certainly contributing positively to global and local Christianity The historical development of Kingsway International Christian Centre KICC is documented to illustrate the impact African Churches are making in Europe It is a book that is valuable to people interested in African Churches in the UK The presence of so many vigorous and committed black churches is one of the bright spots on the horizon of churches in the UK This work is a pioneering contribution to understanding where these churches are coming from how they understand their mission in and to the UK and how they are likely to shape the future of Christianity in these islands It is very welcome Dr Nigel Wright Principal of Spurgeon s College London Rev Israel has produced a winning combination of research history and practical theology with this wonderful piece I believe it is essential reading for every leader who is serious about contemporary cross cultural ministry and mission in 21st century Britain Dr Jonathan Oloyede Convener Global Day of Prayer London

Integrating Indigenous and Scientific Knowledge for Sustainable Food Systems in Africa Saa Dittoh, Anna Bon, Hans Akkermans, 2025-04-25 This open access book presents a novel approach to food security research SDG 2 Zero Hunger by integrating indigenous and scientific knowledge Through extensive field based research in Burkina Faso Ghana Kenya Mali and South Africa it explores the impact of merging traditional practices and local knowledge with scientific methods Through field studies the book shows the value of local knowledge and community led innovations in combating hunger achieving food security and enhancing nutrition sustainably and food sovereignty Drawing on decades of research in rural Africa the authors introduce the Plug In Principle a theory for integrating indigenous and modern knowledge systems to foster sustainable agricultural practices and enriched food ecosystems in Africa The Plug In Principle advocates that advancements in science and technology should enhance rather than replace existing indigenous knowledge This principle emerged from the failures of many development interventions where attempts at replacement often led to challenges and failures In agriculture for instance interventions in mechanization soil amendments seed and breed improvements and extension services have seldom succeeded due to a lack of integration with existing practices The Plug In Principle emphasizes that effective knowledge integration hinges on a deep understanding and appreciation of prevailing systems By designing interventions that seamlessly plug in to existing technologies we can ensure the co creation of effective solutions to the challenges we face This book is a testament to the potential of collaborative innovation in fostering sustainable development Development workers policymakers researchers students and donor agencies in agriculture and other development areas will find this volume invaluable Additionally scholars focused on decolonization and indigenous
